401(k) PLAN

Notes to Financial Statements

December 31, 2015

NOTE 1 - DESCRIPTION OF THE PLAN

Reynolds Polymer Technology, Inc. is a designer and builder in the acrylic and polymer market with locations in Colorado and Thailand. Effective January 1, 1991 the Company adopted the 401(k) Plan to help provide retirement benefits for its employees. The following description of the Reynolds Polymer Technology, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the plan documentation for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) profit sharing, safe harbor plan sponsored by Reynolds Polymer Technology, Inc. available to its employees for the exclusive benefit of each employee's participants and their beneficiaries. The plan covers employees of the Company who have served six consecutive months of service and are eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Ascensus, Inc. serves as custodian of Plan assets.

Contributions

Participants may contribute pretax annual compensation as defined by the Plan not to exceed the maximum of \$ 18,000 for Plan year 2015 with catch up contributions. The Plan also permits participant rollover contributions.

The Company matches 100% of a participant's elective deferrals up to maximum of 3% of each participant's compensation. The company matches 50% of participant's elective deferrals from 3-5% of each participant's compensation.

The Company determines and declares annually an employer profit sharing contribution. There was no profit sharing contribution declared by the Company for 2015.

Contributions are subject to limitations set by the Internal Revenue Service.

Participant Accounts

Each active participant's account is credited with the participant's contributions and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. Company matching contributions would also be allocated to the participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant notes fund. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime rate plus one percentage point. Roth deferral loans are not permitted.

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, the participant will receive the benefits in a single lump sum amount if the value of the participant's vested benefit derived from employer and employee contributions does not exceed \$5,000 and has never exceeded \$5,000 at the time of any prior distribution. Rollovers are an option in lieu of a lump sum. For accounts greater than \$5,000, a distribution or rollover is not required, but the Employer may distribute the entire balance at their discretion based on certain criteria. Participants must receive minimum distributions as defined by the Internal Revenue Code after reaching the age of 70 1/2.

Vesting

Participants are immediately vested in their contribution and matching contributions, plus active earnings thereon. Participants are 100% vested upon entering the plan.

Forfeitures

The forfeiture process is a transfer of shares proportionate to the participant's unvested percentage. Forfeitures are applied to reduce Employer contributions on matching contributions, excess contributions and profit sharing contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States, have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of Investment and Income Recognition

Investments are based on quoted market values as of December 31, 2015. Purchases and sales of securities are recorded on a trade date basis. Interest, dividend and capital gain income are reported to Ascensus by the investment company as they are posted to the Plan's accounts. The dividends and capital gains are then allocated by Ascensus on a pro-rata basis to all participants with share balances in the fund as of the day the dividends and/or capital gains are credited.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

2015	<u>Fair Value Measurements Using:</u>			
		Quoted Prices In Active Markets for Identical Assets <u>(Level 1)</u>	Observable Prices Either Directly or Indirectly But Not Quoted Prices <u>(Level 2)</u>	Significant Unobservable Inputs <u>(Level 3)</u>
	<u>Fair Value</u>			
Mutual Funds	3,501,036	3,501,036	0	0
Participant loans	99,613	0	0	99,613
Total	<u>3,600,649</u>	<u>3,501,036</u>	<u>0</u>	<u>99,613</u>

Statement of Financial Accounting Standards Board ASC 820, Fair Value Measurements, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they are generally the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements - The fair value of Pooled Separate Accounts is based on the observable values of the underlying investments and underlying pools of securities.

Level 3 Fair Value Measurements - The fair value of General Investment Accounts is liquidation value based on actuarial formulas with no observable price. The fair value of the Participant Loans is equal to the amortized cost of the loans. The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the loans is equal to the amortized cost of the loans because the loans are secured by each respective participants account balance.

Notes to Financial Statements

Purchases, sales, issuances and settlements (net)	<u>(9,161)</u>

NOTE 4 - INVESTMENTS AND INFORMATION CERTIFIED BY CUSTODIAN

The information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Ascensus, Inc., but has not been individually examined by independent auditors.

The following is a listing of those investments, which represent 5% or more of the fair value of net assets available for benefits as of December 31, 2015.

	1,685,499
Total of funds representing less than 5% of the Plan's net assets	<u>1,935,179</u>
Total	<u><u>3,620,678</u></u>

Notes to Financial Statements

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan termination, all amounts credited to the Participants' accounts will become 100% vested.

NOTE 6 - RELATED PARTY TRANSACTIONS

The majority of Plan investments are in mutual funds managed by the custodian of the Plan and, therefore, these transactions qualify as party-in-interest. Per the Department of Labor, these transactions are considered exempt party-in-interest transactions.

NOTE 7 - TAX STATUS

The Plan has obtained a tax determination letter in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - SUBSEQUENT EVENTS

Subsequent Events - Subsequent events are defined as events or transactions that occur after the financial statement date, but before the financial statements are issued. Management has evaluated subsequent events through October 6, 2016, the date the financial statements were available to be issued. An amendment of the Plan took effect February 15, 2016. IRS Form 14568, signed July 12, 2016, involves non-compliance matters surrounding loans issued in 2012, 2013, and 2014. Corrective matters have been implemented and accepted by the IRS.

Note 9 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
