HILLTOP RANCH, INC. PROFIT SHARING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

NOTE 1. DESCRIPTION OF PLAN

The following description of the Hilltop Ranch, Inc. (the Company) Profit Sharing 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The plan is a defined contribution plan effective January 1, 2015.

Eligibility
Employees are eligible to participate in the Plan after attaining age 18 and completion of one month of service. Participants are eligible to participate in the employer match and profit-sharing contribution upon attainment of age 18 and one month of service with employer. Employees will enter the Plan on the first day of each calendar month following the completion of the eligibility requirement.

The Plan excludes employees who elected not to participate in the plan, non-resident aliens with no U.S. source income, and members of a collective bargaining unit where retirement benefits were the subject of good faith bargaining. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts
Each participant's account is credited with the participant's contributions, the Organization's basic contribution, participant earnings or losses, and an allocation of the Company profit sharing contribution if the Company elects to contribute for the year. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Notes Receivable from Participants
Participants are not permitted to borrow from any source.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately 100% vested in all salary deferral contributions and rollover accounts along with their associated earnings.

Particpants who leave employment due to termination are entitled to their employer accounts along with earnings, based on the following schedule:

Years of Vesting Service	% Vested
Less Than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Contributions by the Organization are made at the discretion of the Organization's board of directors. The Organization contributed a basic safe harbor contribution of 100 percent of the first 6 percent of qualified participant compensation to the Plan during the years ended December 31, 2015 and 2014. Additionally, profit-sharing contributions may also be made at the discretion of the Organization's board of directors. The Organization did not contribute a profit-sharing contribution to the Plan for the years ended December 31, 2015 and 2014.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plan or conduit IRAs (rollovers). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Benefit Payments

Upon termination of service, death, disability, or retirement a participant may elect to receive the value of the vested interest in the form of a lump-sum distribution. The Plan allows for in-service distributions if a participant reaches age 59 1/2 and hardship distributions subject to Plan provisions. If a participant terminates employment and participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

The non-vested portion of participant accounts are used to offset plan expenses or may be used to reduce the employer or matching contribution.

The forfeiture takes place as of the earlier of the end of the plan year in which participants receive the final distribution of the participants distributable benefit or as of the last day of the plan year in which the fifth consecutive break in service occurs. No forfeitures were used to reduce Organization contributions for the year ended December 31, 2015 and 2014.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basic of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contacts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. For the contacts held by the Plan, fair value approximates contract value and, therefore, no adjustment on the statements of net assets from fair value to contract value is necessary. The statements of changes in net assets available for benefits are prepared on a contract value basis. Fair value approximates contract value at December 31, 2015 and 2014.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The investment in the insurance company general account is valued at fair value, which approximates contract value, by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Investments in the pooled separate accounts are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by Plan at year-end. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Participants are not permitted to borrow from any source.

Administrative Expenses

As provided in the Plan document, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operation expenses for the Plan.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Event

The Plan has evaluated subsequent events through October 3, 2016, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;

-quoted prices for identical or similar assets or liabilities in inactive markets;

-inputs other that quoted process that are observable for the asset of liability;

-inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth additional disclosures for the fair value measurement of investments in certain entitites that calculate net asset value per share (or its equivalent) as of December 31:

	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts:				
Blend Funds	$762,161	$ -	Daily	Daily
Bond Funds	915	-	Daily	Daily

Growth Funds	1,932	-	Daily	Daily

	2014

Blend Funds	$ -	$ -	Daily	Daily
Bond Funds	-	-	Daily	Daily
Index Funds	-	-	Daily	Daily
Value Funds	-	-	Daily	Daily
Growth Funds	-	-	Daily	Daily

Blend funds seek to maximize total return, consisting of capital appreciation and current income. The funds normally invest at least 80 percent of assets in equity securities of the U.S. companies. They may invest in equity securities of large- and mid-capitalization companies but are permitted to invest up to 15 percent of assets in small capitalization companies. The funds may maintain both long positions and short positions in equity securities and securities with equity-like characteristics. In addition, up to 20 percent of the funds' net assets may be invested in securities of foreign companies in developed countries.

Bond funds seek the highest current income consistent with low risk to principal and liquidity. The funds normally invest 80 percent of net assets in a diversified portfolio of bonds that are primarily limited maturity debt securities. The invest in nongovernment securities, issued by companies of all sizes that are rated investment-grade. The dollar-weighted average maturity of the portfolios generally will not exceed five years and in periods of rising interest rates may be shortened to one year or less.

NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

Growth funds include investments in companies the accounts believe have above-average growth potential (stocks of these companies are often called "growth" stocks.) Most underlying holdings are in domestic common stock. The accounts may make limited use of futures and/or options for the purpose of maintaining equity exposure. These accounts may participate in securities lending.

Value funds seek long-term capital growth; income is a secondary consideration. The funds invest at least 80 percent of assets in securities of medium size companies whose market capitalization is within the range of the Russell 3000 Index, excluding the largest 100 such companies. Equity securities include common stock, preferred stock, and equity-equivalent securities, such as convertible securities, stock futures contacts, or stock index futures contracts.

Index funs include investments that seek to approximate the risk and return characterizes by the Russell 2000 Growth and S&P 500 Indexes. Most underlying holdings are in domestic common stock. To achieve their objective, the accounts employ a replication technique. The accounts may make limited use of futures and/or options for the purpose of maintaining equity exposure. These accounts may participate in securities lending.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of the investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company, the insurance company of the Plan.

NOTE 5 INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets available for benefits as of December 31:

	2015	2014
JH Ret to 2030 Managed Port	$ 65,180	*
JH LS Agg Active Strategy	167,449	*
JH LS Grow Active Strategy	416,455	*
JH LS Bal Active Strategy	63,468	*
John Hancock Stable Val	156,273	*

* Does not exceed 5% of net assets available for benefits
During 2015 and 2014, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold as well as held during the year) depreciated by $27,093 and $0, respectively.

NOTE 6 INVESTMENT CONTRACT WITH INSURANCE COMPANY

Investments in the insurance company investment contract are stated at contract value which is equal to the principal balance plus accrued interest. An investment contract is generally permitted to be values at contract value, rather than fair value, to the extent it is fully benefit-responsive. The fair value of the fully benefit-responsive contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The fair value of the contract approximates contract value. The contract provides for withdrawals associated with certain events which are not in ordinary course of Plan operations, and what the insurance company determines will have a material adverse effect on its financial interest, will be paid with a fair value adjustment to the contract value amount of such withdrawal as defined in such contracts. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; bankruptcy of the Plan sponsor or other Plan sponsor event (e.g., divestitures or spin-offs offs pf a subsidiary, etc.) which cause a significant withdrawal from the Plan; or (iv) failure of the trust to qualify for exemption from

NOTE 6 INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with the participants is probable. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. For the John Hancock Stable Value Advantage Fund, the average yield during 2015 and 2014 was 1.24 percent and 0 percent, respectively.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would remain 100 percent vested in their Organization contributions.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by John Hancock Life Insurance Company, the insurance company as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of $870 and $0 for the years ended December 31, 2015 and 2014, respectively. The Plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 10 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 8, 2010, received from the Internal Revenue Service (IRS) indication that the Plan is qualified under Section 401 of the RIC and is, therefore, not subject to tax under current income tax law. The Plan has been restated since relying on the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.
