## NOTE 1 DESCRIPTION OF THE PLAN

The following description of Weaver Companies 401(k) Plan (the Plan) (formerly Weaver Boos 401(k) Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a single-employer defined contribution plan, covering the employees of Weaver Consultants Group, LLC (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of six other related companies, which are part of a controlled group, are participants in the Plan. The Company has the right to amend the Plan at any time by action of its board of directors. In no event, however, will an amendment retroactively reduce the accrued benefit of any participant or beneficiary unless such amendment is required by the Internal Revenue Code (IRC).

Effective February 15, 2015, the Plan changed its name to Weaver Companies 401(k) Plan.

### Eligibility

Employees of the Company who have reached 21 years of age and completed six months and 500 hours of service are eligible to participate in the Plan. All employees of the Company, excluding interns and Special Project employees, are eligible to participate. Eligible employees may become Plan members on the first day of each quarter after attainment of eligibility.

Effective January 1, 2016, employees who have reached 21 years of age are eligible to make elective deferral contributions after 60 days of service. Eligible employees may become Plan members in the deferral component of the Plan on the first day of the month after attainment of eligibility. To participate in employer matching contributions and employer non-elective contributions, employees must have reached 21 years of age and completed six months and 500 hours of service. Employees may become Plan members for the purpose of receiving employer contributions on the first day of each quarter after attainment of eligibility.

### Contributions

The Plan permits eligible employees, through a salary deferral election, to make annual contributions of up to 100% of eligible compensation. Employee rollover contributions from other qualified plans are also permitted. The Company is making discretionary matching contributions equal to 50% of the employee's salary deferral, not to exceed 6% of eligible compensation. Matching contributions are calculated using annual compensation with a "True Up" made after year-end.

The Plan also allows qualified non-elective contributions to be paid by the Company. All such contributions are to be allocated to the qualified non-elective contribution account and shall be fully vested and subject to the restrictions on distributions on that account. There were no qualified non-elective contributions for the years ended December 31, 2015 and 2014, respectively.

## NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

### Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

### Investment Options

Participants must direct their salary deferral and Company contributions to selected investments as made available and determined by the Plan. Participants may change their investment options at any time. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for Plan participants.

### Notes Receivable from Participants

The Plan agreement includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The maximum amount of a loan is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the voluntary savings and vested portion of Company contributions. All loans are secured by the balance in the participant's account and bear interest at a rate of 3.25%. The loan policy states that all loans are to be issued at the prime rate, 3.25% as of December 31, 2015 and 2014. The term of the loan cannot exceed five years, unless it is for the purchase of a primary residence, and must be repaid through payroll withholdings. These loans mature on various dates through August 2028.

### Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings (or losses) thereon is based on years of continuous service. A participant's account in the Plan becomes 20% vested after two years of credited service and increases 20% for each additional credited year until fully vested after six years of continuous service. In addition, 100% vesting occurs upon the normal retirement, death, or disability of a participant.

### Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his/her account or installments over a period of time not to exceed the participant's life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the vested interest in his/her account as a lump sum distribution.

## NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

### Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used first to pay administrative expenses, and any remaining amounts may be used to reduce the Company's contributions, including qualified non-elective contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately $15,615 and $9,018, respectively. Administrative expenses were reduced by approximately $557 and $9,888 from forfeited non-vested accounts, net of revenue sharing, for the years ended December 31, 2015 and 2014, respectively. Company match contributions were reduced by approximately $51,525 and $-0- from forfeited non-vested accounts for the years ended December 31, 2015 and 2014, respectively. Of the $51,525, $3,032 was allocated to participants in 2016 for the 2015 match contribution "True up."

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

### Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of Plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to early adopt Parts I and II.

### Use of Estimates in Preparing Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

## NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable, if any, are reclassified as distributions based upon the terms of the Plan document.

**Payment of Benefits**

Benefits are recorded when paid.

**Administrative Expenses**

At the Company's discretion, administrative expenses may be paid by the Company or the Plan. Administrative expenses not paid by the Plan are paid by the Company.

## NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

## NOTE 3 FAIR VALUE OF INVESTMENTS (CONTINUED)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

| | 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual Funds | $ 12,344,346 | $ - | $ - | $ 12,344,346 |
| Total Investments at Fair Value | $ 12,344,346 | $ - | $ - | $ 12,344,346 |

## NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of the investments, interest and dividends, and interest income from notes receivable from participants for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company, the Insurance Company, and Great-West Trust Company, LLC, the Custodian of the Plan.

## NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has a traditional fully benefit-responsive investment contract with Great-West Life & Annuity Insurance Company, the Insurance Company. The Insurance Company maintains the contributions in a general account. The account is credited with earnings, based on the daily balance and the interest rate in effect, and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid as soon as administratively feasible, or in rare circumstances, at the end of the contract term.

## NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

## NOTE 6 ADMINISTRATION OF PARTICIPANT BALANCES

Participants' accounts are managed by Great-West Retirement Services (GWRS) under a formal agreement. GWRS prepares summaries of participants' account balances. All of the necessary calculations performed for the Plan to properly comply with existing laws and regulations are the responsibility of GWRS and the administrator. This includes contribution requirements, necessary allocations to participant accounts, and the necessary completed tax forms for reporting to the Internal Revenue Service (IRS) and the Department of Labor (DOL).

## NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

## NOTE 8 PLAN TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the IRS dated March 31, 2014, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the IRC and that any company adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related Trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

## NOTE 8 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a guaranteed investment contract managed by Great-West Life & Annuity Insurance Company (Great-West), the Insurance Company, and therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for brokerage and investment advisory services are included in net appreciation (depreciation) in fair value of investments, as they are not direct payments. In addition, the Plan has several fee arrangements with other service providers. Fees paid to service providers are party-in-interest transactions under ERISA.

## NOTE 10 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## NOTE 11 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:

| | 2015 | 2014 |
|---|---|---|
| Net Increase in Net Assets Available for Benefits per the Financial Statements | $ 1,003,612 | $ 2,001,314 |
| Net Change in Excess Contributions Payable | - | (10,073) |
| Net Increase in Net Assets Available for Benefits per Form 5500 | $ 1,003,612 | $ 1,991,241 |

## NOTE 12 NONEXEMPT TRANSACTION

For the year ended December 31, 2015, the Employer failed to remit an employee 401(k) deferral contribution for one payroll period within the timeframe prescribed by the DOL. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Employer will correct the prohibited transaction by depositing the lost earnings, filing the required Form 5330 with the IRS, and paying the appropriate excise tax.

## NOTE 13 SUBSEQUENT EVENTS

Management evaluated subsequent events through October 13, 2016, the date the financial statements were available to be issued.

Effective January 1, 2016, the Plan was restated to comply with tax legislation.
