MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

BASIS FOR DISCLAIMER OF OPINION

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Ascensus Trust Company and American National Insurance Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule of accounts (held at end of year). We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of December 31, 2015, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustees is complete and accurate.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Colorado Premium Foods 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2008, and amended March 15, 2015. The Plan is available to employees age 21 years or older who have completed 30 days of service, unless they are a non-resident alien and received no earned income from within the United States. Plan entry is the first day of each month coinciding with or after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The shareholders of Colorado Premium Foods (the "Company") administer the Plan. American National Insurance Company ("American National") served as trustee, managed Plan assets, and maintained the Plan's records through March 13, 2015, while Ascensus Trust Company ("Ascensus") serves as trustee from March 14, 2015 to present. Ascensus offers Plan participants a variety of investment options through various mutual funds. Individual accounts are invested in the various investment options at the direction of the participants.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted the United States of America ("GAAP").

Contributions

Participants may make before-tax and after-tax contributions up to 100% of their annual eligible compensation, not to exceed limits established by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Company makes a Safe Harbor matching contribution of 100% of elective deferrals up to 3% of eligible compensation, plus 50% of elective deferrals that exceed 3% of eligible compensation but not to exceed 5% of compensation. These are fully vested when contributed. For the year ended December 31, 2015, the Plan has estimated and recorded a receivable for the matching contribution in the amount of $281,044 and will fund this to the Plan by the end of 2016.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting

Participants are immediately 100% vested in their voluntary contributions, allocated earnings or losses thereon, and any qualified employer matching contributions.

Any employer matching contributions not fully vested in the Plan when contributed, non-elective profit sharing contributions (including forfeitures), and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Participant Loans Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 3.25% to 4.75%. Interest rates for loans granted under American National were commensurate with local prevailing rates at loan origination or determined by the Plan administrator. Interest rates for loans granted under Ascensus were computed using the prime rate as specified in *The Wall Street Journal* at loan origination. Loans mature at various dates through January 2020. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount only equal to the value of the participant's vested account balance or annual installments over a period as defined by the Plan. Upon termination of employment, participants with balances less than $1,000 will receive the value of the vested account balance as a lump-sum distribution. Accounts with balances greater than $1,000 are not required to take a distribution from the Plan until the required distribution rules apply. However, the Plan may choose to immediately distribute a participant's balance if they have separated from service and reached age 65. Benefits are recorded when paid.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures from employer profit sharing contributions can be used to reduce employer contributions. The balance of this account at December 31, 2015 and 2014 was $37 and $74, respectively, and $37 of forfeitures were used during 2015.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustees. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investments in mutual funds and money market funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The amendment applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) practical expedient. The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application is permitted. Entities should apply the amendments in this update retrospectively to all periods presented. As the Plan has historically measured certain assets using the NAV practical expedient, upon adoption of ASU No. 2015-07, the fair value of these Plan assets will be removed from the fair value hierarchy in all periods presented in the Plan's financial statements. The Plan will continue to disclose information on these investments for which fair value is measured at NAV as a practical expedient.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962),* and *Health and Welfare Benefit Plans (Topic 965): Part I - Fully Benefit-Responsive Investment Contracts, Part II - Plan Investment Disclosures, Part III - Measurement Date Practical Expedient.* The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. A plan will continue to provide disclosures that help users understand the nature and risks of fully benefit-responsive investment contracts. Part II eliminates the current GAAP requirements for plans to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation for investments by general type for both participant-directed investments and non-participant-directed investments. The net appreciation or depreciation in investments for the period is still required to be presented in the aggregate but would no longer be required to be disaggregated and disclosed by general type. Part II also requires that investments (both participant-directed and non-participant-directed) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Recent Accounting Pronouncements (continued)

Currently under Accounting Standards Codification ("ASC") Topic 820, classes of assets are grouped and disclosed on the basis of nature, characteristics, and risks; under FASB ASC Topics 960, 962, and 965, classes of assets are grouped and disclosed on the basis of general type. In addition, if an investment is measured using the NAV per share (or its equivalent) practical expedient in FASB ASC Topic 820, and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy would no longer be required. The amendments in Part II should be applied retrospectively for all financial statements presented. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts (for example, a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end when the fiscal period does not coincide with a month-end.

The Plan elected to early adopt FASB issued ASU No. 2015-07, and all three parts of FASB issued ASU No. 2015-12 for the year ended December 31, 2015 and adjusted the financial statement disclosures for all periods presented. The adoption of these new accounting pronouncements did not have a material impact on the Plan's financial statements.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available for issuance.

Evidence of certain operational errors involving the Plan were identified during the 2015 audit of the Plan's records. The Company is working with ERISA counsel and Ascensus to confirm the extent of any such errors and to correct any such errors in compliance with the IRS Employee Plans Compliance Resolution System. The Company intends that the correction of the 2015 errors will be completed by the end of 2016. The impact of the errors are not expected to be material to the financial statements.

Note 2 - Assets Certified by the Trustees

Ascensus has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortized cost as of December 31, 2015 and the income earned or losses incurred on their assets for the period from March 14, 2015 to December 31, 2015, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate. American National has certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2014 and the income earned and losses incurred on the investments for the period from January 1, 2015 through March 13, 2015, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

Note 2 - Assets Certified by the Trustees (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustees, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

The fair value of investments greater than 10% of total investments are as follows:

	December 31,			
	2015		2014	
AllianceBernstein Large-Cap Growth K Fund	$ 324,957	*	$ -	
AllianceBernstein Multi-Manager Select 2025 K Fund	$ 245,020	*	$ -	
AllianceBernstein Multi-Manager Select 2035 K Fund	$ 208,452	*	$ -	
Fidelity Money Market	$ -		$ 379,664	*

* Indicates investments greater than 10% of total investments in the respective period.

Note 3 - Fair Value Accounting

GAAP requires disclosure about how fair value is determined and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 3 - Fair Value Accounting (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis as of December 31, 2015 and 2014.

Assets at fair value as of December 31, 2015 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,059,045	$ -	$ -	$ 2,059,045

Assets at fair value as of December 31, 2014 are as follows:

Description	Level 1	Level 2	Level 3	Total
Money market fund	$ 379,664	$ -	$ -	$ 379,664

All other investments as of December 31, 2014 were held in pooled separate accounts measured at NAV. Per ASU No. 2015-07, these types of investments are no longer included in the fair value hierarchy.

There were no changes to the valuation techniques used during the years ended December 31, 2015 and 2014 or transfers between fair value hierarchy levels.

Note 4 - Income Taxes

The Plan did not obtain a Plan-specific determination letter as it operates with the trustee's determination letter date March 31, 2014, which was issued on the basic Plan document. The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

The Plan provides for loans to participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions and receivables for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2015 due to the accrual of employer and employee contributions paid to the Plan subsequent to year-end.
