EDDIE BAUER 401(k) SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2015

Note 1 - Description of the Plan

The following description of the Eddie Bauer 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Eddie Bauer LLC and subsidiaries (the Company). Employees other than union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, certain nonresident aliens who have no earned income from sources within the United States, leased employees, limited part-time associates unless they average 20 hours per week in two consecutive fiscal quarters, corporate temporary employees (unless such part-time or temporary employees complete at least 1,000 hours during a 12 month eligibility computation period), and employees of the Eddie Bauer Service Center division of Eddie Bauer LLC are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Employees may elect to defer up to 80% of their compensation as pre-tax, after-tax, or Roth contributions under the Plan's 401(k) provisions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company makes safe harbor matching contributions equal to 100% of salary deferrals on the first 3% of eligible compensation and 50% of salary deferrals on the next 2% of eligible compensation. The Company may also elect to make additional matching or profit sharing contributions to eligible plan participants. There were no additional matching or profit sharing contributions made in 2015. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and company matching contributions as well as allocations of plan earnings or losses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and safe harbor matching and additional matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions is based on years of continuous service. A participant is 100% vested after five years of credited service. All participants were 100% vested at December 31, 2015.

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The plan administrator will establish a reasonable rate of interest based on prevailing market rates. Principal and interest is paid ratably through payroll deductions.

Benefit Payments - Upon termination of service, retirement, death, disability, reaching age 59½, or certain financial hardships, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. An in-service distribution of certain sources of money is allowed for an active participant at any age.

EDDIE BAUER 401(k) SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2015

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Several of the investment options are subject to investment and administrative fees based on a percentage of invested assets. All such fees are charged directly against investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Transaction based fees for loans and distributions are charged directly to participant accounts. The Company may elect to pay other expenses related to the Plan's administration.

ERISA Reimbursement Credits - The Plan has established an ERISA reimbursement arrangement with Empower Retirement (Empower) whereby Empower will pay to the Plan, on a quarterly basis, a credit which is used as a reduction in the compensation that Empower would otherwise earn in connection with the services it provides to the Plan. No specific funds are segregated in a separate account and the Plan has no right, title, or interests in the credits prior to the time the credits are paid to the Plan. Additionally, no interest will be earned by the Plan for the credits. When the credits are paid to the Plan, the credits will be allocated to the accounts of participants based on the ratio each participant's account balance bears to total account balances at the end of the respective quarter. During 2015, the Plan received \$170,005 in ERISA reimbursement credits and paid \$98,456 for administrative fees from the ERISA reimbursement credits earned.

Recently Adopted Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. In July 2015, the FASB issued ASU No. 2015-12 eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and simplifies certain investment disclosures. The new guidance has been applied retrospectively and had no impact to the Plan's net assets available for benefits.

Subsequent Events - The Plan's management has evaluated subsequent events through October 12, 2016, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Quoted prices for similar assets or liabilities in active markets,

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund - The fund is valued at the NAV provided by the fund's trustee. The fund does not have a readily determinable fair value; however, NAV is calculated in a manner consistent with the measurement principles applicable to investment companies under U.S. GAAP. Therefore, NAV is used as a practical expedient to estimate fair value.

Note 3 - Continued

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	Fair Value Measurements as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 60,213,289	\$ -	\$ -	\$ 60,213,289
Total Assets in the Fair Value Hierarchy	\$ 60,213,289	\$ -	\$ -	60,213,289
Investments measured at NAV ^(a)				3,265,977
Investments at Fair Value				\$ 63,479,266

	Fair Value Measurements as of December 31, 2014			
	Level 1	Level 2	Level 3	Total

Investments measured at NAV ^(a)				3,483,545
Investments at Fair Value				\$ 66,496,526

(a) In accordance with Subtopic 820-10, investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent), as of December 31, 2015 and 2014:

	2015 Fair Value	2014 Fair Value	Redemption Frequency	Redemption Notice Period

Note 4 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2015 and 2014, and investment income or loss and transactions for the year ended December 31, 2015, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian of the Plan. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 5 - Party-in-Interest Transactions

Putnam Fiduciary Trust Company (Putnam), an affiliate of the Plan's recordkeeper and custodian, is the trustee of Plan's stable value collective trust fund. Therefore, transactions with this investment and fees paid from the Plan to Putnam and its affiliates qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Direct fees paid by the Plan to Great-West Life & Annuity Insurance Company, the recordkeeper, were approximately \$98,000 for the year ended December 31, 2015.

Note 6 - Income Tax Status

Effective July 21, 2014, the Company adopted a Putnam prototype plan document. Putnam received an opinion letter from the IRS dated May 18, 2011, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
