Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company and Principal Trust Company, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian and its subsidiaries as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan administrator by the custodians of the Plan is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter – Change in Accounting Principle

As discussed in Note 2 to the financial statements, the Plan has changed its method of measurement of fully benefit-responsive investment contracts and its presentation for plan investment disclosures due to the adoption of Financial Accounting Standards Board Accounting Standards Update 2015-12, Plan Accounting. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

UNITED WAY OF CENTRAL IOWA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the United Way of Central Iowa 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established on July 1, 2001. It generally covers all employees of United Way of Central Iowa and participating agencies who agree to contribute a percentage of their effective compensation through a salary reduction, provided they have attained the age of 21 and have completed 1 full year of employment in which 1,000 hours are worked, except for Employee & Family Resources (EFR) which does not have the 1 full year of employment or 1,000 hours restrictions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year, participants may contribute up to 20 percent of pretax annual compensation, with the exception of participants at EFR, who may contribute up to 100 percent of pay, as defined in the Plan. There is no minimum deferral percentage. Six of the eight agencies have the option of automatic enrollment of participants unless the participant opts out. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately 30 investment options with Principal Life Insurance Company. United Way of Central Iowa and participating agencies shall each have the discretion in determining employer contributions.

Rollover transfers:

With the consent of the Plan administrator, the insurance company may receive and invest amounts transferred in from other qualified plans. Total rollover contributions for 2015 and 2014 were \$201,974 and \$198,961, respectively.

Vesting:

Participants are immediately 100 percent vested in participant contributions. Participants begin accruing vesting services in employer contributions on the date of employment and are 100 percent vested after 5 or more full years of service, except one participating agency in which participants are 100 percent vested after 2 or more years of service.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan: (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions and an allocation of (a) the agency's contribution, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The company decides which investment options are available for each account. The participant then decides which investment options to use. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator. Interest income is recorded on the accrual basis. Principal and interest is paid ratably through payroll deductions. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. Delinquent participant loans are reclassified as benefit payments based on the terms of the Plan document. Loans are allowed only by United Way of Central Iowa and Polk County Health Services.

Forfeitures:

Forfeited balances of terminated participants are used by United Way of Central Iowa and participating agencies as a credit for the employer portion of contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$1,078 and \$421, respectively. Forfeited balances of \$18,980 and \$33,180, respectively, were used to reduce the Plan Sponsor and participating agency contributions for the years ending December 31, 2015 and 2014.

Payment of benefits:

Upon retirement or death, the participant or beneficiary may elect to receive the value of their account in a lump sum cash payment or one of a variety of annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are recorded when paid.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan: (Continued)

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Sponsor administration and operating expenses:

United Way of Central Iowa absorbs certain administrative costs on behalf of the Plan.

New accounting pronouncement:

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investment by nature, characteristics and risk. Further, the disclosure of information about fair value measurement shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to early adopt Parts I and II, which is applied retrospectively.

Note 2. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits, with the exception of fully benefit-responsive common collective trusts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

Note 2. Fair Value Measurements: (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices of similar assets or liabilities in active markets or quoted prices for identical or similar assets in inactive markets, and Level 3 inputs have the lowest priority. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of registered investment accounts is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts and common collective trusts are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from observable market data.

Level 3 Fair Value Measurements

The Plan has no Level 3 inputs.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December, 31 2015 and 2014, there were no significant transfers into or out of Level 3.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair values as of December 31, 2015 and 2014:

		Fair Value Measurements Using		
		Quoted Prices in active Markets for Identical Assets Level (1)	Significant Other Observable Inputs Level (2)	Significant Unobservable Inputs Level (3)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2015 and 2014, are reported in net appreciation in fair value of investments.

Note 3. Investment Contract with Insurance Company

As of December 31, 2014, the Plan offered an investment in Principal Stable Value Fund (PSVF), a common collective trust. During the year ended December 31, 2015, this investment was replaced by the Principal Stable Value Z Fund (PSVZF). The PSVF and PSVZF are deemed to be benefit-responsive investment contracts with Union Bond & Trust Company (Trustee). Morley Financial Services, Inc. is the parent company of the trustee and a wholly-owned subsidiary of the Principal Financial Group, Inc. (Principal). The funds have various types of investment contracts, including but not limited to, guaranteed investment contracts, synthetic investment contracts and cash equivalents. The net asset values of the funds are determined each business day by the Trustee. The Trustee maintains the contributions in accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value as reported to the plan by Principal. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in Note 1, the investments in PSVF and PSVZF are common collective trusts and the investment contracts are fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero percent. Such rates are reviewed on a monthly or quarterly basis for resetting.

NOTES TO FINANCIAL STATEMENTS

Note 3. Investment Contract with Insurance Company: *(Continued)*

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan document (including complete or partial plan termination or merger with another plan), (b) merger or consolidation of investors, (c) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spinoffs that cause a significant withdrawal from the plan), (d) termination or partial termination of the Fund, (e) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTES TO FINANCIAL STATEMENTS

Note 6. Plan Termination

Although it has not expressed any intent to do so, the organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7. Related Party Transactions

Certain expenses of the Plan are paid by United Way. Pooled separate accounts and common/collective trusts in schedule H, line 4(i), schedule of assets (held at end of year) are managed by Principal Life Insurance Company and Principal Trust Company, respectively. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$72,522 and \$70,445 for the years ended December 31, 2015 and 2014, respectively.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Income Tax Status

The Internal Revenue Service has determined and informed the company by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 10. Transfer of Plan Assets

In 2014 a participating agency withdrew from the United Way 401(k) Plan. Assets with a value of \$1,025,546, were liquidated and transferred out of the Plan. No participating agency withdrew from the plan in 2015.

Note 11. Date of Management's Review

Subsequent events were evaluated through October 12, 2016, the date the financial statements were available to be issued.
