The Plan Administrator
UBG 401(k) Plan - First Cooperative Association at Cherokee
Cherokee, Iowa

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of UBG 401(k) Plan - First Cooperative Association at Cherokee (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

1911 Excel Dr. | Mankato, MN 56001-6281 | T 507.387.6031 | F 507.387.6436 | EOE

Emphasis of Matter – Basis of Accounting
As discussed in Note 2 to the financial statements, the Plan changed its basis of accounting from the modified cash basis of accounting to the accrual basis of accounting as of December 31, 2015 and 2014 and for the year ended December 31, 2015. Our disclaimer of opinion is not modified with respect to this matter.

Emphasis of Matter – Recent Accounting Guidance
As discussed in Note 2 to the financial statements, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, the Plan adopted the new accounting guidance in Accounting Standards Update 2015-12 "Plan Accounting: (Topics 962 and 965) - (Part I): Fully Benefit-Responsive Investment Contracts" to record the fully benefit-responsive investment contract at contract value and remove the adjustment to fair value in the statements of net assets available for benefits. Further, the Plan adopted the new accounting guidance in Accounting Standards Update 2015-12 "Plan Accounting (Topics 960, 962 and 965) – (Part II): Plan Investment Disclosures" to simplify the investment disclosure requirements. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter – Supplementary Information
The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2014 Financial Statements
The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the predecessor auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by Wells Fargo Bank, N.A., the trustee of the Plan. Their report, dated September 15, 2015 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and regulations for Reporting and Disclosure under ERISA.

As discussed in Note 2 to the financial statements, the Plan has adjusted its 2014 financial statements to retrospectively apply the change in the basis of accounting and change in recent accounting guidance to record the fully benefit-responsive investment contract at contract value and remove the adjustment to fair value in the statements of net assets available for benefits and simplify the investment disclosures. The other auditors reported on the financial statements before the retrospective adjustment.

As part of our audit of the 2015 financial statements, we also audited the adjustments to the 2014 financial statements to retrospectively apply the change in basis of accounting and change in recent accounting guidance as described in Note 2. In our opinion, such adjustments are appropriate and have been properly applied. We were not engaged to audit, review, or apply any procedures to the Plan's 2014 financial statements other than with respect to the adjustments and, accordingly, we do not express an opinion or any other form of assurance on the 2014 financial statements as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Eide Bailly LLP.

Note 1 - Description of Plan

The following brief description of the UBG 401(k) Plan - First Cooperative Association at Cherokee (Plan), (formerly – The Restated Thrift/Profit Sharing Plan for Cooperatives, Administered by Associated Benefits Corporation (Participating Employer – First Cooperative Association, Group 237)) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of First Cooperative Association (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate immediately upon commencing employment with the Company, unless they are collective bargaining (union) employees, leased or reclassified employees, or part-time/temporary/seasonal employees whose regularly scheduled service is less than 1,000 hours per year.

Entry Date

Employees may enter the Plan on the first day of the Plan month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 80% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate contributions as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Amounts may be contributed at the discretion of the Company's board of directors. No such discretionary contributions were made for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as an allocation of the Company's discretionary contributions and Plan earnings (losses). Participant accounts are charged with payments of benefits and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions and employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the Wall Street Journal Prime rate +1%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the note may be 15 years. A participant may have no more than three (two general and one home) outstanding notes at any one time.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or installments as defined in the Plan Document upon retirement, termination, death or disability. A terminated employee with a balance of less than $5,000 may be automatically paid out by the Plan upon termination if their balance is rolled into a qualified Individual Retirement Account.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. In 2015, the Plan changed its basis of accounting from the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, to the accrual basis of accounting. Accordingly, the change in basis of accounting has been retrospectively applied to prior periods presented, as required. There was no changes to the previously presented statement of net assets available for benefits as of December 31, 2014 as a result of the change to the accrual basis of accounting.

Investments held by a defined contributions plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Recent Accounting Guidance

Due to a clarification in application of Topic 946 to employee benefit plan accounting, contract value of indirect investments in fully benefit-responsive contracts is understood to be fair value. Therefore, the adjustment from fair value to contract value has been removed from the previously presented December 31, 2014 Statement of Net Assets Available for Benefits.

The Plan adopted the provisions of Accounting Standards Update (ASU) 2015-12 (Part I), "Plan Accounting (Topics 962 and 965): Fully Benefit-Responsive Investment Contracts" and (Part II): "Plan Investment Disclosures". This ASU designates contract value as the only required measure for fully benefit-responsive investment contracts and removes the adjustment to reconcile contract value to fair value in the statement of net assets available for benefits, plus simplifying the investment disclosure requirements. The Plan has adopted this standard as Plan management believes this presentation is more relevant to the users of the financial statements. Accordingly, the accounting change has been retrospectively applied to the prior period presented, as required.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 3 and 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses, net of revenue sharing, incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses, net of revenue sharing, are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015.

Mutual funds: Valued at fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

Common collective funds: Valued at NAV which is provided by the trustee and is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the observable market prices of the underlying assets held by the fund less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	2015			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 5,204,693	$ -	$ -	$ 5,204,693
Common collective funds	-	2,739,916	-	2,739,916
Total assets at fair value	$ 5,204,693	$ 2,739,916	$ -	$ 7,944,609

The following table sets forth the disclosure for the fair value measurement of investments in certain entities that calculate NAV per share as of December 31, 2015:

	Fair Value December 31, 2015	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective fund				
Stable value	$ 2,739,916	$ -	Daily	Daily

Withdrawals from the stable value fund for benefit payments and participant transfers to noncompeting options to be paid to Plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the trustee's approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a 12-month (one year) advance written notice. The trustee may choose to disburse withdrawals in less than the required one year period if, in the trustee's discretion, it determines that such a disbursement is in the best interest of the fund as a whole.

Note 4 - Investments in the Thrift and Profit Sharing Trust for Cooperatives

As of December 31, 2014, Wells Fargo Bank, N.A., managed the Trust on behalf of the Thrift/Profit Sharing Plan under the terms of the trust agreement between Wells Fargo Bank, N.A. and the Thrift/Profit Sharing Plan. The Plan is a participant in the Trust. The authority to invest is vested in the Trustee, subject to the funding policy and investment objectives established by the Plan Administrator. The investments and changes therein of the Trust have been reported to the Thrift/Profit Sharing Plan by the Trustee. Since the Plan's funds are commingled with funds from other plans participating in the Trust, the investments reported in these financial statements reflect only the Plan's allocable portion of the individual investments. The Plan participates in the investment activity of the Trust based on a weighted average of invested Plan assets to the total assets of the Trust on a daily basis. Common stock consists of certain investments which have been allowed to be rolled into the Trust without allocation to the Plan's investment options. Participation in these common stocks is based on the specific investments attributable to the Plan of which the participant is a member.

The net assets and investments of the Trust at December 31, 2014, are summarized as follows:

Investments at fair value as determined by quoted price:	
Mutual funds	$ 231,510,463
Common stock	29,259
	231,539,722
Investments at estimated fair value:	
Common collective trust funds	171,200,129
Commingled domestic equity fund	78,443,030
	249,643,159
Investment at contract value:	
General fund	174,533,863
Total investments	655,716,744
Notes receivable from participants	16,256,166
Net assets available for benefits	$ 671,972,910
Plan's allocable portion of The Thrift and Profit Sharing Trust for Cooperatives	$ 8,574,037

The following table sets forth the Plan's percentage interest in each asset type within the Trust as of December 31, 2014:

Mutual Funds	0.3%
Common Collective Trust Funds	0.6%
Commingled domestic equity fund	0.1%
Common stock	0.0%
General fund	0.2%
Notes receivable from participants	0.1%
Total	1.3%

Investments at Fair Value

Mutual funds: Valued at quoted market prices that represent the net asset value of shares held at plan year-end.

Common collective trust and commingled domestic equity funds: Valued based upon the redemption price of units held by the Plan, which is based on the current fair value of the funds' underlying assets. Unit values are determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

Common stock: Valued at the last reported closing price of the securities traded on national or international exchanges.

The following table sets forth by level within the fair value hierarchy (described in Note 3) a summary of the Trust's investments measured at fair value on a recurring basis at December 31, 2014.

	2014			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 231,510,463	$ -	$ -	$ 231,510,463
Common collective trust funds	-	171,200,129	-	171,200,129
Commingled domestic equity fund	-	78,443,030	-	78,443,030
Common stock	29,259	-	-	29,259
Total assets at fair value	$ 231,539,722	$ 249,643,159	$ -	$ 481,182,881

Investments at contract value

General Fund - The general fund primarily invests in traditional guaranteed investment contracts (GICs) and security backed contracts issued by insurance companies and other financial institutions.

Traditional GICs are backed by the general account of the contract issuer. The general fund deposits a lump sum with the issuer and receives a guaranteed interest rate for a specified period. Interest is accrued on either a simple or fully compounded basis, and is paid either periodically or at the end of the contract term. The issuer guarantees that all qualified participant withdrawals will be at contract value (principal plus accrued interest).

A security backed contract is an investment contract issued by an insurance company or other financial institution, backed by a portfolio of investments that are owned by the general fund. Security-backed contracts are considered either "targeted benchmark" (underlying investments are managed to a specific benchmark) or "targeted duration" (underlying investments are managed to a specific duration). The portfolio underlying the contract is maintained separately from the contract issuer's general assets, usually by a third party custodian. The interest crediting rate of a security-backed contract is based on the contract value, and the fair value, duration, and yield to maturity of the underlying portfolio. These contracts typically allow for realized and unrealized gains and losses on the underlying assets to be amortized, usually over the duration of the underlying investments, through adjustments to the future interest crediting rate, rather than reflected immediately in the net assets of the general fund. The issuer guarantees that all qualified participant withdrawals will be at contract value.

Risks arise when entering into any investment contract due to the potential inability of the issuer to meet the terms of the contract. In addition, security backed contracts have the risk of default or the lack of liquidity of the underlying portfolio assets.

The primary variables impacting the future crediting rates of security backed contracts include:

- The current yield of the assets underlying the contract
- The duration of the assets underlying the contract
- The existing difference between the fair value and contract value of the assets within the contract.

GICs provide a fixed rate of interest over the term to maturity of the contract, and therefore do not experience fluctuating crediting rates. The security backed contracts are designed to reset their respective crediting rates on a quarterly basis. GIC crediting rates are not reset. Security backed contracts cannot credit an interest rate that is less than 0%.

The crediting rate of security backed contracts will track current market yields on a trailing basis. The rate reset allows the contract value to converge with the fair value of the underlying portfolio over time, assuming the portfolio continues to earn the current yield for a period of time equal to the current portfolio duration.

To the extent that the underlying portfolio of a security backed contract has unrealized and/or realized losses, a positive adjustment is made to the adjustment from fair value to contract value under contract value accounting. As a result, the future crediting rate may be lower over time than the then current market rates. Similarly, if the underlying portfolio generates unrealized and/or realized gains, a negative adjustment is made to the adjustment from fair value to contract value, and the future crediting rate may be higher than the then current market rates.

Limitations on the Ability of the GIC to Transact at Contract Value—GICs and security backed contracts generally provide for withdrawals associated with certain events which are not in the ordinary course of the general fund operations. These withdrawals are paid with a market value adjustment applied to the withdrawal as defined in the investment contract. Each contract issuer specifies the events which may trigger a market value adjustment; however, such events may include all or a portion of the following:

- Material amendments to the general fund's structure or administration;
- Changes to the participating plans' competing investment options including the elimination of equity wash provisions;
- Complete or partial termination of the general fund, including a merger with another fund;
- The failure of the general fund to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;

- The redemption of all or a portion of the interests in the general fund held by a participating plan at the direction of the participating plan sponsor, including withdrawals due to the removal of a specifically identifiable group of employees from coverage under the participating plan (such as a group layoff or early retirement incentive program), the closing or sale of a subsidiary, employing unit, or affiliate, the bankruptcy or insolvency of a plan sponsor, the merger of the plan with another plan, or the plan sponsor's establishment of another tax qualified defined contribution plan;

- Any change in law, regulation, ruling, administrative or judicial position, or accounting requirement, applicable to the general fund or participating plans;

- The delivery of any communication to plan participants designed to influence a participant not to invest in the general fund.

GICs generally do not permit issuers to terminate the agreement prior to the scheduled maturity date. Security backed contracts generally are evergreen contracts that contain termination provisions, allowing the general fund or the contract issuer to terminate with notice, at any time at fair value, and providing for automatic termination of the contract if the contract value or the fair value of the underlying portfolio equals zero. The issuer is obligated to pay the excess contract value when the fair value of the underlying portfolio equals zero.

In addition, if the general fund defaults in its obligations under the security-backed contract (including the issuer's determination that the agreement constitutes a non-exempt prohibited transaction as defined under ERISA), and such default is not corrected within the time permitted by the contract, then the contract may be terminated by the issuer and the general fund will receive the fair value as of the date of termination.

Note 5 - Information Certified by the Plan Trustees

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by Reliance Trust Company and Wells Fargo Bank, N.A.

Reliance Trust Company has certified its statement of accounts as of December 31, 2015 and for the period February 2, 2015 to December 31, 2015. The statement of accounts includes ending balances of investments held and detail of all transactions during the period February 2, 2015 to December 31, 2015, including investment earnings. The notes receivable from participants and related interest income were not included in the certification.

The plan's investments were held at Wells Fargo Bank, N.A. as of December 31, 2014. Wells Fargo Bank, N.A. certified the balances of investment held as of December 31, 2014. The notes receivable from participants was not included in the certification.

Note 6 - Tax Status

During 2015, the Plan adopted a pre-approved plan document sponsored by Alliance Benefit Group North Central States Inc., which received an advisory letter from the Internal Revenue Service (IRS), dated September 30, 2014, stating that the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the advisory letter; however the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 7 - Related Party and Party-in-Interest Transactions

Certain funds at December 31, 2015 were the general fund managed by Wells Fargo Bank, N.A., a trustee as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Plan Amendments

During 2015, The Plan Document was restated in its entirety to comply with tax law changes, changed trustees from Wells Fargo Bank, N.A. to Reliance Trust Company, renamed the Plan from the Restated Thrift/Profit Sharing Plan for Cooperatives to UBG 401(k) Plan – First Cooperative Association at Cherokee, and was amended to allow for in-plan Roth transfers of the vested portion of any account.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statement at December 31, 2015 and 2014 to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 8,025,543	$ 8,574,037
Adjustment from contract value to fair value for fully benefit-responsive investment contract	-	50,763
Net assets per the Form 5500	$ 8,025,543	$ 8,624,800

The following is a reconciliation of investment income per the financial statements for the year ended December 31, 2015 to Form 5500:

	Amount
Investment income per financial statements	$ (52,676)
Adjustment from contract value to fair value as of December 31, 2014	(50,763)
Earnings on investments per the Form 5500	$ (103,439)

Note 11 - Subsequent Events

Effective January 1, 2016, Reliance Trust Company was replaced by Fidelity Personal Trust Company, FSB as trustee of the Plan.

Effective July 1, 2016, the Company merged with Farmers Cooperative Elevator Company – Kingsley. The Restated Thrift/Profit Sharing Plan for Cooperatives (Farmers Cooperative Elevator Company – Kinglsey) was merged into the Plan.

Effective September 1, 2016, the Company merged with Farmers Cooperative Company – Paullina. The Restated Thrift/Profit Sharing Plan for Cooperatives (Farmers Cooperative Company – Paullina) was merged into the Plan.

The Plan sponsor has evaluated subsequent events through October 12, 2016, the date which the financial statements were available to be issued.
