See accompanying notes.

Note 1 – Description of Plan

The following description of the American Golf 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan established on June 1, 1989. The Plan year begins on January 1 and ends on December 31. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code.

Eligibility – The Plan covers all individuals who have completed twelve consecutive months of employment, are 21 years of age, and have worked at least 1,000 hours in a twelve-month period for American Golf Corporation, excluding leased employees and members of a collective bargaining unit.

Contributions – Participants may elect to contribute from 1% to 50% of pre-tax earnings as defined by the Plan. Contributions are deducted from their paycheck before federal and state income taxes. The amounts of participant contributions are credited to their account.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and the related earnings and losses on such contributions.

Notes receivable from participants – Participants may borrow from their accounts, a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account. The interest rate will be based upon the "bank prime rate" plus 2% reported by the U.S. Federal Reserve on the last business day of a calendar quarter effective for loans made on and after the first business day of the subsequent quarter. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan is not to exceed 30 years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2015, the rates of interest on outstanding loans ranged from 4.25% to 9.25% with various maturities through March 2045.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, an annual installment, a single life annuity, or a joint or 100% survivor annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value as certified by the Plan's trustee, Wells Fargo Bank.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Expenses – Administrative expenses related to operating and maintaining the Plan are paid by the Company. Certain investment and transaction fees are paid by participants in the Plan.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued, but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan Agreement.

Reclassification – Certain prior year amounts have been reclassified to conform to the current year presentation.

Recent accounting pronouncements – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The ASU is effective for fiscal years beginning after December 15, 2016, with earlier application permitted.

Note 2 – Summary of Significant Accounting Policies (continued)

The ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient (NAV practical expedient). ASU 2015-07 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that an investment for which fair value is measured using a NAV practical expedient is removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the investment disclosures in Note 3 have been modified as of December 31, 2014 as well.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) II. Plan Investment Disclosures. This amendment removes the requirement to:

- disclose individual investments held which exceed 5% of net assets available for benefits.
- disclose net depreciation in fair value of investments by type of investment held.
- disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 3 – Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following table discloses by level the fair value hierarchy of the Plan's assets at fair value as of December 31, 2015 and 2014:

	Investment Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total

Investments valued at NAV (practical expedient)				11,112,849
Total investments at fair value				$ 25,990,345

	Investment Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 18,209,944	$ -	$ -	$ 18,209,944
Total investments in the fair value hierarchy	$ 18,209,944	$ -	$ -	$ 18,209,944
Investments valued at NAV (practical expedient)				10,767,464
Total investments at fair value				$ 28,977,408

Note 4 – Tax Status

The plan document is a prototype non-standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 6 – Certification by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103–8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank N.A., the custodian of the Plan, have certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.

- Net depreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.

- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 7 – Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services to Wells Fargo were approximately $67,000 for the year ended December 31, 2015.

Note 8 – Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and has remitted these amounts to participants' accounts.

Note 9 – Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants in March 2016.

Note 10 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time.

Note 11 – Subsequent Event

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2016 which is the date the financial statements were available to be issued. During February 2016, the Plan changed its custodian and record keeping service provider from Wells Fargo Bank, N.A. to The Vanguard Group.
