INDEPENDENT AUDITORS' REPORT

October 14, 2016

The Administrative Committee
Southeastern Printing Company, Inc.
401(k) Retirement Plan
3601 S.E. Dixie Highway
Stuart, Florida 34997

We have audited the accompanying financial statements of **Southeastern Printing Company, Inc. 401(k) Retirement Plan** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on auditor judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The December 31, 2015 supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the 2015 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SOUTHEASTERN PRINTING COMPANY, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of ***Southeastern Printing Company, Inc. 401(k) Retirement Plan*** (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

Southeastern Printing Company, Inc. 401(k) Retirement Plan (the “Plan”) was originally established effective January 1, 1997 by Southeastern Printing Company, Inc. The Plan was amended and restated with an effective date of April 1, 2002. The Plan was amended and restated again with an effective date of May 30, 2012, to adopt multiple employer plan provisions, to change the service eligibility to a period of 90 days, and to add Core Label LLC as a participating employer. On January 1, 2015, the Plan was restated to come into compliance with the Pension Protection Act and other regulatory and legislative changes. The Plan is considered a multiple employer plan for the benefit of employees of the following companies within a controlled group: Southeastern Printing Company Inc., SEP Communications LLC, Inc., Blue Water Editions, Core Label LLC, and Southeastern Flexo (the “Company” or “Employer”); Core Label LLC and Southeastern Flexo were sold to Fort Dearborn Company in July 2015, at which time, Fort Dearborn Company became a participating employer. The Plan qualifies as a profit sharing plan permitting discretionary employer contributions, but not requiring that such contributions be made from employer profits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and Sections 401(a), 401(k) and 501(a) of the Internal Revenue Code. The Plan is a defined contribution plan covering all employees who have completed 90 days of service and are at least 21 years of age.

Contributions

Plan participants may elect participation in the Plan on a quarterly basis and each year contribute up to the maximum amount allowed by law of pretax annual compensation, as defined in the Plan agreement, as permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may also make a rollover transfer to the Plan from a 401(k) qualified retirement plan which may include after tax amounts, a 403(b) tax-deferred annuity, a governmental 457(b) deferred compensation plan, and/or taxable IRA. The Company may make matching or profit sharing contributions to the Plan, at its discretion, at an amount equal to a percentage of the participants’ eligible compensation. No such contributions were made in 2015 or 2014. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers twenty-four mutual funds and a common collective trust as investment options for participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

SOUTHEASTERN PRINTING COMPANY, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Contributions received from participants for 2015 and 2014 are net of payments of \$13,529 and \$32,254, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan reimbursed these excess deferral contributions to the participants in 2016 and 2015, respectively. These amounts are recognized in the Plan's statements of net assets available for benefits as "excess contributions payable."

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary match and profit sharing contributions (when made) and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Participants who initiate a loan or benefit payment are charged a fee for that transaction. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) voluntary contributions, including rollovers, plus their actual earnings thereon. Vesting in the Company match and profit sharing contributions is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 4.25%, which are commensurate with local prevailing rates at the time the notes are issued, as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. Participants with vested benefits less than \$5,000 (i.e., small accounts) are required by the Employer to be removed from the Plan and a lump sum payment is processed as soon as administratively feasible. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also permits withdrawals of active participants' elective contributions and rollover contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Forfeited Accounts

Forfeited nonvested accounts are first allocated to Plan expenses and then used to reduce future employer cash contributions. Plan expenses were reduced by \$0 and \$733 from forfeited nonvested accounts during in 2015 and 2014, respectively. At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$0.

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, accounting and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan fees and fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 2 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in aggregate fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds and the common collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as an addition to net depreciation or a reduction of net appreciation in the fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

NOTES TO FINANCIAL STATEMENTS

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain amounts as reported in the 2014 financial statements have been reclassified to conform with the 2015 presentation.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. This ASU removes the requirement to make certain disclosures as well as categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") as a practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management has elected to adopt the ASU for the year ended December 31, 2015. Other than the change to disclosures, the adoption of this standard did not have a material impact on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part I also clarifies the definition of a fully benefit-responsive investment contract. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has elected to adopt Parts I and II early and, other than the change to disclosures and treatment of the Plan's common collective trust as no longer being considered a fully benefit-responsive investment contract, the early adoption of this standard did not have a material impact on the financial statements.

NOTES TO FINANCIAL STATEMENTS

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2015, the most recent statement of net assets available for benefits presented herein, through October 14, 2016, the date these financial statements were available to be issued. No significant such events or transactions were identified, other than the matters disclosed in Note 8.

2. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

SOUTHEASTERN PRINTING COMPANY, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Stable value common collective trust: The stable value fund is composed primarily of fully benefit-responsive investment contracts, is valued at the NAV of units of the collective trust, is classified as “other” and is not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12 month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2015	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 4,174,137	\$ -	\$ -	\$ -	\$ 4,174,137
Common collective trust	-	-	-	206,672	206,672
Total investments at fair value	<u>\$ 4,174,137</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 206,672</u>	<u>\$ 4,380,809</u>

2014	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 4,308,176	\$ -	\$ -	\$ -	\$ 4,308,176
Common collective trust	-	-	-	178,808	178,808
Total investments at fair value	<u>\$ 4,308,176</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 178,808</u>	<u>\$ 4,486,984</u>

(1) Certain investments are measured at NAV per share (or its equivalent) on a non-active market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Reliance Trust Company
Stable Value Fund

Collective Investment Trust \$ 178,808 \$ - Daily Daily

3. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Investments is the custodian as defined by the Plan and Daily Access Corporation acts as the Plan's asset manager, consultant, record keeper, and assists with Plan administration and, therefore, transactions with these service providers qualify as party-in-interest. Administrative fees paid by the Plan to these parties totaled \$47,477 and \$40,417 for 2015 and 2014, respectively.

4. TAX STATUS

The Company's Board of Directors adopted the Daily Access Volume Submitter Profit Sharing Plan with CODA plan document. The Plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

6. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and a common collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits reported in these financial statements to the amounts reported on Schedule H of Form 5500 at December 31:

	2015	2014
Net assets available for benefits reported in these financial statements	\$ 4,492,222	\$ 4,582,101
Excess contributions payable	<u>13,529</u>	<u>32,254</u>
Net assets available for benefits reported on Schedule H of Form 5500	<u>\$ 4,505,751</u>	<u>\$ 4,614,335</u>

The following is a reconciliation of the net (decrease) increase in net assets available for benefits per the financial statements to the amounts reported on Schedule H of Form 5500 for the years ended December 31:

	2015	2014
Net (decrease) increase in net assets available for benefits reported in these financial statements	\$ (89,879)	\$ 298,726
Add: Excess contributions payable	13,529	32,254
Less: Excess contributions payable in prior year, paid in current year	<u>(32,254)</u>	<u>(31,291)</u>
Net (decrease) increase in net assets available for benefits reported on Schedule H of Form 5500	<u>\$ (108,604)</u>	<u>\$ 299,689</u>

8. SUBSEQUENT EVENTS

Effective January 1, 2016, the Plan was amended to implement a Safe Harbor employer match of 100% on the first 3% of compensation contributed and a 50% match on salary deferrals between 3% and 5% of eligible compensation. This employer match is 100% vested.

Additionally, in July 2016, Fort Dearborn Company ceased being a participating employer in the Plan and Franklin Dodd Communications began participating in the Plan.
