NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of Plan

The following description of the Community Resource Center for the Developmentally Disabled, Inc. Retirement Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 1988 as a defined contribution plan that provides retirement benefits for all employees of Community Resource Center for the Developmentally Disabled, Inc. (the "Company"), who had attained one year of service; attained 21 years of age; and, completed 1,000 hours of service. Upon eligibility, participants can enter the Plan on January 1st or July 1st. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

All contributions are discretionary at the Company's option and allocated to provide the top-heavy minimum contributions to each person who was an active participant at any time during the Plan year under the Plan provisions. Subject to the overall permitted disparity limits, discretionary contributions and forfeitures, if applicable, are allocated using annual pay for the allocation year based on an integrated formula to automatically satisfy certain nondiscrimination tests required by the Internal Revenue Service. A discretionary contribution was made to the Plan for 2015.

Forfeited Amounts

Forfeited balances of terminated participant's non-vested accounts are to be used first for the restoration of participant's accounts, if they rejoin the Company within a specified period, then to offset plan expenses and finally as a reduction or an additional contribution by the Company, and allocated in the same manner as employer contributions discussed above. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$0 and \$1,461, respectively. Also, in 2015, employer contributions were reduced by \$5,567 from forfeited non-vested accounts and \$1,461 were allocated to participants in the manner as an employer contribution.

Participant Accounts

Each participant's account is credited with the direct amount of the Company's contributions and plan earnings and reduced by administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The statement of net assets available for benefits at December 31, 2015 includes approximately \$349,600 of accounts of vested participants who have terminated service or are no longer eligible for contributions.

NOTE A - Description of Plan (Continued)

Vesting

The Company's discretionary contribution, plus the earnings thereon, vest according to the schedule below. However, upon the participant reaching age 65, or upon death or permanent disability, all amounts are immediately vested.

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Investment Options

All contributions to the Plan are participant directed. The Plan currently provides investments in a guaranteed investment contract and in certain mutual funds.

Withdrawals

Withdrawals of all vested amounts may be made after a participant attains age 65 or the participant's age on the date five years after the January 1st on or before the date the participant entered the Plan, whichever is later.

Payment of Benefits

On termination of service due to death, disability or retirement, if the participant's account is greater than an amount specified by the U.S. Department of Labor ("DOL") (currently \$5,000), the participant may elect to receive payment of his vested account balance in either a lump sum or an installment basis over a specified number of years. For vested account balances less than the amount specified by the DOL but above \$1,000, the plan administrator is required to rollover those amounts into an IRA if not elected to be distributed in a lump sum by the participant or rolled over into another retirement plan or an IRA of their choice. Those vested balances below \$1,000 will be distributed in a lump sum directly to the participant.

NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles may require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Changes in Accounting Principles

In July 2015, FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the FASB Emerging Issues Task Force).

Part III is not applicable to the Plan. Part I of this ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset.

The amendments in FASB ASU No. 2015-12 are effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively and early adoption is permitted. The Plan's management has elected to early adopt Part I and II and the adoption is reflected retrospectively in these financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end and are based on quoted market values. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan have been paid by the Company. Certain recordkeeping expenses are charged directly to the participant's account and are included in administrative expenses on the statement of changes in net assets available for benefits. Investment related expenses are included in net depreciation of value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued.

NOTE C - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

**COMMUNITY RESOURCE CENTER FOR THE
DEVELOPMENTALLY DISABLED, INC.
RETIREMENT TRUST**

NOTES TO FINANCIAL STATEMENTS

NOTE C - Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets
- b. Quoted prices for identical or similar assets or liabilities in inactive markets
- c. Inputs other than quoted prices that are observable for the asset or liability
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds of \$3,234,133 and \$3,500,039 at December 31, 2015 and 2014, respectively, held by the Plan are deemed to be actively traded and considered as Level 1 investments.

NOTE D - Investment in Fully Benefit-Responsive Guaranteed Investment Contract

Principal Fixed Income Guaranteed Option is a single group annuity contract issued by Principal Life Insurance Company ("the issuer"). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Principal Fixed Income Guaranteed Option is a traditional guaranteed investment contract (GIC) issued by Principal Life Insurance Company. The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate of the contract is based on a

**COMMUNITY RESOURCE CENTER FOR THE
DEVELOPMENTALLY DISABLED, INC.
RETIREMENT TRUST**

NOTES TO FINANCIAL STATEMENTS

**NOTE D - Investment in Fully Benefit-Responsive Guaranteed Investment Contract
(Continued)**

formula agreed upon with the issuer, as defined in the contract agreement, but cannot be less than zero. Such interest rates are reviewed and reset on semi-annual basis.

The composite crediting rate history for the contract, net of 0.65% of plan level administrative and recordkeeping expenses ranged from 1.35% to 1.20% and was 1.20% and 1.35% as of December 31, 2015 and 2014, respectively. The composite crediting rate history for the contract before 0.65% of plan level administrative and recordkeeping expenses is as follows:

Time period	Interest rate credited to participants
December 1, 2013 – May 31, 2015	2.00%
June 1, 2015 – November 30, 2015	1.90%
December 1, 2015 – May 31, 2016	1.85%

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. In the event that the Plan Sponsor terminates the contract and requests an immediate payout, the contract payout would be subject to a 5% termination fee.

The plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustee"):

	As of December 31, 2015	2014
Statements of Net Assets Available for Benefits:		
Mutual funds at fair value	\$ 3,234,133	\$ 3,500,039
Principal Fixed Income Guaranteed Option at contract value	357,846	375,556
Statement of Changes in Net Assets Available for Benefits:		
Net depreciation in fair value of mutual funds	\$ (103,031)	
Dividends	20,225	
Interest from guaranteed investment contract	4,578	

NOTE F - Related Party and Party-In-Interest Transactions

Certain plan investments are managed and (or) offered by the trustee or its affiliates. Also, Principal Life Insurance Company provides recordkeeping services to the Plan and to the mutual funds, including mutual funds provided by an affiliate of the Trustee. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Fees paid by the Plan for investment management and recordkeeping services are netted against net appreciation in fair value of investments. Based on information provided by the Trustee, these annualized fees range from approximately .65% to 2.10% of net investment activity during the Plan year.

NOTE G - Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. However, their accounts will be held under the Plan and continue to be adjusted for investment gains and losses until distributed.

NOTES TO FINANCIAL STATEMENTS

NOTE H - Tax Status

The Plan is designed through a prototype plan sponsored by Principal Financial Group. The prototype plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service (IRS) stated that the prototype plan is qualified and the related trust is tax- exempt. The prototype plan opinion letter has been relied upon by this Plan. The prototype sponsor as well as the Plan's sponsor believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - Subsequent Events

During 2016, management discovered an error regarding the exclusion of certain eligible employees based upon the Plan's service, age and entry date requirements. Management does not have a reasonable basis for estimating the amount due to the Plan by the Plan Sponsor, however, management does not expect this error to have a material effect on the Plan's financial statements. Management is considering correcting this error with the IRS using the IRS's correction program. Management is also determining the effect, if any, this will have on the Plan's tax-exempt status.
