INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Hartman Newspapers L.P. Profit Sharing Plan and Trust
Houston, Texas

We were engaged to audit the accompanying financial statements of Hartman Newspapers L.P. Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Ascensus Trust Company, the asset custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the asset custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the asset custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2015 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the asset custodian, have been audited by us in accordance with generally accepted auditing standards in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Hartman Newspapers L.P. Profit Sharing Plan and Trust (the Plan) was adopted effective October 1, 1979 and restated September 1, 2004 to establish a savings and investment plan for the exclusive benefit of the employees of Hartman Newspapers L.P., Brenham Banner Press, Wharton County Newspaper, Inc., and Hartman Publications, Inc. (the Company and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting, which is acceptable under the Department of Labor Rules and Regulations. Dividend income is recognized when earned.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options. Investments are exposed to certain risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating such investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Common/collective trust investments are reported at contract value.

Benefit-Responsive Fund - The common/collective trust invests primarily in asset-backed contracts that are fully benefit-responsive and are stated at contract value. These asset-backed contracts have two components: (1) a portfolio of securities or underlying assets and (2) a wrap contract. Pursuant to the contract, the issuer of the contract (wrap provider) undertakes to repay the principal amount deposited plus accrued interest less expenses to fund participant-directed withdrawals, transfers and loans. The crediting rate of the asset-backed contract is a function of the relationship between the market value, yield and duration of the underlying assets versus the contract value. If the positive adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value increases, the crediting rate at the next reset date will be negatively impacted and vice versa. Interest rate change is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The asset-backed contract held by the common/collective trust is a fully participating contract. In a fully participating contract, the asset and liability risks may be transferred from the wrap provider to the common/collective trust in the event of a termination or non-participant directed withdrawal, transfer or loan. The risk of this event happening is not probable. The wrap provider may terminate a fully benefit-responsive contract and settle at an amount different from the contract value if the wrap provider of the common/collective trust is unable to meet the terms of the contract.

Federal Income Tax - The Company adopted a Volume Submitter Profit Sharing 401(k) Plan (the Volume Submitter Plan) with deferral arrangements. The Volume Submitter Plan received a favorable opinion letter from the Internal Revenue Service on September 18, 2001, which stated that the Volume Submitter Plan and related trust constitutes a qualified trust under Section 401(b) of the Internal Revenue Code and is therefore, exempt from federal income taxes. The Volume Submitter Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2015.

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2015, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2012 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 4, 2016, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2015.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee is eligible to become a participant in the Plan on the first day of the month coincident with being credited with one year of service and having attained the age of 21.

Contributions - Participants may elect to make contributions to the Plan in an annual amount ranging from 1% to 100% of their compensation exclusive of commissions. Contributions are made through authorized payroll reductions. Participant contributions are limited to $18,000 in 2015 for participants under 50 years of age. For those participants over 50, contributions are limited to $24,000 in 2015. This limitation is adjusted periodically to reflect cost-of-living increases.

NOTE B PLAN DESCRIPTION (CONTINUED)

The Company elected to contribute a matching 401(k) contribution equal to 25% of employee contributions. The Company may make an additional contribution, in an amount determined solely at the discretion of the Directors of the Company. Such additional discretionary contribution, if any, is allocated pro rata to all eligible participants based upon the proportion of the participant's compensation to the total compensation of all eligible participants, not to exceed 5.7% of compensation. The discretionary contribution for 2015 amounted to $138,700, net of forfeitures and the employer matching amounted to $42,595.

Each participant account is credited with the participant's contribution, the Company's contribution, and a pro rata share of the earnings of each fund in which the participant has invested.

Vesting - A participant is immediately fully vested with respect to the portion of the participant's account attributable to participant contributions and related earnings. Any Company elective contributions and related earnings vest as follows:

Full Years of Vesting Service	Vested Interest
1 Year	0%
2 Years	20%
3 Years	40%
4 years	60%
5 Years	80%
6 or more years	100%

Forfeitures of account balances not fully vested are used to reduce future employer contributions to the Plan, allocated to all eligible participants, or to pay administrative expenses of the Plan. Unused forfeitures at December 31, 2015 amounted to $36,230 which were used to fund a portion of the 2015 discretionary contribution received by the Plan in 2016.

Participant Loans - The Plan does not currently allow for participant loans.

Forms of Benefits - The normal form of benefit payable under this Plan is a lump sum. If the amount payable is $5,000 or less, the participant may receive a lump sum distribution as soon as feasible following the date of termination and the optional form of benefit will be a direct rollover to an individual retirement account designated by the Plan Administrator. If the amount payable is greater than $5,000, the participant must give written consent before the distribution can be made. Benefits are recorded when paid.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - Three officers of the Company serve as Trustees of the Plan. The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan.

Plan Termination - The Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments are recorded at fair value or contract value as certified by Ascensus Trust Company. The following table summarizes the investments of the Plan as of December 31, 2015 and 2014:

	2015	2014
Investments at fair value		
Registered Investment Companies	$ 5,411,460	$ 6,080,828
Investments at contract value		
Common/Collective Trust	2,999,010	3,001,062
	$ 8,410,470	$ 9,081,890

2015 income (loss) as certified by Ascensus Trust Company is as follows:

Net investment loss from registered investment companies	$ (362,007)
Net investment gain from common/collective trust	$ 30,884
Dividend income from registered investment companies	$ 331,739

Ascenus Trust Company has also certified the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access. Registered investment companies are valued using Level 1 inputs.

Level 2 – Other significant observable inputs (including quoted prices in active and inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, and includes instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation technique used for investments measured at fair value. There have been no changes in the technique used during 2015 and 2014.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E PROHIBITED TRANSACTIONS

In prior years, the Company was delinquent in forwarding participant employee contributions and held them commingled with its general assets. The Company engaged in nonexempt prohibited transactions under ERISA Section 406. Delinquent contributions from prior years amounting to $162,466 are still pending correction and are therefore included in the schedule of delinquent participant contributions.

Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2015.

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2015, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2012 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 4, 2016, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2015.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee is eligible to become a participant in the Plan on the first day of the month coincident with being credited with one year of service and having attained the age of 21.

Contributions - Participants may elect to make contributions to the Plan in an annual amount ranging from 1% to 100% of their compensation exclusive of commissions. Contributions are made through authorized payroll reductions. Participant contributions are limited to $18,000 in 2015 for participants under 50 years of age. For those participants over 50, contributions are limited to $24,000 in 2015. This limitation is adjusted periodically to reflect cost-of-living increases.

NOTE B PLAN DESCRIPTION (CONTINUED)

The Company elected to contribute a matching 401(k) contribution equal to 25% of employee contributions. The Company may make an additional contribution, in an amount determined solely at the discretion of the Directors of the Company. Such additional discretionary contribution, if any, is allocated pro rata to all eligible participants based upon the proportion of the participant's compensation to the total compensation of all eligible participants, not to exceed 5.7% of compensation. The discretionary contribution for 2015 amounted to $138,700, net of forfeitures and the employer matching amounted to $42,595.

Each participant account is credited with the participant's contribution, the Company's contribution, and a pro rata share of the earnings of each fund in which the participant has invested.

Vesting - A participant is immediately fully vested with respect to the portion of the participant's account attributable to participant contributions and related earnings. Any Company elective contributions and related earnings vest as follows:

Full Years of Vesting Service	Vested Interest
1 Year	0%
2 Years	20%
3 Years	40%
4 years	60%
5 Years	80%
6 or more years	100%

Forfeitures of account balances not fully vested are used to reduce future employer contributions to the Plan, allocated to all eligible participants, or to pay administrative expenses of the Plan. Unused forfeitures at December 31, 2015 amounted to $36,230 which were used to fund a portion of the 2015 discretionary contribution received by the Plan in 2016.

Participant Loans - The Plan does not currently allow for participant loans.

Forms of Benefits - The normal form of benefit payable under this Plan is a lump sum. If the amount payable is $5,000 or less, the participant may receive a lump sum distribution as soon as feasible following the date of termination and the optional form of benefit will be a direct rollover to an individual retirement account designated by the Plan Administrator. If the amount payable is greater than $5,000, the participant must give written consent before the distribution can be made. Benefits are recorded when paid.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - Three officers of the Company serve as Trustees of the Plan. The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan.

Plan Termination - The Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments are recorded at fair value or contract value as certified by Ascensus Trust Company. The following table summarizes the investments of the Plan as of December 31, 2015 and 2014:

	2015	2014
Investments at fair value		
Registered Investment Companies	$ 5,411,460	$ 6,080,828
Investments at contract value		
Common/Collective Trust	2,999,010	3,001,062
	$ 8,410,470	$ 9,081,890

2015 income (loss) as certified by Ascensus Trust Company is as follows:

Net investment loss from registered investment companies	$ (362,007)
Net investment gain from common/collective trust	$ 30,884
Dividend income from registered investment companies	$ 331,739

Ascenus Trust Company has also certified the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access. Registered investment companies are valued using Level 1 inputs.

Level 2 – Other significant observable inputs (including quoted prices in active and inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, and includes instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation technique used for investments measured at fair value. There have been no changes in the technique used during 2015 and 2014.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E PROHIBITED TRANSACTIONS

In prior years, the Company was delinquent in forwarding participant employee contributions and held them commingled with its general assets. The Company engaged in nonexempt prohibited transactions under ERISA Section 406. Delinquent contributions from prior years amounting to $162,466 are still pending correction and are therefore included in the schedule of delinquent participant contributions.

To the Participants and Plan Administrator of
Hartman Newspapers L.P. Profit Sharing Plan and Trust
Houston, Texas

We were engaged to audit the accompanying financial statements of Hartman Newspapers L.P. Profit Sharing Plan and Trust (the Plan), which comprise the statements of net assets available for plan benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Ascensus Trust Company, the asset custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the asset custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the asset custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of delinquent participant contributions and assets (held at end of year) as of or for the year ended December 31, 2015 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the asset custodian, have been audited by us in accordance with generally accepted auditing standards in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Hartman Newspapers L.P. Profit Sharing Plan and Trust (the Plan) was adopted effective October 1, 1979 and restated September 1, 2004 to establish a savings and investment plan for the exclusive benefit of the employees of Hartman Newspapers L.P., Brenham Banner Press, Wharton County Newspaper, Inc., and Hartman Publications, Inc. (the Company and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting, which is acceptable under the Department of Labor Rules and Regulations. Dividend income is recognized when earned.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options. Investments are exposed to certain risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Registered investment companies are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating such investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Common/collective trust investments are reported at contract value.

Benefit-Responsive Fund - The common/collective trust invests primarily in asset-backed contracts that are fully benefit-responsive and are stated at contract value. These asset-backed contracts have two components: (1) a portfolio of securities or underlying assets and (2) a wrap contract. Pursuant to the contract, the issuer of the contract (wrap provider) undertakes to repay the principal amount deposited plus accrued interest less expenses to fund participant-directed withdrawals, transfers and loans. The crediting rate of the asset-backed contract is a function of the relationship between the market value, yield and duration of the underlying assets versus the contract value. If the positive adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value increases, the crediting rate at the next reset date will be negatively impacted and vice versa. Interest rate change is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The asset-backed contract held by the common/collective trust is a fully participating contract. In a fully participating contract, the asset and liability risks may be transferred from the wrap provider to the common/collective trust in the event of a termination or non-participant directed withdrawal, transfer or loan. The risk of this event happening is not probable. The wrap provider may terminate a fully benefit-responsive contract and settle at an amount different from the contract value if the wrap provider of the common/collective trust is unable to meet the terms of the contract.

Federal Income Tax - The Company adopted a Volume Submitter Profit Sharing 401(k) Plan (the Volume Submitter Plan) with deferral arrangements. The Volume Submitter Plan received a favorable opinion letter from the Internal Revenue Service on September 18, 2001, which stated that the Volume Submitter Plan and related trust constitutes a qualified trust under Section 401(b) of the Internal Revenue Code and is therefore, exempt from federal income taxes. The Volume Submitter Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2015.

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2015, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2012 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 4, 2016, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2015.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee is eligible to become a participant in the Plan on the first day of the month coincident with being credited with one year of service and having attained the age of 21.

Contributions - Participants may elect to make contributions to the Plan in an annual amount ranging from 1% to 100% of their compensation exclusive of commissions. Contributions are made through authorized payroll reductions. Participant contributions are limited to $18,000 in 2015 for participants under 50 years of age. For those participants over 50, contributions are limited to $24,000 in 2015. This limitation is adjusted periodically to reflect cost-of-living increases.

NOTE B PLAN DESCRIPTION (CONTINUED)

The Company elected to contribute a matching 401(k) contribution equal to 25% of employee contributions. The Company may make an additional contribution, in an amount determined solely at the discretion of the Directors of the Company. Such additional discretionary contribution, if any, is allocated pro rata to all eligible participants based upon the proportion of the participant's compensation to the total compensation of all eligible participants, not to exceed 5.7% of compensation. The discretionary contribution for 2015 amounted to $138,700, net of forfeitures and the employer matching amounted to $42,595.

Each participant account is credited with the participant's contribution, the Company's contribution, and a pro rata share of the earnings of each fund in which the participant has invested.

Vesting - A participant is immediately fully vested with respect to the portion of the participant's account attributable to participant contributions and related earnings. Any Company elective contributions and related earnings vest as follows:

Full Years of Vesting Service	Vested Interest
1 Year	0%
2 Years	20%
3 Years	40%
4 years	60%
5 Years	80%
6 or more years	100%

Forfeitures of account balances not fully vested are used to reduce future employer contributions to the Plan, allocated to all eligible participants, or to pay administrative expenses of the Plan. Unused forfeitures at December 31, 2015 amounted to $36,230 which were used to fund a portion of the 2015 discretionary contribution received by the Plan in 2016.

Participant Loans - The Plan does not currently allow for participant loans.

Forms of Benefits - The normal form of benefit payable under this Plan is a lump sum. If the amount payable is $5,000 or less, the participant may receive a lump sum distribution as soon as feasible following the date of termination and the optional form of benefit will be a direct rollover to an individual retirement account designated by the Plan Administrator. If the amount payable is greater than $5,000, the participant must give written consent before the distribution can be made. Benefits are recorded when paid.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - Three officers of the Company serve as Trustees of the Plan. The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan.

Plan Termination - The Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments are recorded at fair value or contract value as certified by Ascensus Trust Company. The following table summarizes the investments of the Plan as of December 31, 2015 and 2014:

	2015	2014
Investments at fair value		
Registered Investment Companies	$ 5,411,460	$ 6,080,828
Investments at contract value		
Common/Collective Trust	2,999,010	3,001,062
	$ 8,410,470	$ 9,081,890

2015 income (loss) as certified by Ascensus Trust Company is as follows:

Net investment loss from registered investment companies	$ (362,007)
Net investment gain from common/collective trust	$ 30,884
Dividend income from registered investment companies	$ 331,739

Ascenus Trust Company has also certified the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access. Registered investment companies are valued using Level 1 inputs.

Level 2 – Other significant observable inputs (including quoted prices in active and inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, and includes instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation technique used for investments measured at fair value. There have been no changes in the technique used during 2015 and 2014.

Registered investment companies are valued at the net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation technique is appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E PROHIBITED TRANSACTIONS

In prior years, the Company was delinquent in forwarding participant employee contributions and held them commingled with its general assets. The Company engaged in nonexempt prohibited transactions under ERISA Section 406.
