1. DESCRIPTION OF THE PLAN

The following description of Alliant Insurance Services, Inc. 401(k) Savings and Investment Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General — The Plan is a defined contribution plan covering substantially all employees of Alliant Insurance Services, Inc., which is a wholly owned subsidiary of Alliant Holdings, L.P. (the "Company"). The Company is the plan sponsor. The Plan was established on January 1, 2000, as restated on December 31, 2011, to enable eligible employees to make pre-tax contributions to the Plan; thereby providing employees with an opportunity to accumulate funds for their retirement. Employees are eligible to participate in the Plan once they have attained age 21 and have completed one month of service. The board of directors of the Company controls and manages the operation and administration of the Plan. American United Life Insurance Company ("AUL") served as Recordkeeper and Custodian of the Plan through June 28, 2015. Effective June 29, 2015, Transamerica Retirement Solutions Corporation serves as Recordkeeper and Custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions — Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Matching contributions are at the discretion of the Company. During 2015, the Company made matching contributions of 75% of the first 4% of the participant's tax-deferred compensation. For certain Producers, Sales Persons, and Senior Executives, the Company's maximum employer contribution is $1,000. For all other employees, the Company's maximum employer contribution is $3,000.

Rollover Contributions — Amounts represent employee funds transferred into the Plan from similar plans of prior employers.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution (if any), allocations of Company discretionary contributions (if any), and Plan earnings, and is charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments — Upon enrollment in the Plan, a participant may direct contributions into any of the investment options, as described in each fund's prospectus. The Plan currently offers 27 investment options for participants.

Vesting — Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A year of credit service is defined under the Plan as 1,000 hours in a calendar year. A participant vests at 20% per year of credited service and is 100% vested after five years

of credited service. A participant becomes 100% vested in all Company contributions when a participant retires, dies, or becomes permanently disabled, reaches the age of 65 while employed, or if the Plan is terminated.

Participant Loans — Participants may borrow from their fund accounts a minimum of $1,000 to a maximum of the lesser of 50% of vested accounts or $50,000. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions. The term of any loan to a participant shall be no greater than five years, except for special loans to participants for the purchase of a principal residence, which may have a term up to 30 years. The limitations on the types and amounts of loans are determined by the plan administrator. At December 31, 2015, interest rates ranged from 4.25% to 9.25% on the participants' loan balances, which mature through 2045.

Payment of Benefits — Participants can withdraw all or a portion of their vested amounts if they have reached age 59-1/2, have a financial hardship (as defined in the Plan), or terminate their employment with the Company.

Forfeited Accounts — Unvested amounts forfeited by terminated employees are used to reduce employer contributions and to offset Plan expenses. During the Plan year ended December 31, 2015, approximately $12,700 of forfeitures were used to reduce employer contributions. Unallocated forfeitures as of December 31, 2015 were approximately $725,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could be materially different from those estimates.

Risks and Uncertainties — The Plan invests in mutual funds, which contain U.S. government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Pooled separate accounts are valued at estimated fair value as determined by the issuer of the pooled separate account based on fair market value of the underlying investments. The fixed account is stated at contract value which is calculated by discounting the related cash flows based on yields of similar instruments with comparable durations.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan or the Company as provided in the Plan document.

Payment of Benefits — Benefits are recorded when paid. As of December 31, 2015 and 2014, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but who have not yet been paid.

Excess Contributions Payable —The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

New Accounting Standards — FASB issued Accounting Standards Update ("ASU") No. 2015-07, fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), in May 2015. The amendments in this update apply to reporting entities that elect to measure the fair value of an investment within the scope of paragraphs 820-10-15-4 through 15-5 using the net asset value per share (or its equivalent) practical expedient in paragraph 820-10-35-59. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefits Plans (Topic 965): (Part I) Fully Benefit –Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciate or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that measure using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan The ASU is effective for fiscal years beginning after December 15, 2015 with early adoption permitted. Parts I and II are to be applied retrospectively.

The Plan elected to early adopt ASU 2015-07 and the applicable parts of ASU 2015-12.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS & TRUSTEE (UNAUDITED)

The Plan Administrator elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, for the years ended December 31, 2015 and 2014, American United Life Insurance Company and Transamerica Retirement Solutions Corporation, Custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification No. 820 ("ASC 820"), *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 – Valuation is based upon quoted prices in active markets for identical assets or liabilities.

Level 2 – Valuation is based upon other significant observable inputs (including quoted prices for similar assets or liabilities in active markets, identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, etc.).

Level 3 – Valuation is based upon significant unobservable inputs, including the reporting entity's own assumptions in determining the fair value of investments.

As discussed in Note 2, The Plan adopted ASU No. 2015-07 which removed the requirement to categorize and disclose investments for which fair value is measured using the NAV per share as the practical expedient within the fair value hierarchy. All of the Plan's investments recorded at fair value of $167,040,982 and $146,360,110 at December 31, 2015 and 2014, respectively, are pooled separate accounts. The pooled separate accounts are valued, as a practical expedient, based on the Custodian's net asset value of units held by the Plan at 2015 and 2014. The calculated NAV is directly related to the net asset value of the underlying investment adjusted for dividends or distributions received by the Custodians and the daily equivalent of any fees charged. The investments held by each pooled separate account are valued based on other observable inputs.

5. FIXED ACCOUNT

As of December 31, 2015 and 2014, the Plan had a fixed account investment option maintained by the Custodians. The fixed account is held through the Custodians' general account and a number of variable investment options through the Custodians' separate account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed

account is included in the financial statements at contract value as reported to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Custodians are contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the Custodians, but may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

Limitations on the Ability of the Fixed Account to Transact at Contract Value:

Certain conditions or restrictions apply to transfers in connection with the fixed account. Transfers are allowed at any time from each account provided:

- the fixed account transfer is not directed into a competing investment option;
- a transfer into a competing investment option from any non-competing investment option has not occurred within 90 days; and
- a partial surrender has not occurred within 90 days.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and the fixed account were managed by the Custodians and Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

During 2015, the Plan received a credit of $100,000 against plan expenses. Plan expenses of $210,768 as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2015, are recorded net of the $100,000 credit.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. TAX STATUS

The Plan most recently received a favorable tax determination letter from the IRS dated July 10, 2012, which states that the Plan qualifies under the applicable provisions of the Internal Revenue Code and that it is therefore exempt from federal income taxes. In the opinion of the Company, the Plan continues to meet the Internal Revenue Code requirements and is currently operating such that its exempt status has been maintained. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the IRS. The tax positions taken by the Plan have been analyzed and, as of December 31, 2015, there were no uncertain tax positions taken or expected to be taken that would

require recognition of a liability, asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2012.

9. SUBSEQUENT EVENT

The Company has evaluated subsequent events through October 13, 2016, the date the financial statements were issued.
