NOTE A--DESCRIPTION OF PLAN

The following brief description of the Fisher Printing, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Fisher Printing, Inc. (the "Company") for employees that meet specific age and service eligibility requirements. The Plan, designated as a defined contribution plan, was established on September 1, 1975 originally as a profit sharing plan. On January 1, 1990 the Plan was amended and renamed to be a profit sharing and 401(k) savings plan. The Plan was most recently restated on January 1, 2008 to comply with applicable laws. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance.

Contributions

Eligible participants may elect to contribute pre-tax annual compensation to the Plan by means of a salary deferral agreement. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with the Plan provisions.

The Company may make discretionary matching contributions based on a participant's contributions to the Plan in accordance with Plan provisions. Discretionary matching contributions are based on a percentage determined by Company management. The employer will limit matching contributions to $300 for any participant in any plan year. The Company may also make discretionary profit sharing contributions in accordance with Plan provisions.

Salary deferral contributions are funded proximate to the withholding date. Discretionary matching contributions, if any, are funded each payroll period. All contributions invested are directed by the participant into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and Company matching and other profit sharing contributions, if any, as well as allocations of (a) Plan earnings or losses, (b) forfeitures of terminated participants' non-vested accounts, and (c) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A--DESCRIPTION OF PLAN-continued

Investment Options

Upon enrollment in the Plan, participants direct their contributions into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file with the Custodian as to the investment of a participant's account, 100% of that participant's account will be invested in the investment option designated from time to time by the Custodian as the default investment. The Plan currently offers pooled separate accounts and a stable value collective trust fund for participants.

Vesting

Participants are immediately vested in their voluntary contributions and the company match plus earnings thereon. Vesting in the Company's profit sharing contributions portion of their accounts plus actual earnings thereon is based on years of credited service as presented below. A participant is 100% vested after six years of credited service. Participants who attain the normal retirement age of 65, or who terminate employment due to death or disability become 100% vested in their account balances.

Years of Credited Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to 100% of their account balance in a lump-sum cash distribution, or as a direct rollover to an individual retirement account ("IRA"). For termination of employment for other reasons, a participant is entitled to a lump-sum cash distribution of 100% of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions.

All distributions will be made as soon as administratively feasible. However, those account balances in excess of $5,000 (not including rollover account balances), will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. In-service and hardship withdrawals, subject to certain restrictions, are also permitted.

Mandatory distributions greater than $1,000, may be paid in a direct rollover to an IRA designated by the Plan Administrator. These distributions will be made if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

NOTE A--DESCRIPTION OF PLAN-continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance, not to exceed $50,000. The loans are secured by a participant's vested account balance and bear a reasonable rate of interest comparable to the prime rate charged by banks as published in the Wall Street Journal plus 1% (3.25% at December 31, 2015). Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the Plan Administrator may permit a longer repayment term. Principal and interest shall be repaid ratably at least quarterly by participants as determined by the Plan Administrator at loan inception. A participant may incur no more than two loans at any time.

Forfeited Accounts

Forfeited non-vested accounts may be used at the discretion of the Company to reduce employer contributions. There were no forfeited non-vested accounts at December 31, 2015 and 2014. During the years ending December 31, 2015 and 2014, no forfeited non-vested accounts were used by the employer.

Forfeited non-vested accounts may also be used to reinstate any previously forfeited amounts of certain former participants who are rehired, and used to reinstate any previously forfeited amounts of participants that were not located if the participant makes a claim thereafter.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. Any unallocated Plan assets should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset per Share (or Its Equivalent),* which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement,* from categorization within the fair value hierarchy. The new standard also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Plan management has elected to early adopt the new standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient for plans with a fiscal year end that does not coincide with a month end. Parts I and II are effective for fiscal years beginning after December 15, 2015 to be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 to be applied prospectively, with early application permitted.

Plan management has elected early adoption of Parts I and II, which have been retrospectively applied. As a result, fully benefit-responsive investment contracts are reported at contract value on the statement of net assets available for benefits, along with a reduction in the complexity in reporting for these investments. The clarified guidance in Part I has determined stable value collective investment trust funds to not be fully benefit-responsive and, therefore, to be reported at the net asset value as a practical expedient to estimate fair value. In addition, the Plan no longer discloses individual investments greater than 5% of net assets, discloses the net appreciation (depreciation) in investments only in aggregate, not by investment type, and no longer discloses investments in the ASC 820 hierarchy table by the nature, characteristics, and risk of the investment, but only by general type of investment. Part III is not applicable to the Plan.

There was no impact on the Plan's changes in net assets available for benefits or net assets available for benefits upon adoption of these new standards.

Investment Valuation and Income Recognition

The Plan's investments in shares of pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator and Trustees determine the Plan's valuation policies utilizing information provided by investment advisers and the Custodian. See Note C for discussion of fair value measurements.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition-continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable in the amount of $976 to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability as of December 31, 2015 with a corresponding reduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016. There were no excess contributions as of December 31, 2014.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation or depreciation of fair value of investments.

Subsequent Events

Management has evaluated subsequent events through October 14, 2016, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. Upon the adoption of Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts*, there has been a change in the methodologies used at December 31, 2015 and 2014. (See Note B)

Pooled separate accounts: Pooled separate accounts are unregistered and divided into investments called "sub-accounts". Each sub-account invests in shares of an underlying mutual fund or other investment securities at an omnibus level. Sub-account values are calculated on a daily basis based on the share price or Net Asset Value ("NAV") of the underlying funds. The number of units owned is multiplied by the NAV. The net investment factor is used to measure the investment performance of a sub-account from one valuation day to the next.

NOTE C--FAIR VALUE MEASUREMENTS-continued

Stable value collective trust fund: A stable value fund that is composed principally of fully benefit-responsive contracts that is valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

In accordance with Subtopic 820-10, certain investments that are measured at net asset value (or its equivalent) are not classified in the fair value hierarchy.

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share practical expedient as of December 31, 2015 and 2014, respectively.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 7,176,310	N/A	Daily	N/A*
Stable value collective trust fund	$ 827,107	N/A	Daily	30 days**

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$ 7,379,309	N/A	Daily	N/A*

* Redemptions occur as soon as administratively feasible

** Terms indicate redemption period could be up to 12 months if withdrawal requests are deemed, by the Custodian, to be a Plan directed withdrawal.

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule at December 31, 2015 and 2014, and net depreciation in fair value of investments for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A), the Custodian, as of December 31, 2015 and 2014. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015.

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)-continued

Except for comparing such information as certified by the Custodian to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information. NOTE E--TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype plan document adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code ("IRC"). The Plan has been amended and restated subsequent to the date of the determination letter. The Plan Administrator and the Plan's legal counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability, if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE F--RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by affiliates of the Custodian; and therefore, qualify as party-in-interest transactions. QBI, LLC (the "recordkeeper") performs administrative and recordkeeping services for the Plan. Fees paid by the Company to the Custodian and the recordkeeper and other service providers are not material to the financial statements.

NOTE F--RELATED PARTY TRANSACTIONS-continued

The Recordkeeper provides certain administrative services to the Plan pursuant to a service agreement between the Plan and the Recordkeeper. The Recordkeeper may receive revenue from the Custodian for the cost of the Plan's recordkeeping and service package. This revenue is used to offset certain amounts owed to the Recordkeeper for its administrative services to the Plan.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE G--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts report in the statements of net assets available for benefits.

Participants who have borrowed from the Plan are all employees of the Company in the Chicago, Illinois and Los Angeles, California areas. Their ability to repay the notes could be affected by the economic conditions in the industry in general, the economic conditions of the metropolitan area or the economic condition of the Company itself.

NOTE H--PLAN AMENDMENT AND RESTATEMENT

The Plan was amended effective January 1, 2015 for changes to the default eligibility rule as it applies to the minimum service requirement.

Subsequent to the Plan year end, effective January 1, 2016, the Plan was restated in its entirety as part of a prototype plan restatement cycle in order to comply with applicable laws.
