NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A – SUMMARY DESCRIPTION OF THE PLAN

The following description of the Forest City Ratner Companies, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees of Forest City Ratner Companies, LLC (the “Company”), except contract security and employees covered by collective bargaining agreements that do not permit participation in this Plan. Employees of First New York Partners, FCRC Services Company, and FCRC Security Services Company, all of which are affiliates of the Company, are also covered by the provisions of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility

Employees are eligible to participate in the Plan following the attainment of age 20.5. Upon attaining eligibility status, participation in the Plan is voluntary. Participants are eligible to receive a Company matching contribution with at least 1,000 hours of service during the Plan year and by being actively employed on the last day of the Plan year for which the contribution applies.

Contributions

Participants may elect to contribute a portion of their compensation not to exceed Internal Revenue Code (“IRC”) limitations. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options provided for by the Plan.

The Company matches participant contributions to the higher of two formulas: \$2 of Company match for each \$1 on the first \$500 of employee wage deferral contributions, plus \$1 of Company match for each \$1 on the next \$500 of employee wage deferral contributions, or 50% of the first 6% of employee wage deferral contributions to a maximum of \$3,500 per year of Company match.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocation of the Company’s contribution, and Plan earnings and losses, and charged with an allocation of administration expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2015 and 2014

NOTE A – SUMMARY DESCRIPTION OF THE PLAN – CONTINUED

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the Company's contribution based on the Plan's vesting schedule. For each year of service, the participants vest at a rate of 20%, becoming 100% vested after five years.

Forfeitures

If a participant terminates service with the Company, the non-vested portion of their account shall be forfeited. The forfeited amounts can be allocated to other participants, used to defray administrative expenses of the Plan, or be applied against the Company's future contributions. There were no available unused forfeitures at December 31, 2015 and 2014. Forfeitures of \$5,779 were used in 2015 to reduce Company contributions.

Notes Receivable from Participants

Participants may borrow a maximum amount up to the lesser of 50% of their vested account balance or \$50,000. The Plan provides that loan amounts must be a minimum of \$1,000. The loans are secured by the balance in the participant's account and bear fixed interest at a rate of prime plus 1.5%, at the time of the loan. The term of the loans may not exceed five years for general-purpose loans and thirty years if the purpose of the loan is to acquire the participant's principal residence. A participant may not have more than one loan outstanding at any given time. At December 31, 2015 and December 31, 2014, loans outstanding bear interest at rates ranging from 4.75% to 9.50%.

Plan Withdrawals and Distributions

Active participants may withdraw certain amounts from their accounts up to their entire vested balance, subject to IRC regulations.

Plan distributions are made to participants or their designated beneficiary upon normal retirement, disability or death, in the fully vested funds credited to their participant accounts. A participant who leaves employment of the Company before normal retirement for reasons other than disability or death is eligible to receive the vested portion of their account, including rollovers. Distributions are made in either a single lump sum or periodic payments.

Benefits paid to participants on the Statement of Changes in Net Assets Available for Benefits include distributions to employees partially and wholly withdrawn from the Plan, and rollovers to other qualified plans.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Guidance

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2015-12. This three-part standard simplifies the required reporting and disclosures related to employee benefit plans. Part I and Part III are not applicable to the Plan. Part II eliminates the requirement to disclose individual investments that are 5% or more of total net assets available for benefits, as well as the appreciation (depreciation) of fair value by investment type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. The amendments are effective for the Plan for fiscal years beginning after December 15, 2015 and shall apply retrospectively to all periods presented. The Plan elected to early adopt this guidance as of December 31, 2015, as permitted and has applied this guidance retrospectively, as required. The adoption resulted in the Plan's investments only being disaggregated by general type and the Plan has also eliminated its historical disclosure of individual investments which comprise 5% or more of total net asset available for benefits, as well as the net appreciation (depreciation) of fair value by investment type. There were no other impacts on the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 or the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

In May 2015, the FASB issued ASU 2015-07, which updated guidance related to fair value measurement and the disclosures for investments in certain entities that calculate net asset value (NAV) per share (or its equivalent). The updated guidance applies to reporting entities that elect to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment as a practical expedient. Currently, investments valued using the practical expedient are categorized within the fair value hierarchy on the basis of when the investment is redeemable with the investee at NAV. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendments are effective for the Plan for fiscal years beginning after December 15, 2016 and shall apply retrospectively to all periods presented. The Plan elected to early adopt this guidance as of December 31, 2015, as permitted and has applied this guidance retrospectively, as required. The adoption has been reflected in Note C of the financial statements. The adoption had no impact on the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014 or the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2015 and 2014

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held by the custodian of the Plan, the John Hancock Life Insurance Company of New York and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses of the Plan

Administrative expenses, with the exception of investment management fees and loan origination fees, are generally paid by the Company. Participants are charged investment management fees which reduces the investment return reported and credited to participant accounts.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE C – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-derived valuations in which all significant inputs are observable or can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014, respectively.

Pooled separate accounts: Units of separate accounts which are held in underlying funds of either John Hancock Life Insurance Company (U.S.A.) or John Hancock Life Insurance Company of New York. These investments are valued using the NAV of units held by the Plan at year end as provided by John Hancock. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee. The investment management fee is deducted prior to setting the daily unit value. There are no unfunded commitments, redemption restrictions, or notice period. Redemption frequency is daily.

Guaranteed interest account: Investment in the John Hancock Guaranteed Account (the “Guaranteed Account”) is carried at fair value, which approximates contract value. The investment is not fully benefit-responsive, due to the fact that there is no minimum or “floor” rate and because certain distributions from the Guaranteed Account may be subject to market value adjustments.

NOTE C – FAIR VALUE MEASUREMENTS – CONTINUED

Contract value represents contributions made under the contract, plus earnings, less any withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Under certain circumstances (i.e. non-benefit withdrawals from the Guaranteed Account), the distributions may be made at the lesser of book (contract) or market (fair) value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed average current interest rate was approximately 1.57% for 2014. There is no minimum crediting interest rate.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2015, all assets at fair value were measured at NAV, and therefore, not leveled within the fair value hierarchy. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Guaranteed interest account	\$ -	\$ -	\$ 391,707	\$ 391,707
Total assets in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 391,707</u>	391,707
Investments at net asset value:				
Pooled separate accounts				<u>33,616,046</u>
Total assets at fair value				<u>\$ 34,007,753</u>

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

	Guaranteed Interest Account
Balance, beginning of year	\$ 391,707
Purchases	6,689
Sales	(396,391)
Other	<u>(2,005)</u>
Balance, end of year	<u>\$ -</u>

NOTE D – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company of New York, the Plan's custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014.
- Net investment income (loss) and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.
- Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E – PARTY-IN-INTEREST

The Plan invests in pooled separate accounts and a guaranteed investment contract managed by the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although the Company has not expressed intent to terminate the Plan, it reserves the right to do so at any time, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company contribution portion of their account.

NOTE G – INCOME TAX STATUS

The prototype plan sponsor has obtained an opinion letter dated March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the prototype plan document was in compliance with applicable requirements of the IRC. The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken on uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2015 and 2014

NOTE H – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk employed with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE I – SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2015 financial statements for subsequent events through October 14, 2016, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require disclosure in the financial statements.
