BAKER COMMODITIES
SUPPLEMENTAL RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

NOTE 1 — DESCRIPTION OF THE PLAN:

The following description of the Baker Commodities Supplemental Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for complete information.

General

The Plan is a cash deferred arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"), covering non-union and certain union employees of Baker Commodities, Inc. (the "Company"). The Plan was established for the purpose of providing retirement benefits for employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is administered by the Pension Committee, members of which are appointed by the Company's Board of Directors. In general, contributions to the Plan, as well as investment earnings, are tax deferred. The Plan was adopted April 1, 2007.

Eligibility

Non-collective bargained employees and certain union employees are eligible to participate in the Plan upon completing two months of service and reaching 21 years of age.

Contributions

Employees may elect to contribute up to 100% of their eligible compensation into the Plan. Salary deferrals cannot exceed a maximum deferral as determined annually by the Internal Revenue Service. During the years ended December 31, 2015 and 2014, a participant's pre-tax elective deferral contributions were limited to $18,000 and $17,500, respectively. Participants 50 years of age or older, are eligible to make an additional $6,000 and $5,500 catch up contribution for the years ended December 31, 2015 and 2014, respectively.

Effective January 1, 2013, the Company converted the plan to a safe harbor plan, covering all eligible employees who are not covered by the Company's defined benefit pension plan. The Company now makes a 3% contribution regardless of the amount of each plan participant's elective deferrals. The Company may make additional discretionary contributions to the plan, as approved by the Company's Board of Directors.

During the years ended December 31, 2015 and 2014, the Company's contributions to the Plan were approximately $828,000 and $790,000, respectively.

NOTE 1 — DESCRIPTION OF THE PLAN: (Continued)

The investment custodian maintains an account in the name of each participant. Each eligible participant's account is credited with (a) the participant's contributions, (b) the allocated amount of the Company's discretionary contribution, if any, and (c) an allocation of Plan earnings. Plan earnings, by investment fund, are allocated daily by the investment custodian on the basis of the ratio that each eligible participant's account balance in the fund as of the beginning of the day bears to the total account balances of all participants in the respective fund.

Employees are permitted to obtain loans from the Plan in certain instances.

Investments

Participants may direct the investment of their individual contributions and any Company discretionary contributions in any one or more of the investment funds established for the Plan. Participants may elect to change the investments of their contributions and any Company discretionary contributions, or to transfer all or part of their account balances, among the various investment funds in increments of one percent.

Vesting

Participant contributions are fully vested when made. Company contributions to certain union employee plans vest based upon credited years of service.

Distributions and Payment of Benefits

The normal retirement age is 65. Upon the death, disability or retirement at or after normal retirement age of a participant who had not incurred a separation from service, their account is fully vested. A participant who incurs a termination of employment prior to normal retirement age is entitled to that portion of Plan benefits earned to date, with vesting based upon the years of service credited as of the date of termination.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Forfeitures

Forfeitures of terminated participants' non-vested account balances may be used to pay expenses or

NOTE 1 — DESCRIPTION OF THE PLAN: (Continued)

reduce employer contributions. During the years ended December 31, 2015 and 2014, forfeitures of approximately $3,600 and $4,900, respectively, were used to reduce expenses or employer contributions. At December 31, 2015 and 2014, the unallocated forfeiture balance was $15,942 and $12,201, respectively.

Plan Expenses

Administrative expenses and fees of the Plan and the trust are to be paid out of trust assets. The Company may, however, at its discretion reimburse the trust for such administrative expenses. During the years ended December 31, 2015 and 2014, the Company paid approximately $25,100 and $84,000, respectively, for such expenses. As of December 31, 2015, the plan owed the Company approximately $15,800 for expenses paid on behalf of the plan.

Notes Receivable from Participants

Notes receivable from participants are secured by the participant's account balance and may not exceed the lesser of 50 percent of the participant's account balance or $50,000 in the aggregate for any individual participant. Loan maturity is not to exceed five years, except in the case where the loan is used to acquire or construct the participant's principal residence, in which case loans may be extended up to 10 years.

Loans bear interest at annual rates varying with the prime interest rate plus one percent on the date the loan is processed. At December 31, 2015, the annual rate of all notes outstanding ranged between 5.25 percent through 9.50 percent. Principal and interest are paid ratably through payroll deductions and on occasion directly from the participant to the Plan's investment custodian.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis, in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Contributions made by participants and the employer are recorded on the accrual basis. Contributions are recognized during the period in which the related compensation was earned.

Benefit payments to participants are recorded when paid.

Investment valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Investments are primarily held in pooled separate accounts of the John Hancock Life Insurance Company

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

U.S.A. as investment custodian. Units of pooled separate accounts are valued at quoted market prices, which represent the net asset value of units held by the Plan at year end. Pooled separate accounts are similar to mutual funds.Net appreciation includes the Plan's net gains and losses, as well as reinvested dividends during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and changes therein and disclosure of contingent assets at the date of the financial statements. Significant estimates are made in determining fair value of investments in pooled separate accounts. Actual results could differ from those estimates.

Concentration, Market Risks and Uncertainties

Plan assets consist of various investments, which are exposed to a number of risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified to conform to the 2015 presentations. These reclassifications had no effect on previously reported net assets available for benefits.

Recently Issued Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient (ASU 2015-12). This three part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient. Part I and II are effective for fiscal years beginning after December 31, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted. The Company elected not to early adopt ASU 2015-12 in the year ended December 31, 2015. The Company does not expect the adoption of ASU 2015-12 to have a significant impact on the Plan's financial statements.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (Continued)

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) No. 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its equivalent). The update permits a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value per share of the investment. The new update is effective for annual reporting periods on or after December 15, 2015 and will be applied retrospectively. The Company does not expect the adoption of this accounting guidance to have a significant impact on the Plan's financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS:

Generally Accepted Accounting Principles describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value:

- Level 1 – Quoted prices in active markets for identical assets or liabilities.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly; such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active; or other inputs than can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Pooled separate accounts (PSA) are funds that are only available to the clients of John Hancock Life Insurance Company. The net asset value of a PSA is based on the market value of its underlying investments and is not a publicly quoted price in an active market. These fair values are generally obtained from third party pricing services or determined through the use of valuation models or methodologies, including matrix pricing, using substantially all observable inputs. Prices are validated through an investment analyst review process including direct interaction with external sources, recent trade activity or through the use of internal models. PSA may be redeemed on a daily basis with no redemption restrictions, and investments in any class can be transferred once every thirty-days at the current net asset value per share based on the fair value of the underlying assets. Participants are not allowed to transfer back into that originating class until the thirty-day period has expired. New contributions are allowed during this time period.

Notes receivable from participants, all of which mature by 2028 and are secured by vested account balances of borrowing participants, are stated at the outstanding principal balance plus accrued interest, which approximates fair value.

There were no transfer of investments between Level 1 and 2 inputs during the years ended December 31, 2015 and 2014, respectively.

NOTE 3 - FAIR VALUE MEASUREMENTS: (Continued)

Certain Plan investments are shares of pooled separate accounts managed by John Hancock Investments, which along with John Hancock Life Insurance are members of John Hancock USA. John Hancock Life Insurance Company is also the investment custodian and record keeper as defined by the Plan and, therefore, these other services meet the ERISA definition of party-in-interest transactions. Purchases and sales and the underlying investments comprising are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. NOTE 7 — TAX STATUS OF THE PLAN:

The Plan operates under the provisions of a volume submitter profit sharing employee benefit plan developed by Dissinger Associates Plan Administration & Design, Inc. The Plan administrator has not obtained a specific determination letter from the Internal Revenue Service regarding the Plan's tax status as a qualified employee benefit plan. The Plan has been amended since the Internal Revenue Service issued its determination letter for the volume submitter profit sharing plan. However, the plan administrator, John Hancock Life Insurance Company U.S.A. and the Plan's tax counsel believe that the Plan, as amended, is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has evaluated its tax positions for all open tax years and tax years that subject to examination by the Internal Revenue Service are 2012, 2013 and 2014 tax years. However, the Plan is not currently under audit nor has the Plan been contacted by any jurisdiction. Based on the evaluation of the Plan's tax positions, management believes all tax positions taken would be upheld under an examination. Therefore, no provision for the effect of uncertain tax positions have been recorded for the years ended December 31, 2015 and 2014.

NOTE 8 – SUBSEQUENT EVENTS:

As of June 30, 2016, the date of the most recent available asset valuation, market value of the Plan's investment assets was approximately $9,982,000.
