Juno Investments 401(k) Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

1. Description of the Plan

General

The Juno Investments 401(k) Savings Plan (the "Plan") of Juno Investments, LLC (the "Company") was established on January 24, 2001 in accordance with the provisions of Internal Revenue Code Section 401 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan adopted the Paychex, Inc. prototype plan document as of January 1, 2014. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective January 1, 2014, Mid Atlantic Trust Company ("Mid Atlantic") holds the Plan's assets and Paychex, Inc. serves as the Plan's record keeper.

Eligibility

Employees of the Company and certain affiliated entities included in the Plan are eligible to participate in the Plan once they have completed six months of service and are at least twenty-one years of age.

Contributions

Participants can contribute a portion of their compensation up to the Internal Revenue Service ("IRS") maximum allowance of \$18,000 in 2015. Certain participants (age 50 or older) can also make catch-up contributions up to \$6,000 per year, increasing the maximum allowance to \$24,000 for 2015. The Company provides matching contributions at 100% of each participant's elective contribution up to 3% of compensation and, for non-highly compensated employees only, an additional 50% match on the participant's elective contributions from 3% to 5% of compensation.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions to any of the various investment options offered by the Plan. Additionally, participants may redirect their investment balances among these various investment options.

Participant Accounts

A separate account is established and maintained for each Plan participant. Each participant's account is credited with the participant's contributions, employer matching contributions, their respective share of interest and dividend income earned and net appreciation of the Plan investments. The participant's account is reduced by withdrawals, depreciation on investments and fees.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Distributions are permitted from the Plan upon the participant's retirement at or after attaining retirement age, hardship, death, total disability, or termination of employment prior to retirement age. A participant or his or her beneficiary is entitled to receive the vested amount allocated to the participant's account as a lump sum distribution as soon as administratively feasible.

Vesting

Participants are immediately vested, in full, in their elective deferrals, employer matching contributions, rollover contributions and actual earnings and losses thereon.

Administration of the Plan

Juno Investments, LLC is the Plan Administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan.

Juno Investments 401(k) Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans bear interest, and repayments of principal and interest are made ratably through payroll deductions. Interest rates are fixed for the duration of a loan and are set at the prime rate when the loan is approved. Generally, the term of the loan may not exceed five years. Interest rates charged on notes receivable ranged from 3.25% to 4.25% as of December 31, 2015, and currently such loans mature at various times through 2025.

Administrative Expenses

Administrative expenses are generally paid by the Plan. Administrative expenses deducted directly from the participant accounts were \$44,582 for the year ended December 31, 2015.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan at any time, subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management. Principal and interest are repaid through payroll deductions. A note receivable is considered to be in default after a six month period of non-payment, at which point the defaulted note receivable is considered to be a distribution to the participant.

Investment Valuation and Income Recognition

Investments are measured at fair value. Refer to Note 3 for related disclosures.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded when earned. There were no significant amounts of investment income due the Plan at either December 31, 2015 or 2014. In addition, certain investment related expenses have been offset with net investment income and are not readily determinable.

Payment of Benefits

Benefits to participants are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities, and additions and deductions to net assets available for benefits as of the date of the financial statements. Actual results may differ from those estimates.

December 31, 2015 and 2014

New Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*, of which, Part II is applicable to the Plan.

- Part II amendments eliminate the requirement that plans disclose: individual investments that represent five percent or more of net assets available for benefits, and the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. In addition, investments presented in the fair value hierarchy are only required to be broken out by general type, and self-directed brokerage accounts are presented as one type of general investment.

The ASU is effective for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented, with early adoption permitted. Plan management has elected to early adopt ASU 2015-12 Part II in these financial statements.

Reclassifications

Certain disclosures in the prior period have been changed to conform to current period presentations. These reclassifications had no impact on net assets available for benefits of the Plan.

3. Fair Value Measurements

The Plan's investments are recorded at fair value in accordance with the accounting pronouncement on fair value measurements, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used by the Plan maximized the use of observable inputs and minimized the use of unobservable inputs.

Juno Investments 401(k) Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total mutual funds, at fair value	<u>\$11,562,608</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$11,562,608</u>

Assets at Fair Value as of December 31, 2014

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total mutual funds, at fair value	<u>\$12,635,451</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$12,635,451</u>

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Valued at the closing price as reported on the active market on which the funds are traded as of the last trading day of the Plan year. As such, the mutual funds are valued using Level 1 measurements.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Information Prepared and Certified by the Trustee of the Plan (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee of the Plan has certified the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the statement of changes in net assets available for benefits for the year ended December 31, 2015 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015.

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustee, except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2015 and 2014.

5. Party-in-Interest Transactions

Certain participants have borrowed from their account balances which are presented as notes receivable from participants. As participants are considered parties-in-interest, such loan transactions qualify as exempt party-in-interest transactions.

6. Delayed Deposits of Employee Contributions

U.S. Department of Labor regulations require that salary deferrals to a 401(k) plan that are withheld from employees' paychecks must be deposited into the Plan as soon as they can be reasonably segregated from the employer's general assets, but in no event later than the fifteenth business day of the month following the month in which the participant contributions are withheld.

The Plan inadvertently delayed making certain deposits for employee withholdings as soon as they could be reasonably segregated. For the years ended December 31, 2015 and 2014, such delayed deposits totaled approximately \$846 and \$352,000. Management calculated the related lost earnings to be approximately \$3 and \$300, respectively.

The Plan took corrective actions relating to the delayed deposits for the year ended December 31, 2014 by funding the employee contributions prior to December 31, 2014 and the lost earnings during 2015 to the Plan. Related excise tax returns were filed and the excise taxes were paid by the Plan Sponsor during the first quarter of 2015. An application was submitted for the Voluntary Fiduciary Correction ("VFC") Program with the Department of Labor ("DOL") for the delayed deposits. The DOL issued a communication to the Plan in May 2015 indicating that since the Plan's corrective actions were consistent with the requirements of the VFC Program, no further action would be taken.

The Plan took corrective actions relating to the delayed deposits for the year ended December 31, 2015 by funding the employee contributions to the Plan prior to December 31, 2015. The Plan intends to fund lost earnings during 2016 and file an application for the Voluntary Fiduciary Correction ("VFC") Program with the Department of Labor ("DOL") for the delayed deposits.

7. Tax Status

The Plan adopted the prototype plan of Paychex, Inc. which received its latest opinion letter dated April 10, 2014 stating that the Plan was in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. There are no tax-related interest or penalties for periods presented in these financial statements.

8. Subsequent Events

The Plan's management has evaluated subsequent events occurring after the statement of net assets available for benefits date through October 13, 2016, the date the financial statements were available to be issued. Based on the evaluation, the Plan has determined that no such events have occurred that require adjustment or disclosure in these financial statements.
