1. DESCRIPTION OF PLAN

The following description of The Wine Enthusiast, Inc. 401(k) Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, refer to the agreement governing the Plan (the "Plan Agreement").

General

The Plan is a defined contribution plan established January 1, 1994, covering eligible employees of The Wine Enthusiast, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Change of Trustee

Effective May 1, 2014, Fidelity Management Trust Company ("FMTC") was appointed as the new trustee of the Plan. In conjunction with the change in the Plan's trustee, the volume submitter document dated March 31, 2014 and sponsored by FMTC was adopted.

Plan assets transferred to FMTC were transferred into funds comparable to those offered by Frontier Trust Company, the former trustee. The change in trustee initiated a blackout period from April 24, 2014 through June 16, 2014. During this period, participants were not able to access their accounts or to exercise their rights as stated in the Plan documents since the Plan's assets were in transition from one trustee to another.

Eligibility

There is no age requirement to be eligible to participate in the Plan, however, an employee must have completed at least six consecutive months of service.

Contributions

Participants may contribute up to 100% of their annual compensation, as defined in the Plan, and subject to limits specified under Internal Revenue Code ("IRC") Sections 401(k), 404 and 415. Participants who have attained age 50 before the end of the plan year are eligible to make catchup contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The Plan currently offers various mutual funds as investment options for participants. The Company, at its sole discretion, may make matching contributions on behalf of the participants. The amount of the matching contributions, if any, will be determined each year by the Company. No matching contributions were made for the years ended December 31, 2015 and 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25% to 6.00%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Distributions

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or annual installments over a period of not more than their assumed life expectancy as determined at the time of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures are used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable balances are reclassified as distributions based upon the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

The investment in the common collective trust is valued at the net asset value (the "NAV") per unit, as determined by the trustee at year end. The NAV is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Fair Value Measurement

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under the new standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities that Calculate New Asset Value per Share* ("ASU 2015-07"). This ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. Investments that are measured at NAV per share (or its equivalent) but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with related required disclosures. The update also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The Company elected to early-adopt ASU 2015-07 as of December 31, 2015, and has applied ASU 2015-07 retrospectively, as required. The Plan presents the investment disclosure required by ASU 2015-07 in the fair value hierarchy tables for December 31, 2015 and 2014 in Note 8. There were no other impacts on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"), which simplifies the required disclosures related to employee benefit plans. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts, including common collective trust assets and pooled separate accounts. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. ASU 2015-12 further requires the disclosure of the information about fair value measurements be provided by general type of plan asset. ASU 2015-12 is effective for fiscal years beginning after December 31, 2015 with early adoption permitted. The Plan elected to early-adopt ASU 2015-12 as of December 31, 2015, and has applied the provisions retrospectively, as required. The adoption of ASU 2015-12 resulted in a $44,255 reclassification within its statement of net assets available for benefits as of December 31, 2014. Pursuant to the guidance in ASU 2015-12, the Plan has eliminated its historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. There were no other impacts on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended.

Payment of Benefits

Benefits are recorded when paid to participants.

Other

Substantially all administrative expenses are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Company has evaluated subsequent events through October 11, 2016, the date on which these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their account contributions.

5. TAX STATUS

The Plan uses a volume submitter plan document sponsored by FMTC. FMTC received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, which states that the volume submitter document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The plan document has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and believes that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investment options consist of shares of mutual funds managed by the Plan's trustee. Accordingly, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $32,556 and $17,878 for the years ended December 31, 2015 and 2014, respectively.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Additionally, virtually all administrative expenses are paid directly by the Company.

7. INFORMATION CERTIFIED BY THE PLAN TRUSTEES

The following tables summarize investment and other asset information regarding the Plan as of December 31, 2015 and 2014, and for the years then ended, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by, or derived from, information prepared by FMTC as of December 31, 2015 and 2014, and for the period from May 1, 2014 through December 31, 2014, and by Frontier Trust Company as of January 1, 2014, and for the period from January 1, 2014 through April 30, 2014. The Plan administrator has obtained certifications from the Plan trustees that such information is complete and accurate.

Interest and dividends on investments	$ 285,306	$ 265,006
Interest on notes receivable from participants	$ 3,877	$ 4,211

8. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the table below. The valuation techniques are as follows:

(a) *Market approach.* Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;

(b) *Cost approach.* Amount that would be required to replace the service capacity of an asset (replacement cost); and

(c) *Income approach.* Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

8. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by GAAP's valuation hierarchy:

Description	Fair Value at December 31, 2015	Level 1	Level 2	Level 3	Valuation Technique
Mutual funds	$ 5,322,477	$ 5,322,477	$ -	$ -	(a)
Investment measured at net asset value [1]	645,950				
Investments at fair value	$ 5,968,427				

Description	Fair Value at December 31, 2014	Level 1	Level 2	Level 3	Valuation Technique
Mutual funds	$ 5,181,517	$ 5,181,517	$ -	$ -	(a)
Investment measured at net asset value [1]	617,750				
Investments at fair value	$ 5,799,267				

[1] Includes a common collective trust fund which is measured at NAV as a practical expedient and is not classified in the fair value hierarchy. The fair value amounts presented in these tables are shown for the purpose of reconciling to the accompanying statements of net assets available for benefits.

During the years ended December 31, 2015 and 2014, there were no transfers between levels of the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: are valued at quoted market prices, which represent the net asset value of the securities held in such funds.

Common collective trust: is valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates.

8. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine those of the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

9. NET ASSET VALUE PER SHARE

The following tables set forth a summary of the Plan's investments with a reported NAV per share at December 31, 2015 and 2014:

	Fair Value Estimated Using Net Asset Value per Share December 31, 2015				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trust	$ 645,950	$ -	Daily	None	30 days

	Fair Value Estimated Using Net Asset Value per Share December 31, 2014				
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Common collective trust	$ 617,750	$ -	Daily	None	30 days

10. EXCESS CONTRIBUTIONS PAYABLE

During the years ended December 31, 2015 and 2014, benefits paid to participants include payments of $28,679 and $22,992, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. Those amounts are also included in the Plan's accompanying statements of net assets available for benefits as "Excess contributions payable" at December 31, 2015 and 2014.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2015	2014
Net assets available for benefits per the financial statements	$ 6,012,770	$ 5,840,658

Net assets available for benefits per Form 5500	$ 6,041,449	$ 5,863,650

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:
