The Plan is a defined contribution plan established by Superior Health Linens (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. All employees who have completed at least six months of service with the Company, as defined in the plan document, and are age 21 or older are eligible to participate. Eligible employees may enter the Plan on the first day of each calendar quarter, coinciding with or immediately following the attainment of these eligibility requirements. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

The Company makes safe harbor matching contributions equal to 100% of the participant's deferral up to 3% of their eligible compensation, plus 50% of the participant's deferral between 3% and 5% of their eligible compensation. The Company may also make discretionary matching, profit sharing and/or qualified non-elective contributions. No discretionary matching, profit sharing, or qualified non-elective contributions were made for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction, rollover contributions, the Company's safe harbor matching, discretionary matching and qualified non-elective contributions plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company discretionary profit sharing contributions and earnings thereon are vested 20% upon one full year of service. The participant then vests at the rate of 20% for each year thereafter, becoming fully vested upon completion of five full years of service.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

Forfeited non-vested accounts are used to offset administrative expenses and Company contributions. There was no reduction of Company contributions with forfeitures for the year ended December 31, 2015, and there was no balance remaining in the forfeitures account as of December 31, 2015 and 2014.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan document. The Plan provides for normal retirement at age 65. On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump sum payment equal to the vested value of the participant's account, receive the benefits in installments, or purchase an annuity contract. For termination of service due to other reasons, a participant may receive the vested value of their account as a lump sum distribution. Participants experiencing financial hardship may withdraw a portion of their account balance as defined by the plan document. In-service withdrawals can begin at age 59 1/2.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These notes are secured by the balance in the participant's account. Participants may have a maximum of two notes outstanding at one time. Note terms range from one to five years or up to fifteen years for the purchase of a primary residence. The notes bear interest at a rate of 5.25% at December 31, 2015 and 2014, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

The Plan pays substantially all of the Plan's administrative expenses.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principals generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value practical expedient in Accounting Standards Codification 820. ASU 2015-07 requires retrospective application and is effective for fiscal years beginning after December 15, 2016 with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part I is not applicable to the Plan. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III is not applicable to the Plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Part II require retrospective application. Management has elected to early adopt the provisions of Part II of this new standard. Accordingly, this provisions was retrospectively applied.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2016, which is the date the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements. On January 1, 2016, the Plan was restated and changes were made to eligibility and matching contributions. There were no other subsequent events that require disclosure.

NOTE 3 - Information Prepared and Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, Associated Trust Company, N.A., the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following methods and assumptions were used to estimate the fair value for each class of financial instrument measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market funds - Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Mutual funds - valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

Common collective trust funds - valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who withdrew from the Plan as of December 31, 2015.

NOTE 6 - Administration of Plan Assets

The Plan's assets are administered under a contract with Associated Trust Company N.A., the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 7 - Related Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Administrative and transaction fees totaling \$22,514 were paid by the Plan to Associated Trust Company N.A. during the year ended December 31, 2015. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

SUPERIOR HEALTH LINENS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 8 - Tax Status

The Company adopted a prototype plan through the third party administrator. The prototype plan has received a favorable determination letter dated May 08, 2015, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2015 and 2014, the Plan had investments of \$694,349 and \$930,712 that were concentrated in two and four funds, respectively.

NOTE 10 - Prohibited Transactions

During the plan year ended December 31, 2015, \$6,165 of employee contributions were not remitted within the appropriate time period by the plan sponsor. These transactions constitute prohibited transactions as defined by ERISA. The lost earnings for the plan year ended December 31, 2015 of \$1 were deposited into participant accounts during the 2016 plan year and will be recorded as investment income in the statement of changes in net assets available for benefits.
