Notes to the Financial Statements

December 31, 2015 and 2014

5

NOTE 1 – DESCRIPTION OF PLAN

The following description of the DOLET HILLS LIGNITE COMPANY (the “Company”) 401(K) SAVINGS PLAN (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a tax-qualified defined contribution plan under Section 401(a) of the Internal Revenue Code which provides retirement, disability or death benefits for full-time employees of the Company, without consideration of age or service requirements. A participant is eligible for employer profit sharing contributions on the day the participant first performs an hour of service as an eligible employee. The Plan is subject to various provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is an amendment and restatement of a pre-existing plan which was originally effective as of August 1, 1986.

Contributions and Allocations

Each year, participants may contribute up to eighty percent (80%) of pretax annual compensation (“eligible compensation” as defined under the Plan), not to exceed maximum annual contribution limits established by the Federal Government. The elective deferral limitations for 2015 and 2014 amounted to \$18,000 and \$17,500 each year, respectively. In addition, during the year which a participant attains age fifty (50) and in subsequent years, the participant may elect to make additional unmatched, pretax “catch up” contributions of up to \$6,000 and \$5,500 each year, respectively.

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make non-elective contributions to the plan. The Company’s non-elective contribution is allocated to eligible participants based upon their compensation in proportion to the compensation of all participants eligible to receive an allocation for the allocation period. An allocation of the Company’s non-elective contribution shall be made to each participant during the plan year that is employed as of the last day of the plan year, or has died, retired, or become totally disabled during the plan year. Non-elective contributions totaled \$631,689 for the year ended December 31, 2015.

A safe harbor matching contribution by the Company for the plan year is discretionary for each plan year. Safe harbor matching contributions shall be equal to one hundred percent (100%) of a participant’s elective deferrals, including catch-up contributions, not to exceed four percent (4%) of the participant’s total compensation. Safe harbor matching contributions totaled \$546,446 for the year ended December 31, 2015.

Participant Accounts

Under the Plan, elective deferrals made by participants and any employer contributions are placed into investment accounts, as directed by the participant, which are then credited with gains and losses at each valuation date. Valuation is performed daily. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Vesting

Under the Plan, participants are immediately vested in their elective deferral contributions and all safe harbor employer contributions, plus actual earnings thereon.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of \$1,000 up to the lesser of \$50,000 or fifty percent (50%) of their account balance. Participants may not have more than one (1) outstanding loan at a time. Loan repayment periods may not extend past five years.

Loans must be secured with an irrevocable pledge and assignment of the participant's vested interest in his or her account. No more than fifty percent (50%) of the balance in the participant's account may be considered by the Plan as security.

Loans bear interest at a fixed rate established by the Plan Administrator, set at one percent higher than the bank prime rate when the loan is made. In no circumstances may the rate be less than U.S. Prime rate plus 1%.

Principal and interest is paid ratably as of each payroll withholding period by the participant through payroll deductions.

Payment of Benefits

On termination of service for reasons other than death, participant accounts with vested interest valued at less than one thousand dollars (\$1,000) will be distributed in the form of a lump-sum distribution of the participant's total account balance. Participant accounts with vested interest valued at greater than one thousand dollars (\$1,000), a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution or as partial payments in amounts requested from time to time. Upon death, a participant's beneficiaries must distribute the entire account balance before December 31 of the calendar year containing the fifth anniversary of the participant's death.

In-service distributions of a participant's vested interest are permitted by the Plan for participants that have attained age fifty-nine and one-half (59 ½.).

Hardship distributions are permitted by the Plan. These distributions are allowed only in circumstances to pay for immediate and heavy financial need, as defined by the plan.

The Plan permits rollover contributions to the Plan. Rollover contributions remain in segregated rollover accounts and may be withdrawn by the participant at any time.

The Plan administrator may delay payment to participants for a reasonable time for administrative convenience.

Forfeited Accounts

Forfeitures are amounts which cannot be paid to terminated participants because they were not one hundred percent (100%) vested upon separation from service with the Company. All plan participants are fully vested in employee deferral, employer matching and discretionary contributions. Therefore, there are no forfeited accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

DOLET HILLS LIGNITE COMPANY 401(K) SAVINGS PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

7

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its investment contract (the fixed rate fund) which is valued at contract value (NOTE 3.)

The fair value of the participation units owned by the plan in insurance company pooled separate accounts is based on quoted redemption values.

Net appreciation in the fair value of Plan assets reflected in the Plan's statement of changes in net assets available for benefits includes realized capital gains and losses, interest and unrealized appreciation or depreciation. Purchases and sales of units of participation in the insurance company pooled separate account are recorded on a trade-date basis. Interest and dividends are recorded when received.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Loan defaults are considered to have occurred if any scheduled payment remains unpaid as of the end of the last day of the calendar quarter following the calendar quarter in which the required payment was due.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Although not required, the Company, as Plan Sponsor, may pay the related costs of administering the Plan. Expenses paid by the Company on behalf of the Plan are not reflected in the financial statements of the Plan.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework of measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

DOLET HILLS LIGNITE COMPANY 401(K) SAVINGS PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

8

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

- Level 2 inputs to the valuation methodology include the following:
 - o Quoted prices for similar assets or liabilities in active markets
 - o Quoted prices for identical or similar assets or liabilities in inactive markets
 - o Inputs other than quoted prices that are observable for the asset or liability
 - o Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Insurance Company Pooled Separate Accounts

Plan assets are represented by a "unit of account" and a per unit value whose value is the result of the accumulated values of the underlying investments. While the majority of the underlying asset values are based on quoted prices, the net asset value (NAV) of the pooled separate accounts is not publically quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance communication required. The Plan is permitted to redeem investment units at NAV on the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Topic 820, pooled separate accounts, which are measured at net asset value per share (or its equivalent), have not been classified in a fair value hierarchy. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2014.

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	4,879,277	N/A	Daily	None

DOLET HILLS LIGNITE COMPANY 401(K) SAVINGS PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

NOTE 4 – GROUP ANNUITY CONTRACT WITH INSURANCE ENTITY

The Plan has a fully benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company ("Prudential"). The Guaranteed Income Fund (GIF) is a group annuity product issued by Prudential Retirement Insurance and Annuity Company (PRIAC). Amounts contributed to the contract are deposited in PRIAC's general account. Payment obligations and the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of PRIAC. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value, which approximates fair value. Contract value, as reported to the plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on multiple factors. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally, there are no events that could limit the ability of the plan to transact at contract value paid within 90 days or in certain rate-based circumstances, paid over time.

The investment contract does not permit the insurance entity to terminate the agreement prior to the scheduled maturity date.

NOTE 5 – RELATED PARTY TRANSACTIONS

For the periods involved the Plan's assets were invested in mutual fund portfolios managed by Prudential Retirement Insurance and Annuity Company, the Custodians of the Plan. These transactions qualify as parties-in-interest.

The plan issues loans to participants, which are secured by the vested balances in the participants' accounts.

Additionally, Dolet Hills Lignite Company, Inc., the Plan sponsor, provides certain accounting and administrative services for which no fees are charged.

NOTE 6 – PLAN AMENDMENT OR TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. The Company may also amend the Plan. However, no amendment can reduce benefits already earned by the participants. In the event of termination, participants are entitled to the full amount in their account as of the date of termination, regardless of the percent vested at the time of termination.

DOLET HILLS LIGNITE COMPANY 401(K) SAVINGS PLAN

Notes to the Financial Statements

December 31, 2015 and 2014

10

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on August 10, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 11, 2016, which is the date the financial statements were available to be issued.

Effective January 1, 2016, the Dolet Hills Lignite Company 401(k) Savings Plan merged into the American Electric Power System Retirement Savings Plan. As of that date, contributions into the Dolet Hills Lignite Company 401(k) Savings Plan were discontinued.

NOTE 10 – RECENT ACCOUNTING PRONOUNCEMENTS

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of this ASU is not applicable to the Plan. Part II of this ASU eliminates the requirement for a plan to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. The amendments in this Update are effective for annual reporting periods beginning after December 15, 2015 and early adoption is permitted. Effective December 31, 2015, we have adopted the amendments in this Update and have retrospectively applied them to all financial statements presented.
