OCEAN'S ELEVEN CASINO 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN

The following description of the Ocean's Eleven Casino 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on April 1, 1999 to qualify as a defined contribution retirement plan for Ocean's Eleven Casino (the "Company") eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan after having completed six months of service and attained the age of twenty-one (21). Employees may enter the Plan on the 1st day of any month coinciding with or following the date on which an employee meets the eligibility requirements.

Administration

The Plan is administered by the Company.

Contributions

The Company's eligible employees may contribute up to the 402(g) limit and/or the ADP test limit for highly compensated employees. The 402(g) limit for 2015 and 2014 is $18,000 and $17,500, respectively. Once eligibility requirements have been met, newly hired employees will automatically defer 3% of the compensation to the plan unless they opt out and elect not to participate. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company's Board of Directors. In addition, each year the Company may contribute to the Plan an amount subjectively determined by the Board of Directors. For the years ended December 31, 2015 and 2014, respectively, the Company elected not to make employer matching or profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN - (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, qualified non-elective employer contributions, and actual earnings thereon. Vesting in the Company's qualified matching contributions is based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years of service	0%
After two years of service	20%
After three years of service	40%
After four years of service	60%
After five years of service	80%
After six years of service or more	100%

Forfeitures

The unvested portion of a terminated participant's employer account will be forfeited and used to reduce future employer contributions.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company discretionary contributions and earnings on their Company matching contributions and one hundred percent (100%) of their pre-tax contribution and Company qualified non-elective employer contribution as soon as administratively possible following retirement, termination or upon becoming disabled.

Administrative Expenses

Substantially all of the administrative expenses are paid by the Company. Most investment options have management fees, which reduce the overall return on assets. The net realized and unrealized appreciation/depreciation is reflected net of these fees.

Notes Receivable from Participants

Participant loans are not permitted.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her respective share of contributions in any one of many investment options offered by John Hancock Life Insurance Company U.S.A. ("John Hancock").

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

Accounting records are maintained on the accrual basis.

Date of Management's Review

Subsequent events were evaluated through October 7, 2016, which is the date the financial statements were available to be issued.

Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be "cash equivalents."

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement date basis, which is generally the trade date plus one. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation/depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentrations

Two investments accounted for 64% and 62% of the Plan's net assets as of December 31, 2015 and 2014, respectively.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICIES

Recent Accounting Pronouncements

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient).* ASU No. 2015-12 has three parts. Part I designates contract value as the only required measure for fully benefit-responsive investment contracts; Part II eliminates the requirement that plans disclose: (a) individual investments that represent 5 percent or more of net assets available for benefits; and (b) the net appreciation or depreciation for investments by general type requirements for both participant-directed investments and nonparticipant-directed investments. Additionally, investment strategies are not required for direct filing entities and the self-directed brokerage accounts may be presented as a single line item. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Parts I and II are effective on a retrospective basis, and Part III is effective on a prospective basis, for fiscal years beginning after December 15, 2015 with early adoption allowed. Management has elected to early adopt ASU 2015-12. Prior period amounts have been reclassified to reflect the revised presentation. There was no material impact to the Plan's financial statements.

In May 2015, the FASB issued Accounting Standards Update ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* ASU No. 2015-07 removes the requirement to include all investments in the fair value hierarchy for which the fair value is measured at net asset value (NAV) per share using the practical expedient, under Fair Value Measurements and Disclosures (Topic 820). ASU No. 2015-07 is effective for nonpublic business entities for annual reporting periods beginning after December 15, 2016. Management does not expect adopting ASU 2015-07 will have a material impact on the Plan's financial statements.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

4. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated July 6, 2010 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. TAX STATUS – (Continued)

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

5. RELATED-PARTY TRANSACTIONS

The investments are in pooled separate accounts of which most are managed by John Hancock. John Hancock is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the contact administration amounted to $13,668 and $12,866 for the years ended December 31, 2015 and 2014, respectively.

6. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified to the completeness and accuracy of the pooled separate accounts, guaranteed interest accounts, and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the schedule of assets held at year end as of December 31, 2015, and all the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

7. INSURANCE CONTRACTS

Guaranteed Interest Accounts - The Plan entered into an investment option with John Hancock Life Insurance Company U.S.A. (John Hancock). John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by John Hancock. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined 3, 5 or 10 year term. The contract is not fully benefit responsive and therefore is included in the financial statements at fair value. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account each month. The crediting interest rates for the years ended December 31, 2015 and 2014 ranged from .10% to .60% and .40% to .78%, respectively.

Pooled Separate Accounts – The Plan participates in contracts with John Hancock whereby the assets of the Plan are pooled with those of other unrelated plans. The Plan owns units of participation in the fair value of the account's underlying assets. John Hancock does not own the underlying assets, but only hold them in trust for the participating plans.

8. FAIR VALUE MEASUREMENT

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

8. FAIR VALUE MEASUREMENT – (Continued)

Pooled Separate Accounts: These investments are public investment securities valued using the Net Asset Value ("NAV") provided by the investment custodian. The NAV is a quoted on a private market that is not active; however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

Guaranteed Investment Accounts: The fair value of the guaranteed investment accounts is determined by multiplying the contract value by a factor which takes into account the remaining number of months until maturity, the composite rate being earned, the declared rate and the various pre-established rates of return contractually established by the issuer. The asset is classified within level 3 of the valuation hierarchy because the asset value is not based on a quoted active market and is valued on unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2015 and 2014.

Assets at Fair Value as of December 31, 2015:

	(Level 1)	(Level 2)	(Level 3)	Total

Assets at Fair Value as of December 31, 2014:

	(Level 1)	(Level 2)	(Level 3)	Total

8. FAIR VALUE MEASUREMENT – (Continued)

The following presents additional information relative to Plan investments reported on net asset value at December 31, 2015 and 2014:

(a) Lifecycle funds: Invest in a variety of combinations of equity and fixed income instruments. These funds provide varying degrees of long-term appreciation and capital preservation based on an investor's age or target retirement date through a mix of asset classes. The mix changes over time to become less focused on growth and more focused on income. These funds are also known as "target date retirement" or "age-based" funds. As of December 31, 2015 and 2014, amounts invested in these investments funds were $47,787 and $50,898, respectively.

(b) Lifestyle funds: Invest in a variety of combinations of equity and fixed income instruments. These funds maintain a predetermined risk level and generally use words such as "conservative," "moderate," or "aggressive" in their names to indicate the funds' risk level. As of December 31, 2015 and 2014, amounts invested in these investments funds were $1,685,738 and $1,629,749, respectively.

(c) Aggressive growth funds: Invest primarily in equity securities. These funds take higher risk of loss in return for potentially higher returns or gains. As of December 31, 2015 and 2014, amounts invested in these investments funds were $207,594 and $215,594, respectively.

(d) Growth funds: Invest primarily in equity instruments of public companies with above-average risk in return for potentially above-average gains. These companies often pay small or no dividends and their stock prices tend to have the most price fluctuations from day to day. As of December 31, 2015 and 2014, amounts invested in these investments funds were $221,939 and $251,315, respectively.

(e) Growth and income funds: Invest in a variety of combinations of equity and fixed income instruments. These funds have a dual strategy of growth or capital appreciation and current income generation through dividends or interest payments. As of December 31, 2015 and 2014, amounts invested in these investments funds were $20,271 and $22,742, respectively.

(f) Income funds: Invest primarily in fixed income instruments. These funds primarily seek current income rather than capital appreciation. As of December 31, 2015 and 2014, amounts invested in these investments funds were $87,864 and $90,240, respectively.

(g) Money market fund: Invests primarily in short-term, high-grade fixed-income securities, and seeks the highest level of income consistent with the preservation of capital. As of December 31, 2015 and 2014, amounts invested in these investments funds were $111 and $10,595, respectively.

The pooled separate account investment funds are subject to the redemption frequency of two transactions per month. There are no other redemption restrictions, redemption notice requirements, or unfunded commitments related to the pooled separate account investment funds as of December 31, 2015 and 2014.

8. FAIR VALUE MEASUREMENT – (Continued)

The following table represents the Plan's level 3 investments, the valuation techniques used to measure the fair value of the investments, and the significant unobservable inputs and the ranges of those inputs.

Instrument	Fair Value at December 31, 2015 and 2014	Principal Valuation Method	Unobservable Inputs	Range of Significant Unobservable Inputs	Maturity dates
Guaranteed Investment Accounts	$ 112	Discounted Cash Flow	Contractual interest rates	.10% - .60%	12/31/2015 – 12/31/2018
	$ 937			.40% - .78%	12/31/2014 – 12/31/2017

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
