Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Lincoln National Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year), for the year ended December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. Description of Plan

General

Siplast, Inc. Money Purchase Pension Trust (Plan) was established January 1, 1986, for eligible employees of Siplast, Inc. (Company). The Plan is a defined contribution plan designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA). Lincoln National Life Insurance Company (Lincoln) (Custodian) acts as Custodian for the Plan pursuant to an agreement between the Custodian and the Company. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Eligibility

The Plan covers substantially all employees of the Company who are at least 18 years of age and have completed one year of service.

Contributions

Each year the Company will contribute an amount equal to 4.3% of the participant's compensation (limited to \$265,000) plus an additional 4.3% of the participant's compensation in excess of \$37,800. Participants may direct these contributions made on their behalf to any of the investments available under the Plan. Participants are not allowed to contribute to the Plan. All contributions to the Plan are made by the Company. Participants may make rollover contributions to this Plan from another qualified plan.

Vesting

Employer contributions vest 20% per year, beginning after the second anniversary of the participant's hire date, with full vesting occurring after the sixth year.

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce the Company's contribution for the Plan year. Forfeitures of \$9,097 were used to reduce the Company's contribution for the year ended December 31, 2015. At December 31, 2015 and 2014, the forfeiture balance was \$23,296 and \$2,437, respectively.

Siplast, Inc. Money Purchase Pension Trust

Notes to Financial Statements

Termination of the Plan

While the Company has not expressed any intent to do so, it may terminate the Plan at any time. In the event the Plan is terminated, participants would become fully vested in their account balances, and net assets of the Plan would be distributed to participants in accordance with the provisions of the Plan.

Participant Accounts

Each participant's account is credited with the allocation of the Company's contribution and Plan earnings. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Certain administrative expenses may be charged directly to the participants' accounts incurring those expenses.

Distributions to Participants

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum payment, installment payments, or payment through the purchase of an annuity contract, equal to the value of the participant's vested account balance.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits and the statement of changes in net assets available for benefits present the contract value of the investment contracts, which has been determined to be fair value.

Siplast, Inc. Money Purchase Pension Trust

Notes to Financial Statements

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan presents the net change in fair value of pooled separate accounts, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in pooled separate accounts and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provides certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan.

ASU 2015-12 is effective for periods ending after December 15, 2015, with early adoption permitted and requires retrospective application to all periods presented. Parts I and II were adopted by the Plan for the year ended December 31, 2015. There was no impact to the net assets available for benefits as of December 31, 2015 or 2014 as a result of the adoption.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted. The Plan has elected to early adopt and there was no impact to the net assets available for benefits as of December 31, 2015 or 2014 as a result of the adoption.

4. Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1 - quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Siplast, Inc. Money Purchase Pension Trust

Notes to Financial Statements

Level 2 - quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 - valuations derived from valuation techniques in which one or more significant inputs are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts

These investments are valued at their accumulation unit value (AUV). The separate accounts are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically the beginning AUV is \$10.00) and is then determined daily based on the net asset value (NAV) of shares of the underlying fund, the fund's dividends and the contract's separate account charges. The fund NAV's are available from the Custodian or, in some cases, from national exchanges. The contract's daily asset charge (separate account charge) is communicated to Plan management in the contract and applicable notice of change.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The investments held by the Plan are measured using Level 2 inputs.

The following table sets forth the Plan's assets at fair value as of December 31, 2015 and 2014:

	<u>2015</u>	<u>2014</u>
Investments at fair value- pooled separate accounts	\$ 10,308,031	\$ 12,227,318

5. Investments

The Plan entered into a fully benefit-responsive investment contract with Lincoln. Lincoln maintains the contributions in a general account. The account is credited with earnings based on the guaranteed interest crediting rate and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported by Lincoln. The guaranteed account issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

Siplast, Inc. Money Purchase Pension Trust

Notes to Financial Statements

As described in Note 2, because the guaranteed account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Market value adjustments and surrender charges could limit the ability of the Plan to initiate a transaction at contract value and result in an adjustment to the net asset value. There are not any events that allow the issuer to terminate the contract and which require the Plan administrator to settle at an amount different than contract value paid either within 60 days or over time.

6. Financial Information Certified by the Plan's Custodian (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Lincoln, the Custodian and a party-in-interest as defined by ERISA, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2015	2014
Investments at fair value-pooled separate accounts	\$ 10,308,030	\$ 12,227,318
Fully benefit-responsive investment contract at contract value	5,505,627	3,424,512
Total	<u>\$ 15,813,657</u>	<u>\$ 15,651,830</u>
Interest and dividends	<u>\$ 185,144</u>	
Net depreciation in fair value of investments	<u>\$ (418,593)</u>	

7. Tax Status

The prototype Plan document obtained its latest determination letter on August 7, 2001, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The prototype Plan document has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the Plan's financial statements.

Siplast, Inc. Money Purchase Pension Trust

Notes to Financial Statements

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the IRS for three years from the date of filing.

8. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and an investment contract managed by Lincoln. Lincoln is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

9. Subsequent Events

Plan management evaluated subsequent events after the statement of net assets available for benefits date of December 31, 2015 through October 14, 2016, which was the date the financial statements were available to be issued, and concluded that no additional disclosures are required.
