THALES INCENTIVE 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF THE PLAN

The following description of the Thales Incentive 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Thales USA and related companies (collectively the "Company" or "Sponsor"). Fidelity Management Trust Company ("FMTC") is the Plan's trustee and custodian. Fidelity Investments Institution Operations Company, Inc. is the Plan's recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following related companies participate in the Plan:

Thales Avionics, Inc.
Thales Components Corporation
Thales Defense and Security, Inc.
Thales e-Security, Inc.
Thales Finance Corporation
Thales Transport & Security, Inc.
Thales USA, Inc.
Thales Visionix, Inc.
ThalesTV LLC

Eligibility – Full-time employees who are at least 18 years old, and have worked for 30 days may enter the Plan upon meeting the eligibility requirements. Part-time employees who are least 18 years old may enter the Plan upon completing six months of service with at least 500 hours, or 12 months of service with at least 1,000 hours. The Plan is not open to leased employees, nonresident aliens, union employees who are not covered under the plan by a collective bargaining agreement, transferred employees from another country, and temporary employees for a specific time period or assignment.

Contributions – Participants may make voluntary contributions of up to 99% of annual pretax compensation as defined in the Plan, subject to certain Internal Revenue Code ("IRC") provisions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company has declared a safe-harbor matching contribution of 100% of the first 4% of each participant's contributions. Matching contributions are made with every payroll.

The Company also makes an additional fixed employer contribution each payroll that is equal to 3% of eligible compensation. A participant need not be deferring a portion of his or her earnings into the Plan in order to receive the fixed employer contribution.

Participant Accounts – Each participant's account is credited with the participant's contributions and the Company's contributions, plus Plan earnings, less distributions taken by a participant, and expenses charged to specific participants related to loan fees, etc. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting – All contributions and related earnings are immediately vested. Previous Plan agreements contained different vesting provisions, and forfeitures related to those consist of balances of approximately $47,000 and $54,000 at December 31, 2015 and 2014, respectively. Forfeitures in the amount of $14,085 were used during 2015 to offset employer contributions.

Investment Options – Upon enrollment in the Plan, a participant directs his or her contributions and the Company's contributions to the Plan's investment options, comprised of mutual funds, a common collective trust ("CCT") and a money market fund.

Effective March 1, 2012, participants may also have an individually directed brokerage account. Each participant may invest all or any part of the vested portion of his account through the self-directed brokerage option. Under the self-directed brokerage option, the participant selects the Investment Funds and the underlying investments for such funds. The Sponsor may limit investments under the self-directed brokerage option to those investments available through a particular broker or program, and may limit the types of securities available. Expenses associated with a participant's use of the self-directed brokerage option shall be changed to the participant's account.

Payment of Benefits – At termination, the vested participant whose balance is greater than $5,000 may elect to receive a lump-sum distribution equal to the value of the participant's vested account balance. If a participant's balance is less than $1,000, the Plan Administrator will direct the Trustee to make a lump sum distribution to the participant. If a participant's balance is greater than $1,000 but less than $5,000, the Plan Administrator may roll the account balance into an IRA for the benefit of the participant if the participant does not elect to take a distribution.

In-Service Distributions – Participants who are still employees of the Company and who have reached the age of 59 ½ may take an in-service distribution.

Hardship withdrawals are available to the plan participants for reasons as defined in the Plan Document. Withdrawals may be taken from the participant's deferral contributions account only. A participant taking a hardship withdrawal may not make deferral contributions for six months. A participant may take only one hardship withdrawal in a one-year period.

Notes Receivable from Participants – Participants may borrow a minimum of $1,000 and a maximum of the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Effective May 1, 2012, the interest rate on notes receivable for participants was increased to the Reuters rate plus 2% on the first day of the month in which the loan was taken. Principal and interest is paid ratably through payroll deductions. A participant may have two loans outstanding at one time.

Administrative Expenses – The Plan's expenses may be paid by the Plan or the Company, at the option of the Company. Participants who initiate a loan are charged a fee to do so.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements and supplemental schedule of the Plan are prepared under the accrual basis of accounting in accordance with accounting practices generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is accrued when earned.

Management fees and operating expenses charged to the Plan for investments in mutual funds and the CCT are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for doubtful accounts is considered necessary.

Contributions – Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Other Income – The Plan has entered into a revenue sharing agreement with Fidelity. During the year ended December 31, 2015, the Plan received $229,121 in recaptured revenue. The balance in this account at December 31, 2015 is $238,720.

Payment of Benefits – Benefits are recorded in the year paid.

Accounting Standards Update – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which, among other things, amends Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The ASU is effective for reporting periods beginning after December 15, 2015, and early application is permitted. This standards update is to be applied retrospectively, and management has elected to adopt this early.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Date of Management's Review – Subsequent events have been evaluated through October 10, 2016, which is the date the financial statements were available to be issued, and there were no events requiring disclosure.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Mutual Funds and Money Market Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Common collective trust ("CCT") – Stated at net asset value as determined by the Fidelity based on the cost of the underlying investments, plus accrued interest less amounts withdrawn to pay benefits.

Individually Directed Brokerage Accounts – Consist of money market funds and mutual funds. The fair value of these investments is discussed above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value at December 31, 2015 and 2014, as follows:

December 31, 2015	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 332,333,804			$ 332,333,804

Investments measured at net asset value:				
Common collective trust **(a)**				14,712,585

December 31, 2014	Fair Value Measurements Using:			
	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 316,336,103			$ 316,336,103
Money market	19,330,851			19,330,851

Investments measured at net asset value:				
Common collective trust **(a)**				13,034,191
Total investments at fair value				$ 350,689,774

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments. The stable value fund's investment objective is to seek preservation of capital and to provide competitive level of income over time that is consistent with the preservation of capital.

4. RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility due to the level of risk associated with certain investment securities. It is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the financial statements.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments represent shares of money markets, mutual funds and a CCT managed by FMTC. FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

6. INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2015 and 2014, and for the year ended December 31, 2015:

- Investments, at fair value
- Notes receivable from participants and related interest income
- Other income
- Net depreciation in fair value of investments
- Interest and dividend income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service, dated June 9, 2015, stating that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
