We were engaged to audit the accompanying financial statements of EZ Loader Boat Trailers, Inc. Amended and Restated Employee's 401(k) Profit Sharing Plan and Trust ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance on internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds Plan's investment assets and executes investment transactions. The Plan's administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the EZ Loader Boat Trailers, Inc. Amended and Restated Employee's 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established by a resolution of the Board of Directors of EZ Loader Boat Trailers, Inc. (the Plan Sponsor) on May 27, 1969. The Plan and Trust agreement was subsequently amended and restated. The Plan was created to provide certain benefits to employees in the event of retirement, permanent disability, death, or termination of employment. The Trust is designed to constitute a part of the EZ Loader Boat Trailers, Inc. Amended and Restated Employee's 401(k) Profit Sharing Plan, which qualifies for tax exemption under Section 401 of the Internal Revenue Code.

The Plan is a defined contribution plan which covers eligible employees of the Plan Sponsor who have completed one year of service. In 1991 the Plan was amended to include a 401(k) salary deferral arrangement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all subsequent statutory revision thereto.

Eligibility

All employees who are employed by the Plan Sponsor or any affiliate who has adopted the Plan are eligible to be enrolled in the Plan.

Contributions

The Plan contains provisions for the following types of contributions:

- Participants may make voluntary tax-deferred contributions to the Plan through payroll deductions of up to 100% of pretax annual compensation subject to Internal Revenue Service maximum limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participating employees may make additional voluntary contributions (in after-tax dollars) up to 10% of their gross compensation. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans.
- The Plan Sponsor may make employer matching contributions for participants making voluntary tax-deferred contributions. Such matching contributions are at the discretion of the Plan Sponsor's Board of Directors. The Plan Sponsor may contribute an amount equal to 50% of the employee's before-tax contribution, up to a maximum of 5% of the employee's annual compensation. During the year ended December 31, 2014, no employer matching contribution was made. During the year ended December 31, 2015, the Plan Sponsor made a matching contribution of $116,173.

Each participating employee may designate the percentage of his or her total contribution, including the Plans Sponsor's matching portion, to be invested in any of the available investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN, Continued:

Payments of benefits

Participants are eligible to receive 100% of their account balance at normal retirement (age 65), death, or permanent disability. Participants who terminate employment are eligible to receive their vested account balance after separation from service.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Net assets of the Plan are obligated for the benefits which have accrued to participating employees. Participant salary deferrals are fully vested at all times. Such benefits which have accrued to a participating employee attributable to employer contributions are vested (i.e., become nonforfeitable) pursuant to a prescribed schedule. The vesting schedule provided 20% vesting after one year of covered service, and additional 20% vesting for each year thereafter, until five years of covered service whereupon employees are 100% vested.

Notes receivable from participants

Participants may borrow from their account up to the lesser of 50% of their vested account balance or $50,000. Loan terms cannot exceed five years except for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest, as determined by the plan administrator. Principal and interest are paid ratably through periodic payroll deductions.

Administration of the Plan

The Plan is administered by a committee (the Administrative Committee) consisting of the Plan Sponsor management. The Plan assets are held and invested by the Plan's custodian, John Hancock Life Insurance Company (John Hancock), in accordance with the Adoption Agreement with the Administrative Committee. Records of participant account activity are processed and maintained by the custodian who also perform other administrative support services for the Plan. Substantially all expenses of operating and maintaining the Plan are paid by the Plan.

Forfeitures

To the extent attributable to matching contributions, forfeitures are first allocated to reduce employer matching contributions for the Plan year in which the forfeiture occurs. Forfeitures of employer profit sharing contributions are allocated to the remaining participants' accounts. During the year ended December 31, 2015 there were $345 in forfeitures that reduced the employer contribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in Accounting Standards Codification 962 (ASC 962) "Plan Accounting – Defined Contribution Pension Plans", investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by ASC 962, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

When management determines that participant loans are uncollectible, a loan loss provision is recognized. At December 31, 2015 and 2014, management believes that all material participant loans are collectible.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

Fully Benefit-Responsive Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits as of December 31, 2015 and 2014 present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

Fair Value Measurement

For each major category of assets and liabilities that are measured at fair value (see Note 3) on a recurring basis, the following hierarchy levels are:

- Level 1
    - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2
    - Inputs to the valuation methodology include:
        - Quoted prices for similar assets or liabilities in active markets;
        - Quoted prices for identical or similar assets or liabilities in inactive markets;
        - Inputs other than quoted prices that are observable for the asset or liability;
        - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
    - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3
    - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Recent Accounting Pronouncements

In May, 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)." ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. For non-public business entities, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016. The Plan has not yet adopted this standard.

3. FAIR VALUE MEASUREMENTS

At December 31, 2015 and 2014, financial assets of the Plan are as follows:

	2015	2014
Life insurance company pooled separate accounts (fair value hierarchy Level 2)	$ 10,790,254	$ 12,981,121
Common/collective trust fund (fair value hierarchy Level 2)	$ 325,036	$ 204,884

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: The fair value of the units in pooled separate accounts is based on the estimated daily net asset value (NAV) of the underlying investments, as reported to the Plan by the contract issuer. The NAV, as provided to the custodian, is used as a practical expedient to estimate fair value. The pooled separate accounts are comprised of underlying securities that can be valued on active markets.

Common/collective trust fund: The Plan invests in the John Hancock Stable Value Fund (see note 9) which is a collective investment trust fund sponsored by John Hancock. Common/collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. INVESTMENTS

The Plan's investments were held and maintained by John Hancock at December 31, 2015 and 2014. The fair value of investments at December 31, 2015 and 2014 (investments that represent 5% or more of the Plan's net assets in either year are separately identified), as certified by the Plan's custodian were as follows:

	2015	2014
Pooled separate accounts:		
JH Thru 2020 Active Strategy	$ 678,858	$ 1,078,743
JH Ret To 2030 Managed Port	991,799	1,264,536
JH Ret To 2025 Managed Port	1,971,223	2,310,386
JH Ret To 2020 Managed Port	2,169,087	2,842,297
JH Ret To 2015 Managed Port	-	815,933

	7,152,408	9,655,040
Less than 5%		
Other pooled separate accounts	3,637,846	3,325,866
Common/collective trust:		
John Hancock Stable Value Fund	325,036	204,884
Money market:		
John Hancock USA Cash Account	-	215
Total investments at fair value	11,115,290	13,186,005
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(54,441)	(32,386)
Total investments, net	$ 11,060,849	$ 13,153,619

The Plan's investments depreciated in fair value by $162,632 and appreciated in fair value by $2,475 for pooled separate accounts and the common/collective trust, respectively, for a total depreciation of $160,157 for the year ended December 31, 2015. Additionally, during the year interest and dividends earned were $1,906.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets include pooled separate accounts and common/collective trusts fund managed by the Plan's custodian; therefore, these transactions qualify as party-in-interest (or related party) transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in pooled separate accounts and common/collective trusts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. BENEFITS PAYABLE

There were no benefits payable to persons who have withdrawn from participation in the Plan at December 31, 2015 and 2014.

9. STABLE VALUE FUND

The Plan invests in the John Hancock Stable Value Fund which is a collective investment trust fund sponsored by John Hancock. The fund's primary investment objectives are to preserve principal, maintain a competitive interest rate, and provide daily liquidity at contract value for plan-permitted, participant-directed withdrawals. The fund invests primarily in diversified fixed-income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock, and in contract value stabilizing agreements offered by high-quality financial institutions. The stabilizing agreements are designed to offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at contract value. Contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustment for withdrawals.

Crediting rates on contracts are net of fees to the provider. The calculation of the crediting rate incorporates the book value, market value, duration, and current market yield rates of assets held. Interest crediting rates are typically reset monthly; however, under certain circumstances (such as during periods of high market volatility, unexpected cash in-flows or unexpected withdrawals), it may be reset more frequently. Under the terms of the contract, the crediting rate will not be less than 0%. Periodic resets of the crediting rate may be affected by, among other things, i) changes in the market value of assets, (ii) income, gains and losses with respect to assets, (iii) fees and expenses incurred in asset management and the operation of related accounts or contracts, (iv) the timing and amount of cash in-flows and withdrawals, and (v) the terms and conditions of relevant benefit responsive contracts.

9. STABLE VALUE FUND, Continued

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund is expected to have a constant contract value of $1.00, although there is no assurance that it will remain constant at $1.00. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either up to a 12-month hold or a market value adjustment, as elected by the Plan Sponsor. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

In addition, a breach of material obligation under a stability agreement could cause John Hancock or the stability provider to terminate the contract. Most stabilizing agreements also may be terminated by the stability provider due to adverse changes in applicable laws, regulations or accounting treatment. Replacement stabilizing agreements may not be available and participants may experience losses if the market value of the separate account assets no longer covered by the stabilizing agreement is below contract value.

At December 31, 2015, the Plan administrator believes the occurrence of an event that would limit the ability of the stable value fund to transact at contract value with the participants in the fund is not probable.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of investment gain (loss) per the financial statements to Form 5500 for the year ended December 31, 2015:

	2015
Investment gain (loss) from pooled separate accounts per the financial statements	$ (160,157)
Prior year adjustment from fair value to contract value for fully benefit-responsive investment contracts	(32,386)
Current year adjustment from fair value to contract value for fully benefit-responsive investment contracts	54,441
Investment gain (loss) from pooled separate accounts per Form 5500	$ (138,102)

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 11,213,932	$ 13,195,172
Adjustment to reconcile employer contribution from cash basis to the accrual basis	(116,173)	-
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	54,441	32,386
Net assets available for benefits per Form 5500	$ 11,152,200	$ 13,227,558

11. INCOME TAXES AND INCOME TAX STATUS

The Plan has analyzed it filing positions in all jurisdictions where it is required to file income tax returns, and found no positions that would require a liability for unrecognized income tax benefits to be recognized. The Plan has established that they will deduct any interest and penalties assessed as interest deductions in its financial statements. The Plan is subject to tax examinations for the years 2013 through 2015.

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code as a tax-exempt organization. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the plan sponsor believes that the Plan continues to qualify and to operate as designed.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has determined that there are no uncertain tax positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

12. SUBSEQUENT EVENTS

Management evaluates, as of each reporting period, events or transactions that occur after the date of the statement of net assets available for benefits through the date that the financial statements are issued or are available to be issued. The Plan has evaluated its financial statements as of December 31, 2015 for subsequent events through October 14, 2016, the date the financial statements were available to be issued, and determined that no recognized subsequent events and nonrecognized subsequent events existed.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of EZ Loader Boat Trailers, Inc. Amended and Restated Employee's 401(k) Profit Sharing Plan and Trust ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance on internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds Plan's investment assets and executes investment transactions. The Plan's administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the EZ Loader Boat Trailers, Inc. Amended and Restated Employee's 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established by a resolution of the Board of Directors of EZ Loader Boat Trailers, Inc. (the Plan Sponsor) on May 27, 1969. The Plan and Trust agreement was subsequently amended and restated. The Plan was created to provide certain benefits to employees in the event of retirement, permanent disability, death, or termination of employment. The Trust is designed to constitute a part of the EZ Loader Boat Trailers, Inc. Amended and Restated Employee's 401(k) Profit Sharing Plan, which qualifies for tax exemption under Section 401 of the Internal Revenue Code.

The Plan is a defined contribution plan which covers eligible employees of the Plan Sponsor who have completed one year of service. In 1991 the Plan was amended to include a 401(k) salary deferral arrangement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all subsequent statutory revision thereto.

Eligibility

All employees who are employed by the Plan Sponsor or any affiliate who has adopted the Plan are eligible to be enrolled in the Plan.

Contributions

The Plan contains provisions for the following types of contributions:

- Participants may make voluntary tax-deferred contributions to the Plan through payroll deductions of up to 100% of pretax annual compensation subject to Internal Revenue Service maximum limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participating employees may make additional voluntary contributions (in after-tax dollars) up to 10% of their gross compensation. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans.
- The Plan Sponsor may make employer matching contributions for participants making voluntary tax-deferred contributions. Such matching contributions are at the discretion of the Plan Sponsor's Board of Directors. The Plan Sponsor may contribute an amount equal to 50% of the employee's before-tax contribution, up to a maximum of 5% of the employee's annual compensation. During the year ended December 31, 2014, no employer matching contribution was made. During the year ended December 31, 2015, the Plan Sponsor made a matching contribution of $116,173.

Each participating employee may designate the percentage of his or her total contribution, including the Plans Sponsor's matching portion, to be invested in any of the available investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN, Continued:

Payments of benefits

Participants are eligible to receive 100% of their account balance at normal retirement (age 65), death, or permanent disability. Participants who terminate employment are eligible to receive their vested account balance after separation from service.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Net assets of the Plan are obligated for the benefits which have accrued to participating employees. Participant salary deferrals are fully vested at all times. Such benefits which have accrued to a participating employee attributable to employer contributions are vested (i.e., become nonforfeitable) pursuant to a prescribed schedule. The vesting schedule provided 20% vesting after one year of covered service, and additional 20% vesting for each year thereafter, until five years of covered service whereupon employees are 100% vested.

Notes receivable from participants

Participants may borrow from their account up to the lesser of 50% of their vested account balance or $50,000. Loan terms cannot exceed five years except for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest, as determined by the plan administrator. Principal and interest are paid ratably through periodic payroll deductions.

Administration of the Plan

The Plan is administered by a committee (the Administrative Committee) consisting of the Plan Sponsor management. The Plan assets are held and invested by the Plan's custodian, John Hancock Life Insurance Company (John Hancock), in accordance with the Adoption Agreement with the Administrative Committee. Records of participant account activity are processed and maintained by the custodian who also perform other administrative support services for the Plan. Substantially all expenses of operating and maintaining the Plan are paid by the Plan.

Forfeitures

To the extent attributable to matching contributions, forfeitures are first allocated to reduce employer matching contributions for the Plan year in which the forfeiture occurs. Forfeitures of employer profit sharing contributions are allocated to the remaining participants' accounts. During the year ended December 31, 2015 there were $345 in forfeitures that reduced the employer contribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in Accounting Standards Codification 962 (ASC 962) "Plan Accounting – Defined Contribution Pension Plans", investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by ASC 962, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

When management determines that participant loans are uncollectible, a loan loss provision is recognized. At December 31, 2015 and 2014, management believes that all material participant loans are collectible.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

Fully Benefit-Responsive Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits as of December 31, 2015 and 2014 present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

Fair Value Measurement

For each major category of assets and liabilities that are measured at fair value (see Note 3) on a recurring basis, the following hierarchy levels are:

- Level 1
    - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2
    - Inputs to the valuation methodology include:
        - Quoted prices for similar assets or liabilities in active markets;
        - Quoted prices for identical or similar assets or liabilities in inactive markets;
        - Inputs other than quoted prices that are observable for the asset or liability;
        - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
    - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3
    - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Recent Accounting Pronouncements

In May, 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)." ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. For non-public business entities, ASU 2015-07 is effective for fiscal years beginning after December 15, 2016. The Plan has not yet adopted this standard.

3. FAIR VALUE MEASUREMENTS

At December 31, 2015 and 2014, financial assets of the Plan are as follows:

	2015	2014
Life insurance company pooled separate accounts (fair value hierarchy Level 2)	$ 10,790,254	$ 12,981,121
Common/collective trust fund (fair value hierarchy Level 2)	$ 325,036	$ 204,884

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: The fair value of the units in pooled separate accounts is based on the estimated daily net asset value (NAV) of the underlying investments, as reported to the Plan by the contract issuer. The NAV, as provided to the custodian, is used as a practical expedient to estimate fair value. The pooled separate accounts are comprised of underlying securities that can be valued on active markets.

Common/collective trust fund: The Plan invests in the John Hancock Stable Value Fund (see note 9) which is a collective investment trust fund sponsored by John Hancock. Common/collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

4. INVESTMENTS

The Plan's investments were held and maintained by John Hancock at December 31, 2015 and 2014. The fair value of investments at December 31, 2015 and 2014 (investments that represent 5% or more of the Plan's net assets in either year are separately identified), as certified by the Plan's custodian were as follows:

	2015	2014
Pooled separate accounts:		
JH Thru 2020 Active Strategy	$ 678,858	$ 1,078,743
JH Ret To 2030 Managed Port	991,799	1,264,536
JH Ret To 2025 Managed Port	1,971,223	2,310,386
JH Ret To 2020 Managed Port	2,169,087	2,842,297
JH Ret To 2015 Managed Port	-	815,933
JH LS Agg Active Strategy	1,341,441	1,343,144
	7,152,408	9,655,040
Less than 5%		
Other pooled separate accounts	3,637,846	3,325,866
Common/collective trust:		
John Hancock Stable Value Fund	325,036	204,884
Money market:		
John Hancock USA Cash Account	-	215
Total investments at fair value	11,115,290	13,186,005
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(54,441)	(32,386)
Total investments, net	$ 11,060,849	$ 13,153,619

The Plan's investments depreciated in fair value by $162,632 and appreciated in fair value by $2,475 for pooled separate accounts and the common/collective trust, respectively, for a total depreciation of $160,157 for the year ended December 31, 2015. Additionally, during the year interest and dividends earned were $1,906.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets include pooled separate accounts and common/collective trusts fund managed by the Plan's custodian; therefore, these transactions qualify as party-in-interest (or related party) transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in pooled separate accounts and common/collective trusts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. BENEFITS PAYABLE

There were no benefits payable to persons who have withdrawn from participation in the Plan at December 31, 2015 and 2014.

9. STABLE VALUE FUND

The Plan invests in the John Hancock Stable Value Fund which is a collective investment trust fund sponsored by John Hancock. The fund's primary investment objectives are to preserve principal, maintain a competitive interest rate, and provide daily liquidity at contract value for plan-permitted, participant-directed withdrawals. The fund invests primarily in diversified fixed-income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock, and in contract value stabilizing agreements offered by high-quality financial institutions. The stabilizing agreements are designed to offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at contract value. Contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustment for withdrawals.

Crediting rates on contracts are net of fees to the provider. The calculation of the crediting rate incorporates the book value, market value, duration, and current market yield rates of assets held. Interest crediting rates are typically reset monthly; however, under certain circumstances (such as during periods of high market volatility, unexpected cash in-flows or unexpected withdrawals), it may be reset more frequently. Under the terms of the contract, the crediting rate will not be less than 0%. Periodic resets of the crediting rate may be affected by, among other things, i) changes in the market value of assets, (ii) income, gains and losses with respect to assets, (iii) fees and expenses incurred in asset management and the operation of related accounts or contracts, (iv) the timing and amount of cash in-flows and withdrawals, and (v) the terms and conditions of relevant benefit responsive contracts.

9. STABLE VALUE FUND, Continued

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund is expected to have a constant contract value of $1.00, although there is no assurance that it will remain constant at $1.00. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either up to a 12-month hold or a market value adjustment, as elected by the Plan Sponsor. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

In addition, a breach of material obligation under a stability agreement could cause John Hancock or the stability provider to terminate the contract. Most stabilizing agreements also may be terminated by the stability provider due to adverse changes in applicable laws, regulations or accounting treatment. Replacement stabilizing agreements may not be available and participants may experience losses if the market value of the separate account assets no longer covered by the stabilizing agreement is below contract value.

At December 31, 2015, the Plan administrator believes the occurrence of an event that would limit the ability of the stable value fund to transact at contract value with the participants in the fund is not probable.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of investment gain (loss) per the financial statements to Form 5500 for the year ended December 31, 2015:

	2015
Investment gain (loss) from pooled separate accounts per the financial statements	$ (160,157)
Prior year adjustment from fair value to contract value for fully benefit-responsive investment contracts	(32,386)
Current year adjustment from fair value to contract value for fully benefit-responsive investment contracts	54,441
Investment gain (loss) from pooled separate accounts per Form 5500	$ (138,102)

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$ 11,213,932	$ 13,195,172
Adjustment to reconcile employer contribution from cash basis to the accrual basis	(116,173)	-
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	54,441	32,386
Net assets available for benefits per Form 5500	$ 11,152,200	$ 13,227,558

11. INCOME TAXES AND INCOME TAX STATUS

The Plan has analyzed it filing positions in all jurisdictions where it is required to file income tax returns, and found no positions that would require a liability for unrecognized income tax benefits to be recognized. The Plan has established that they will deduct any interest and penalties assessed as interest deductions in its financial statements. The Plan is subject to tax examinations for the years 2013 through 2015.

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code as a tax-exempt organization. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the plan sponsor believes that the Plan continues to qualify and to operate as designed.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has determined that there are no uncertain tax positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

12. SUBSEQUENT EVENTS

Management evaluates, as of each reporting period, events or transactions that occur after the date of the statement of net assets available for benefits through the date that the financial statements are issued or are available to be issued. The Plan has evaluated its financial statements as of December 31, 2015 for subsequent events through October 14, 2016, the date the financial statements were available to be issued, and determined that no recognized subsequent events and nonrecognized subsequent events existed.
