Independent Auditor's Report

To the Administrative Committee of
Hall Mark Global Technologies Inc. 401(k) Plan
Hauppauge, NY

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Hall Mark Global Technologies Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

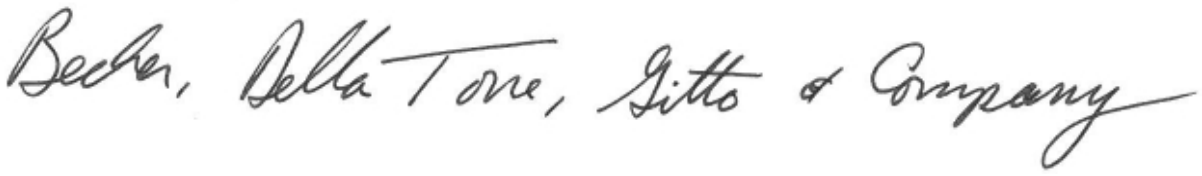

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by State Street Bank and Trust Company, the trustee of the Plan. Their report, dated October 12, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 – Plan Description

The following description of the Hall Mark Global Technologies Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: Hall Mark Global Technologies Inc. established the Plan effective July 1, 2014. The Plan is a defined contribution plan covering certain full time employees of several affiliated companies including Performance Resources NY, Inc., HCR Group, Inc., and Tech One Staffing, LLC (collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employer Contributions: The Company may, at its discretion, make annual contributions, as defined in the Plan. The Company did not elect to make any contributions to the Plan during 2015 and 2014.

Employee Contributions: Participants may elect to contribute (through payroll withholding) an amount, from 1% to 90%, of such participant's compensation for each payroll period, subject to an annual maximum dollar limitation of $18,000 and $17,500 for 2015 and 2014, respectively, as determined by government regulations. Notwithstanding the foregoing, the plan administrator can limit the contributions of all participants or any class of participants to the extent it determines that such limitation is necessary to keep the Plan in compliance with the currently applicable provisions of the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to $6,000 and $5,500 for 2015 and 2014, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. During the year ended December 31, 2015, the Plan's trust received $5,796 in participant contributions that related to the Plan year ended December 31, 2014. This amount has been reported as participant contributions on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015. This had no net adverse effect on participant accounts.

Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of Plan earnings and forfeitures of terminated participants' non-vested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Plan Description (continued)

Vesting: Each participant has a nonforfeitable right to 100% of the value of his or her salary reduction contributions. A participant is also fully vested upon attaining age 65. A participant shall have a vested interest in his or her employer matching or nonelective contribution account (if any) according to the following vesting schedule.

Years of Service	Vested Interest
Less than 2	0%
2 to 3	20%
3 to 4	40%
4 to 5	60%
5 to 6	80%
6 or more	100%

Additionally, a participant will vest in 100% of Company discretionary matching and nonelective contributions upon death, disability, or qualification for retirement.

Payment of Benefits: Benefits are paid according to the vested interest in account that the participant is entitled to upon retirement, termination, death, or disability. Benefits are distributed to the participant or beneficiary in installment payments, a single lump-sum payment, or as a single life or joint and survivor annuity, as defined in the Plan document. Participants may also elect to receive a distribution of their vested account balance while still employed after attaining age 59 ½ or may withdraw their own elective deferrals upon incurring a financial hardship.

Notes Receivable From Participants: Participants may borrow from their fund accounts. The loan interest rate is set at the prime rate plus 2%. As of December 31, 2015 and 2014, there were no loans issued or outstanding.

Forfeitures: If a participant terminates employment prior to being fully vested in the Company's matching and discretionary contributions and earnings thereon for any reason except death, disability, or qualification for retirement, then the unvested contributions will be forfeited. These forfeited funds are used first to reinstate previously forfeited account balances of former participants, if any, and the remaining forfeitures, if any, shall be used to pay plan expenses or to reduce the contributions of the Company for the plan year.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting Changes: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans and Health and Welfare Benefit Plans.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Note 2 – Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Plan Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3 - Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 391,090	$ -	$ -	$ 391,090
Total assets in fair value hierarchy	$ 391,090	$ -	$ -	391,090
Investments measured at net asset value				8,336
Investments at fair value				$ 399,426

	Assets at Fair Value as of December 31, 2014			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$ 40,666	$ -	$ -	$ 40,666
Total assets in fair value hierarchy	$ 40,666	$ -	$ -	40,666
Investments measured at net asset value				1,561
Investments at fair value				$ 42,227

Note 4 – Investments

The following presents select investments, with approximate percentage of the Plan's net assets, as of December 31, 2015 and 2014.

	December 31,			
	2015		*2014*	
T. Rowe Price Retirement 2030 Fund	$ 189,503	52%	$ 931	2%
T. Rowe Price Retirement 2035 Fund	40,033	11%	17,711	42%
T. Rowe Price Retirement 2050 Fund	21,765	6%	-	-
T. Rowe Price Retirement 2045 Fund	21,290	6%	7,967	19%

During the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $32,689.

Note 4 – Investments (continued)

State Street Bank and Trust Company has certified that the Plan's investment balances and transactions as of and for the year ended December 31, 2015, are complete and accurate.

Note 5 – Tax Status

The Plan uses a standardized prototype plan document sponsored by ADP, Inc. ADP, Inc. obtained an opinion letter on July 8, 2014, in which the IRS stated that the standardized prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code ("IRC") Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 6 – Related-Party Transactions and Party In Interest Transactions

Management believes that fees paid during the year for administrative and managerial services rendered by State Street Bank and Trust Company, the trustee as defined by the Plan, and ADP Retirement Services, the recordkeeper as defined by the Plan, were based on customary and reasonable rates for such services. These transactions qualify as exempt party-in-interest transactions.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500:

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2015 to Form 5500:
