The Plan Administrator
ASK Chemicals, LP 401(k) Plan

We have conducted a DOL limited-scope audit of the financial statements of ASK Chemicals, LP 401(k) Plan (the Plan) for the year ended December 31, 2015, and have issued our report thereon dated October 7, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America, and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 31, 2016. Professional standards also require that provide you with the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive accounting estimate affecting the financial statements relates to the valuation of investments held by the Plan.

Management's process for determining the above estimate is based on firm concepts and reasonable assumptions of future events. We evaluated the key factors and assumptions used to develop the value of investments in determining that their values are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear. Certain financial statement disclosures may be particularly sensitive because of their significance to financial statement users. We evaluated all disclosures in relation to the financial statements as a whole, and determined that they are reasonable.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No adjustments were made to custodian submitted amounts during the course of the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated consistent with the financial statement audit report date.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Plan Administrator and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Notes to Financial Statements

1. Description of Plan:

The following description of ASK Chemicals, LP 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering essentially all employees of ASK Chemicals, LP (the Sponsor) and its affiliates, ASK Chemicals Hi-Tech, LLC and ASK Chemicals Metallurgy, Inc. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, provided total additions to the account of the participating employees for any plan year shall not exceed the amount permitted by Internal Revenue Service regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Sponsor provides safe harbor matching contributions equal to 100% of the first 4% of participant compensation contributed to the Plan.

In addition, the Plan allows for fixed percentage employer contributions to be made by the Sponsor based on a participant's years of service. The Sponsor contributes a percentage of the participant's eligible wages in accordance with the following table:

Less than 11 years of service	1.5%
At least 11 years of service, but less than 21	3.0%
21 or more years of service	4.5%

The Plan also allows for discretionary employer contributions, determined by the Sponsor, and allocates them to participants based on eligible compensation. In 2015, the Sponsor made discretionary contributions of 2.056% of eligible compensation to participants employed by the Sponsor at the end of the year.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions, the Sponsor's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Sponsor's fixed percentage and discretionary employer contribution portion of participant accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service. All employees hired prior to January 1, 2011 are not subject to this vesting schedule and are considered 100% vested in both fixed percentage and discretionary employer contributions.

Investment Options:

Participants direct contributions into various investment options offered by Principal Trust Company (Principal), a trustee of the Plan.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over other allowed periods. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants:

Participants may borrow from their fund accounts amounts equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence. Participants may not have more than two outstanding loans at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably, generally through regular payroll deductions.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Mutual funds are valued based on quoted prices in active markets. The fair values of the common/collective trusts are based on the net asset value per share without further adjustment, as a practical expedient to determine fair value. Net asset value is based on the aggregate fair values of the underlying investments. Participants may redeem shares at net asset value daily, without restriction.

The guaranteed investment contract is a traditional fully benefit-responsive investment contract and is reported at contract value. Contract value represents contributions made, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. The guaranteed investment contract does not permit Principal to terminate the contract prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation on investments is charged or credited to the net assets of the Plan.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Costs:

Various administrative costs are paid by the Sponsor.

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 7, 2016 (the date the financial statements were available to be issued).

3. Investments and Fair Value Measurements (Unaudited):

In accordance with the Department of Labor's Regulation 2520.103-8, certified "Statements of Account" for the Plan have been provided by Principal for the years ended December 31, 2015 and 2014 that such information is complete and accurate as follows:

Statements of Net Assets Available for Benefits – investments and notes receivable from participants.

Statement of Changes in Net Assets Available for Benefits – investment income and interest income on notes receivable from participants.

Schedule of Assets (Held at End of Year) – all items and amounts.

4. Plan Termination:

Although it has no intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan participants would become 100% vested in their account balance.

5. Tax Status:

The Internal Revenue Service has issued a favorable determination letter on the tax status of the Plan. Accordingly, no provision has been made for income taxes. The Plan believes it is no longer subject to examination by federal or state taxing authorities for years prior to 2012.

6. Risks and Uncertainties:

The Plan provides for various participant directed investment options. Investments are exposed to risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
