Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements and supplemental schedule of assets (held at end of year). We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executed investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

I.C. THOMASSON ASSOCIATES, INC. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE 1 - DESCRIPTION OF PLAN

The following description of the I.C. Thomasson Associates, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution 401(k) plan covering all full-time employees of I.C. Thomasson Associates, Inc. (the "Employer", the "Company" or the "Plan Sponsor") who have completed six months of service. Employees are eligible to participate in the Plan on the first day following the fulfillment of these requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Sponsor's management.

CONTRIBUTIONS

Each year, participants may contribute a portion of their compensation on a pretax of post tax basis, up to 75%, as defined in the Plan document, limited to the maximum allowable under the Internal Revenue Code ("IRC"). Under the IRC, the maximum deferral allowed was $18,000 for 2015. Participants who have attained age 50, or are projected to attain age 50 before the close of the calendar year, may make additional contributions up to $6,000 in 2015 in accordance with the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("Rollovers").

The Company may make discretionary matching and nonelective contributions to the Plan each year. For the year ended December 31, 2015, the Company elected to make a discretionary matching contribution to the Plan in an amount equal to 100% of each participants contribution to the Plan, up to 3% of each Plan participant's eligible compensation. There were no non-elective contributions in 2015.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions (including Rollovers), Plan earnings (losses), and an allocation of any Company contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on formulas as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct the investment of their account balances into various investment options offered by the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

PARTICIPANT ACCOUNTS (CONTINUED)

Upon distribution of the account to a participant who separates from service before vesting, the portion of the account attributable to the non-vested portion of the Company's contribution is forfeited.

VESTING

Participants are immediately vested in their salary deferral contributions and Rollovers, plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A Plan year during which a participant works at least an hour is counted as one year of vesting service. Vesting in the Company's contributions is based six-year graded vesting schedule in accordance with the Plan documents, as described below:

Years of Service	Percentage
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

The Plan provides for 100% vesting of Company contributions and earnings thereon upon attainment of normal retirement age of 65, disability or death.

PAYMENT OF BENEFITS

On retirement, death, disability, termination of service, or the attainment of age 59-1/2, a participant (or participant's beneficiary in the event of death) may elect to receive a lump sum distribution or periodic payments over a period of not more than the participant's assumed life expectancy.

FORFEITURES

Forfeitures of non-vested account balances are used to reduce plan administrative expenses or the Company's discretionary contributions as directed by the plan administrator. As of December 31, 2015 approximately $11,000 was in the forfeiture account. No forfeitures were used during the year ended December 31, 2015.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participant loans are secured by up to 50% of the participants' vested account balance. Interest rates are calculated based on rates determined by the plan administrator based on the prevailing market interest rates (1.00% - 4.25% as of December 31, 2015). Principal and interest are paid ratably through payroll deductions. Loan repayment period are for a maximum of five years unless the loan is for the purchase of a principal residence, in which case the repayment period can be up to 30 years.

HARDSHIP WITHDRAWALS

A participant who is experiencing a financial hardship, as defined in the Plan document, may request a withdrawal of all or any portion of such participant's salary deferral contributions, Rollovers plus earnings, if any. For the year ended December 31, 2015, hardship withdrawals amounted to $5,575, which is included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 4 for discussion of fair value measurements.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

INVESTMENT VALUATION AND INCOME RECOGNITION (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent notes receivable are treated as distributions based upon the terms of the Plan document.

BENEFIT PAYMENTS

Benefits are recorded when paid.

ADMINISTRATIVE AND INVESTMENT EXPENSES

Administrative and investment expenses incurred in relation to the maintenance of the Plan are paid by the Plan Sponsor and the Plan. For the year ended December 31, 2015, expenses incurred by the Plan totaled approximately $9,700. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits and the accompanying Statement of Changes in Net Assets Available for Benefits.

The plan administrator, through its investment advisor, monitors the Plan's investments and the risks associated therewith on a regular basis, which the plan administrator believes minimizes these risks.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent).* The ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. This guidance also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as a practical expedient. The Plan elected to adopt this new standard for the year ended December 31, 2015 and for the prior year presented. The Plan did not assign a level to the fair values of collective trust funds as these funds measure fair value using the net asset value per share as a practical expedient.

In July 2015, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) Part I. Fully Benefit-Responsive Investment Contracts; Part II. Plan Investment Disclosures; and Part III. Measurement Date Practical Expedient.* The amendments remove the requirement to:

- Report fully benefit-responsive investment contracts at fair value. Contract value is the only required measure for fully benefit-responsive contracts.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.

The Plan adopted ASU No. 2015-12 for the year ended December 31, 2015 and for the prior year presented. Accordingly, certain 2014 disclosures that are no longer required were removed.

RECLASSIFICATION

Certain amounts from the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, the related investment activity reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015, and the information reflected in the accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, are described as follows:

LEVEL 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

LEVEL 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money Market Fund
Value at the daily closing price as reported by the fund. The money market fund is an open-end money market fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund is deemed to be actively traded.

Self-Directed Brokerage Account
Accounts primarily consist of mutual funds and common stocks that are value on the basis of readily determinable market prices. Self-Directed Brokerage Accounts are deemed to be actively traded.

Mutual Funds
Valued at daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund
The stable value fund is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

		Assets at Fair Value as of December 31, 2015			
		Level 1	Level 2	Level 3	Total

** In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The Well Fargo Stable Value Fund M meets this criteria. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying Statements of Net Assets Available for Benefits.

INVESTMENT MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

INVESTMENT MEASURED USING THE NET ASSET VALUE PER SHARE PRACTICAL EXPEDIENT (CONTINUED)

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund M	$2,561,854	N/A	Daily	12 Months

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund M	$2,667,656	N/A	Daily	12 Months

NOTE 5 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company, which is the trustee of the Plan. Therefore, administrative expenses paid to the trustee of the Plan qualify as party-in-interest transactions. Fees paid by the Plan for certain investment management services are included in net appreciation (depreciation) in fair value of investments. Party-in-interest transactions also include transactions with any person who provides services to the Plan, and an employer whose employees are covered by the Plan.

NOTE 6 - TAX STATUS

The Plan uses a prototype nonstandard plan which received its latest opinion letter, dated March 31, 2008, from the Internal Revenue Service ("IRS") which states that the prototype plan, as then designed, was in compliance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 8 - SUBSEQUENT EVENTS

The Plan has evaluated events through October 17, 2016 the date these financial statements were available to be issued.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2014, to Schedule H, Form 5500:

Re: Required communications between Marcum and Those Charged With Governance

In accordance with auditing standards generally accepted in the United States of America ('GAAS"), Marcum LLP ("Marcum" or the "Firm"), as auditors of IC Thomasson Associates, Inc. 401(k) (the "Plan"), is required to determine that certain matters related to the conduct of our audit are communicated to the body or individuals (including management) charged with governance (hereafter referred to as the "Those Charged with Governance"). GAAS requires the auditor to ensure that Those Charged with Governance receive additional information regarding the scope and results of the audit that may assist them in overseeing the financial reporting and disclosure process, for which management is responsible.

1. The Auditor's Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated July 28, 2016 as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, we completed a limited-scope audit and the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the accompanying financial statements and the supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

2. Other Information in Documents Containing Audited Financial Statements

Our responsibility does not extend beyond the financial information identified in the audit report, and we are not required to perform any procedures to corroborate any other information in documents containing our audit report. However, we are required to read the other information included in the Plan's Form 5500 as prescribed by AU-C Section 720, "Other Information in Documents Containing Audited Financial Statements," and to conclude whether there is any material inconsistency or material misstatement with the information presented in the Plan's financial statements. With respect to our audit of the Plan's financial statements, we are aware of no such material inconsistencies or material misstatements included in the other information contained in the documents with the audited financial statements.

3. Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you. We would be pleased to meet with you to further discuss any of the following matters at your request:

- The allocation of responsibilities between Those Charged With Governance and management.
- The Plan's objectives and strategies, and the related business risks that may result in material misstatements.
- Matters you have identified that warrant particular attention during the audit, and any areas where you request additional procedures to be undertaken.
- Significant communications with regulators.
- Other matters you believe are relevant to the audit of the financial statements.
- The attitudes, awareness, and actions of Those Charged With Governance concerning (a) the Plan's internal control and its importance in the Plan, including how Those Charged With Governance oversee the effectiveness of internal control and (b) the detection or the possibility of fraud.

- The actions of Those Charged With Governance in response to developments in financial reporting, laws, accounting standards, corporate governance practices, and other related matters.
- The actions of Those Charged With Governance in response to previous communications with the auditor.

4. Qualitative Aspects of the Plan's Significant Accounting Policies

   There are no specific matters that we believe should be communicated to you. However, we would be pleased to meet with you at your convenience to discuss your significant accounting policies. Since the primary responsibility for establishing the Plan's accounting principles rests with management, such a discussion should generally include the Plan's management as a participant.

5. Management Judgments and Significant Accounting Estimates

   There were no significant accounting estimates used during the period.

6. Financial Statement Disclosures

   The most sensitive disclosures affecting the Plan's financial statement is Note 4: Fair Value Measurements.

   The financial statement disclosures are neutral, consistent and clear.

7. Significant Difficulties Encountered During the Audit

   We encountered no significant difficulties in dealing with management relating to the performance of the audit.

8. Uncorrected and Corrected Misstatements

   Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were noted during the audit.

9. Disagreements with Management

   There were no such disagreements.

10. Management Consultations with Other Accountants

    To our knowledge, no such consultations were made by management.

11. Other Matters

Supplementary Information

We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves and no discrepancies were noted.

Defaulted Loans

During our testing of participant loans, we noted that the loans defaulted during the year were not accounted for correctly. The Plan Administrator should review loan activity during the year, assess collectability and make corrections as necessary. Any loans found to be in default should be recorded as a distribution to the participant. We recommend distributions to participants for loans that are in default status as of the Plan year ended December 31, 2015.

Documentation of Loan Requests and Hardship Withdrawals

During our testing of participant loans, we noted that supporting documentation for the purpose of loans and hardship withdrawals were not readily available for review. We recommend keeping all documentation in participant's HR files to support the need for loans or hardship withdrawals to ensure the Plan is in compliance with defined plan provisions.

ERISA Bonding Requirements

As of December 31, 2015, the Plan did not maintain an adequate ERISA Bond to cover fiduciaries and individuals within the Plan Sponsor that handle Plan funds or other property. ERISA Bonds provides a level of protection over Plan funds or other property from the misappropriation of assets and/or other criminal acts by those overseeing the Plan. We recommend the Plan secure the necessary ERISA Bond to be in compliance with the DOL ERISA bonding requirement through the plan's termination.

12. Fraud or violations of Laws and Regulations

There were no fraud or violations of laws and regulations noted.

13. Independence

There are no matters that we gave significant consideration to in reaching our conclusion that our independence has not been impaired.

This report is intended solely for the information and use of the 401(k) Committee, Plan Administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Marcum LLP
