SIOUX CHIEF 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015

1. Description of Plan

The following description of the Sioux Chief 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan, adopted September 1, 1984, is a defined contribution plan covering all employees of Sioux Chief Manufacturing Company, Inc. (the "Company"). Employees aged 18 or older are eligible to participate in the Plan and make elective deferrals after completing three months of service, regardless of the amount of hours worked during that period. Employees aged 18 or older are eligible for Company matching contributions after completing one year of service; however they must have worked at least 1,000 hours during the period in order to fulfill the service requirement. Employees are eligible to enter the Plan on the first day of the month following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Employees participating in the Plan may enter into elective deferral agreements authorizing the Company to withhold amounts up to the maximum dollar limit allowed by law. There are no additional Plan imposed limits. The Company has a discretionary match in place and has elected to contribute 100% of participants' deferrals to the Plan up to a maximum of 5% of their eligible base compensation for the years end December 31, 2015 and 2014. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors.

c. Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, and allocations of additional Company discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

1. Description of Plan (Continued)

d. Vesting

Participants are immediately vested in their voluntary salary deferral contributions plus the earnings thereon. Vesting in the Company's matching contributions, other discretionary contributions, and the earnings thereon, is based on years of continuous service according to the following 6-year graded schedule:

Employer Match Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

e. Investments

Participants may direct the investment of their contributions into the various investment options offered by the Plan.

f. Payment of Benefits

Following severance from employment before the normal retirement age of 65, the Plan will make a mandatory distribution of up to \$5,000 of a participant's vested account balance. Such a distribution will be made immediately following severance from service and is subject to automatic rollover to an IRA specified by the participant. After a participant attains age 59½ or in the event of total and permanent disability, the participant is entitled to receive a lump-sum distribution of his or her entire account balance without terminating employment. A hardship withdrawal of a participant's elective deferral, Company matching contribution, and/or other Company discretionary contribution balance is permitted but subject to a \$500 minimum distribution requirement. Benefits are recorded when paid.

1. Description of Plan (Continued)

g. Forfeitures

Forfeitures of terminated participants' nonvested balances are first used to pay reasonable Plan expenses. The remaining forfeiture balance can be used to reduce the Company's future matching contribution. Forfeitures will be allocated accordingly in the Plan year following the Plan year in which the designated forfeitures occur. For the year ended December 31, 2015, forfeitures in the amount of \$31,909 were used to reduce the Company's match. At December 31, 2015 and 2014, \$18,559 and \$37,178 of forfeited amounts were available, respectively.

h. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000, or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. All loans must be repaid with payroll deductions or ACH agreements in level payments at least quarterly over a five-year period, or up to a ten-year period for the purchase of a primary residence. Interest is charged on the loan balance at the Prime Rate plus 1%, and the participant is charged a setup fee for the loan.

i. Administrative Expenses

The Plan Sponsor bears substantially all administrative costs of the plan, including the costs of officers and employees who perform certain administrative functions. Administrative expenses that are paid by the Plan consist of fees charged by the Plan's custodian.

2. Summary of Significant Accounting Policies

The following are the significant policies followed by the Plan:

a. Basis of Accounting

The financial statements of the Plan are maintained on the accrual method of accounting.

The Plan changed its method of accounting for investments and fair value disclosures during 2015. In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans are still required to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. There is no impact on the Plan's statement of net assets available for benefits or statement of changes in net assets available for benefits upon adoption of the new standard.

b. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amount of net assets available for benefits and the changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

2. Summary of Significant Accounting Policies (Continued)

d. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

e. Income Taxes

The Plan's income tax filings are subject to examination by various taxing authorities. The Plan's open examination periods are 2012 and forward.

f. Subsequent Events

Subsequent events have been evaluated up to October 13, 2016, the date these financial statements were available to be issued.

3. Fair Value of Financial Instruments

The asset or liability's fair value measurement level within the fair value hierarchy within is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2015.

Mutual Funds: Mutual funds held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value of Financial Instruments (Continued)

The following table presents assets and liabilities that are measured at fair value on a recurring basis at December 31:

4. Information Certified by Custodian
