401(K) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF PLAN

The following description of the Westman Freightliner - River Valley Truck Centers 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Westman Freightliner, Inc., River Valley Truck Centers and Westman Collision & Detail Center, Inc. (the Company or Employer) who meet the eligibility requirements. The Company is the sponsor of the Plan. The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. The participants are responsible for the direction of their account balances into specific investment options. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Employees age twenty-one or older are eligible to contribute to the Plan pursuant to an earnings reduction agreement upon the completion of one year of service. Employees may enter the Plan on January 1 or July 1 after meeting their service requirement. Participants must complete 1,000 hours of service and be employed at the Plan year end to share in matching and profit sharing contributions.

Contributions - Participants may elect, through salary reduction, to contribute to the Plan up to 100% of compensation as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualifying plans. The Employer makes a matching contribution, based on a discretionary percentage, determined by the Employer, which was equal to 50% of the first 4% of each participant's contribution to the Plan for 2015 and 2014. The Plan provides for Company discretionary profit sharing contributions as determined by the Company annually. The Company did not make a discretionary profit sharing contribution for the years ended December 31, 2015 or 2014. Contributions are subject to certain limitations.

Vesting - Participants are vested immediately in their contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

401(K) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF PLAN (continued)

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The note is secured by the balance in the participant's account and bears interest at a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. Principal and interest is paid ratably through bi-weekly payroll deductions over a period not to exceed five years, except when the note is for the purchase of a principal residence for the participant.

Payment of benefits - On termination of services due to death, disability or retirement, a participant becomes fully vested and may elect to receive a lump sum distribution or installments equal to the value of the participant's interest in his or her account. For termination of services due to other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump sum distribution or installments. Distributions are subject to certain limitations.

Forfeitures - If a participant terminates employment with the Company prior to becoming fully vested, the non-vested portion of the Company's contributions and earnings or losses thereon are forfeited. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled \$4,541 and \$18,784. These accounts will be used to reduce administrative expenses of the Plan or to reduce future employer contributions. During the years ended December 31, 2015 and 2014, employer contributions were reduced by \$0 and \$18,760 from forfeited nonvested accounts.

(2) SUMMARY OF ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Effective with the December 31, 2015 financial statements, the Plan adopted the provisions of *Financial Accounting Standards Board ASU 2015-12* which eliminated the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation (depreciation) for investments by general type. The new guidance is expected to increase the relevance of financial statement disclosures and was applied retrospectively.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

401(K) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the custodian and investment advisors.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were not excess contributions payable at December 31, 2015 or 2014.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses incurred in maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan service provider fees for retirement plan consulting are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events - The Plan has evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued. No material events or transactions have occurred during this period which would render these financial statements to be misleading.

NOTES TO FINANCIAL STATEMENTS

(3) INVESTMENTS

Unaudited information certified by the plan custodian - The investment and investment activity disclosed in the financial statements as of and for the years ended December 31, 2015 and 2014 was prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes investments (including notes receivable from participants) of \$5,277,976 and \$5,138,180 as of December 31, 2015 and 2014 and investment income (loss) of (\$24,374) and \$261,972 for the years ended December 31, 2015 and 2014.

The Plan's independent auditor did not perform any auditing procedures with respect to the information, except for comparing such information to the related information included in the financial statements as permitted by 29 CFR 2520.103-8.

(4) FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

(4) FAIR VALUE MEASUREMENTS (continued)

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2015 and 2014. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ -	\$ 5,201,605	\$ -	\$ 5,201,605
Investments at fair value	<u>\$ -</u>	<u>\$ 5,201,605</u>	<u>\$ -</u>	<u>\$ 5,201,605</u>

The following tables sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ -	\$ 5,056,851	\$ -	\$ 5,056,851
Investments at fair value	<u>\$ -</u>	<u>\$ 5,056,851</u>	<u>\$ -</u>	<u>\$ 5,056,851</u>

(5) PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Nationwide Financial Services, Inc. (Nationwide). Nationwide is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Plan service provider fees for retirement plan consulting and auditor services are included in administrative expenses and qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in the fair value of the investments. Fees paid by the Plan to Nationwide were \$53,177 and \$50,995 for 2015 and 2014.

(6) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(7) TAX STATUS

The Plan adopted a Tax Sheltered Compensation, Inc. (TSC) volume submitter plan which the Internal Revenue Service determined and informed TSC by letter dated March 31, 2014, that the form of the plan was acceptable in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

(8) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
