MULTIPLE EMPLOYER PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

NOTE 1 - Description of Plan

The following summary description of the BCN Administrative Services Multiple Employer Plan (the "Plan") provides only general information. Participants should refer to the summary plan description and the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of BCN Administrative Services (the "Company") who are 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). BCN Administrative Services, Inc. is a Professional Employer Organization ("PEO") with multiple clients. The Trustee is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Trustee.

Contributions - Participants may contribute a portion of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching or profit sharing contributions at the election of each participating employer. Contributions are subject to limitations provided by the Internal Revenue Code ("IRC").

Participant accounts - Each participant's account is credited with the participant's contributions and Company's matching contributions as well as allocations of the Company's non-elective matching contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Employer contributions vest after varying years of service determined by the applicable client.

Notes receivable from participants - Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years or longer if used for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid, not less than quarterly, through payroll deductions.

MULTIPLE EMPLOYER PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

NOTE 1 - Description of Plan - (Continued)

Payments of benefits - Upon termination of service or normal retirement age, a participant may elect to receive payments in accordance with provision of the Plan.

Forfeited accounts - At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$64,976 and \$61,153, respectively. The balance at December 31, 2015, will be used to reduce future participating employer contributions. For the year ended December 31, 2015, employer contributions were reduced by \$680 from forfeited nonvested accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Payment of benefits - Benefits are recorded when paid.

MULTIPLE EMPLOYER PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014**

NOTE 2 - Summary of Significant Accounting Policies - (Continued)

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 and 2014 excess contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses recorded include plan asset management fees and plan administrative expenses.

New accounting pronouncements - In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using the fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

Reclassifications - Certain reclassifications were made to the 2014 financial statements to conform to the 2015 presentation.

Subsequent events - The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

NOTE 3 - Summary of Information Certified by the Custodians (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of assets available for benefits as of December 31, 2015 and 2014, as well as the investment information included in the statement of changes in net assets available for benefits, and the accompanying December 31, 2015 supplemental schedule of assets held at end of year. The Plan's independent certified public accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 - Fair Value Measurements - (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Transfers Between Levels:

For the years ended December 31, 2015 and 2014 there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 5 - Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to amend, modify, terminate, or partially terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions and the net assets would be distributed to the participants according to the participant's account balances.

NOTE 6 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, is qualified for Federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and state authorities. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are not uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - Transfer of Net Assets to (From) the Plan

As the Company adds new or deletes clients, the new client's employees can transfer prior 401(k) plan balances into the Plan or the former client's employees can transfer 401(k) Plan balances from the Plan.

During the year ended December 31, 2015, net assets of \$1,112,916 from former clients were transferred out of the Plan.

During the year ended December 31, 2015, net assets of \$589,513 from new clients were transferred into the Plan.

NOTE 8 - Risks and Uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and amounts reported in the statements of net assets available for benefits.
