Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

1. Description of Plan

The following description of the SunGard Data Systems Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan prospectus for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for legacy employees of SunGard Data Systems Inc. (the "Company"), an affiliate of Fidelity National Information Services (FIS), and its participating subsidiaries covering all U.S. eligible employees on a voluntary participation basis. Participants are eligible for the Plan upon completing one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was originally adopted in February 1983 for the benefit of employees of certain of the Company's subsidiaries. Following that date, other subsidiaries have adopted the Plan for the benefit of their employees. Amounts transferred into the Plan from these subsidiaries are allocated among the investment options as directed by the participants.

Contributions

Contributions consist of participant contributions and Company matching contributions. The Company's policy is to remit contributions to the Plan's trustee concurrent with the Company's payroll disbursement schedule.

Eligible employees may contribute 1% to 50% of their eligible wages on a pre-tax and/or Roth after-tax basis, subject to an IRS limit of \$18,000 and \$17,500 for 2015 and 2014, respectively. Additionally, participants may elect to contribute from 1% to 6% of eligible wages on a traditional after-tax basis.

Participants who are at least age 50 or will celebrate their 50th birthday during the 2015 calendar year and are scheduled to contribute 50% or \$18,000 (whichever is less) on a pre-tax and/or Roth after-tax basis are eligible to elect catch-up contributions. The maximum rate of Catch-up contribution is 75% of eligible compensation up to the IRS combined limit of \$6,000. Catch-up contributions represent an additional opportunity to save for retirement, because they enable employees to save beyond the normal IRS limits for pre-tax and/or Roth after-tax contributions.

Company matching contributions are made on pre-tax and Roth after-tax contributions up to the first 4% that each participant contributes to the Plan on a combined basis. These contributions are allocated among the investment options in a manner consistent with participant contributions.

New employees are automatically enrolled in the Plan at a pre-tax savings rate of 4% via payroll deduction with contributions being directed to a Target Retirement Fund chosen based on the employee's age and projected retirement date. Employees have the option to opt out of this program or to contribute an amount different than the automatic contribution amount and to invest in funds other than the Plan's default fund. The Plan offers an annual increase feature which automatically increases participant's pre-tax contribution rate by one percentage point every January until it reaches the contribution cap of 10%.

The Plan also provides for the Company to make discretionary Company profit-sharing contributions as a percentage of net income. No discretionary Company profit-sharing contributions were made during the years ended 2015 or 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of Plan earnings. Each participant's account is also charged with a flat quarterly administration fee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participant contributions and the related plan earnings are 100% vested and non-forfeitable. Company matching and profit-sharing contributions and the related plan earnings are 100% vested upon the earlier of completion of one year of employment, attainment of normal retirement age, death, or total disability of the participant.

Notes Receivable from Participants

Within certain limitations, participants are able to borrow against their accounts up to the lesser of 50% of the participant's aggregate vested account balance or \$50,000. Participant loans bear interest at a fixed rate, commensurate with local prevailing rates as of the date of the loan, which approximates the prime interest rate plus 1%. Interest rates on loans at December 31, 2015 range from 4.25% to 9.75% with the maturity ranging from 2015 to 2045. Unless specified under terms of the Plan Loan Procedure, no loan shall have a term in excess of five years.

Repayments of loan balances are made through periodic payroll deductions. Payments of interest on loans, also made through semi-monthly payroll deductions, are allocated to the participant's investment funds in a manner consistent with the allocation of the participant's elective contributions.

Payment of Benefits

Distributions without penalty from the Plan are permitted upon retirement, death, permanent disability, termination of employment, qualified hardship or age 59-1/2. Distributions in excess of \$1,000 are made in either single lump sum payments or installments as designated by the participant. Distributions of less than \$1,000 are made in single lump sum payments.

Forfeitures

Forfeitures of unvested Company matching and profit-sharing contributions may be used to reduce future Company matching contributions or defray administrative expenses borne by the Plan. Forfeited non-vested account balances were \$50,810 and \$88,809, at December 31, 2015 and 2014, respectively. Forfeitures used to offset employer contributions in 2015 and 2014 were \$95,984 and \$93,433, respectively. Forfeitures used to defray administrative expenses borne by the Plan were \$179,329 and \$157,771 in 2015 and 2014, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Accounting Policies

The following accounting policies, which conform to accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

Recently Adopted

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)*: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of the fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II were applied retrospectively as management elected to early adopt effective with the December 31, 2014 financial statements.

Recently Issued

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (the "Update")*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The reporting entity should continue to disclose information on investments for which fair value is measured at net asset value (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from net asset value. The Update is effective for public entities for fiscal years beginning after December 15, 2015. For all other entities the Update is effective for fiscal years beginning after December 15, 2016. Management has chosen not to early adopt ASU 2015-07 for the current year statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value which is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. The Plan's interest in the common collective trust, which includes investments in fully benefit-responsive investment contracts is valued at the net asset value of shares held by the plan at year end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued

SunGard Data Systems Inc.
Savings Plan
Notes to Financial Statements

when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

The net (depreciation) appreciation in the fair value of investments consists of realized gains and losses and unrealized appreciation and depreciation on those investments.

Vanguard Brokerage Option

The VGI Brokerage Option is a fund option that allows participants to self-direct investments in a wider variety of mutual funds, equity securities, and listed options. Within the VGI Brokerage Option, the fair value of mutual funds and equity securities are based on quoted market prices.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Expenses of the Plan include investment advisory, consulting, account maintenance, recordkeeping and information management services. The Company, at its discretion, may pay a portion of expenses related to administering and operating the Plan.

3. Fair Value Measurements:

The Plan measures its investments at fair value on a recurring basis in accordance with a three-level hierarchy that prioritizes the inputs used in measuring fair value. The three levels of the hierarchy are as follows:

Level 1—quoted prices in active markets for identical assets or liabilities

Level 2—quoted prices for similar assets and liabilities in active markets or inputs that are observable

Level 3—inputs that are unobservable (for example, cash flow modeling inputs based on assumptions)

The following table summarizes investments recorded at fair value using NAV as a practical expedient as of December 31, 2015 and 2014:

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Vanguard Retirement Savings Trust IV	\$63,253,933	n/a	Daily	For a full redemption of the trusts units a 12 months' advance notice is required. These provisions do not apply to participant-directed investments.

4. Related Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company ("VFTC"). VFTC acts as trustee and custodian for Plan investments. Vanguard Brokerage Services is a self-clearing brokerage house that handles all participant activity and recordkeeping for the Vanguard brokerage option. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Dividend and interest income earned from party-in-interest investments were \$40,939,161 and \$47,485,850 in 2015 and 2014, respectively.

5. Information Certified By The Trustees

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VFTC has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

Investments held and certified to by VFTC:

Statements of Net Assets Available for Benefits

	2015	2014
Mutual funds	\$755,197,206	\$771,143,080
Common collective trusts	483,831,350	492,855,487
Vanguard Brokerage option	11,390,016	9,276,999
Notes receivable from participants	14,051,190	13,883,548

Dividend income	45,032,052	60,646,607
Interest from notes receivable from participants	589,413	654,009

6. Tax Status

The Internal Revenue Service determined and informed the Company by letter dated June 24, 2013 that the Plan, as amended, was qualified under IRC Section 401(a). Although the Plan was amended in November 2015, the Plan administrator and the Plan's ERISA council believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no

SunGard Data Systems Inc.
Savings Plan
Notes to Financial Statements
December 31, 2015 and 2014

uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that such changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Plan Mergers and Transfers

On May 15, 2014, the Company split-off the Availability Services segment of the business. As a result of the split-off, the participants from that segment were no longer part of the SunGard Data Systems, Inc. Savings Plan and were transferred to a new plan set up by Availability Services. A summary of the Availability Services transfer made in April 2014 is as follows:

Number of participants transferred	1,984
Total amount of assets transferred	\$191,071,530
Total amount of loans transferred	\$4,825,204
Number of Vanguard Brokerage Option participants transferred	20
Total amount of Vanguard Brokerage Option assets transferred	\$1,319,065

10. Subsequent Events

Following the freeze date of December 31, 2015, for the period beginning January 1, 2016, The Plan stopped accepting new participants and contributions from existing participants and the Company, and taking loans out of the Plan ceased.
