ADS 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the ADS 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) plan covering all eligible employees of American Diagnostic Services, Inc. (the Plan Sponsor or the Company) who have six months of service and are age 21 or older. Employees may enter the Plan on the first of the month coinciding with or following satisfaction of the eligibility requirements. The Plan Administrator is responsible for the oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan merger: On October 30, 2015, American Diagnostic Services, Inc., the Plan's sponsor, approved to merge the Plan into the Trident Holding Company, LLC 401(k) Plan effective December 31, 2015. As a result, net assets of \$2,373,500 were transferred to the control of Trident Holding Company, LLC 401(k) Plan at December 31, 2015. The merger does not impact participant benefits as the benefit provisions were incorporated in the Trident Holding Company, LLC 401(k) Plan.

Change in Trustee: The Plan changed its trustee from MG Trust Company d/b/a Matrix Trust Company to Ascensus Trust Company, effective September 20, 2016. In January 2013, Ascensus acquired ExpertPlan, Inc., the Plan's recordkeeper. During 2015, Ascensus completed the integration of ExpertPlan, Inc. resulting in the transfer of assets from the former trustee to the current trustee.

Contributions: Participants may contribute a specific percentage or dollar amount of up to 100% of their annual eligible compensation (elective deferrals), as defined by the Plan, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Plan Sponsor makes safe harbor matching contributions determined on an annual basis equal to 100% of eligible elective participant deferrals on the first 3% of eligible deferred participant compensation and 50% of the next 2% of eligible deferred participant compensation. The Plan Sponsor matching contribution may not exceed 4% of the participants' eligible compensation. The Plan also provides for discretionary non-elective contributions. Contributions are subject to certain limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contribution and allocations of any discretionary non-elective contributions and Plan earnings/losses, and charged with distributions and administrative expenses. Allocations are based on participant contributions, compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferrals and rollover contributions plus actual earnings (losses) thereon. Vesting in the Company contribution portion of their accounts plus actual earnings (losses) thereon is based on years of service. A participant is 100% vested in the Company contribution portion after completing three years of credited service.

ADS 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to 5 years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. These rates were 4.25% on loans outstanding at December 31, 2015. These loans mature through 2020. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures will be added to the Plan Sponsor's contributions to the Plan. Forfeited nonvested accounts totaled \$4,321 and \$4,298 as of December 31, 2015 and 2014, respectively. There were no forfeitures used during 2015. In connection with the aforementioned plan merger, forfeitures were transferred with net assets effective December 31, 2015 to the control of Trident Holding Company, LLC 401(k) Plan.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

ADS 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary matching and/or profit sharing contributions from the Plan Sponsor, if any, are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charges directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more-likely-than-not would be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that that Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2012.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2015) through October 14, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Ascensus Trust Company (Current Trustee) and MG Trust Company d/b/a Matrix Trust Company (Former Trustee)

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included in the Plan's financial statements that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements related to the following assets:

ADS 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 3. Information Certified and Provided by Ascensus Trust Company (Current Trustee) and MG Trust Company d/b/a Matrix Trust Company (Former Trustee) (Continued)

MG Trust Company d/b/a Matrix Trust Company, the former trustee, certified to the completeness and accuracy of \$91,980 of net depreciation in fair value of investments and \$16,676 of dividends related to the aforementioned plan assets for the year period January 1, 2015 through November 18, 2015. Ascensus Trust Company, the current trustee, certified to the completeness and accuracy of \$7,699 of net appreciation in fair value of investments and \$13,340 of dividends related to the aforementioned plan assets for the year period September 21, 2015 through December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2015 and 2014.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Description	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	-	-	\$ -

Description	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,771,741	-	-	\$ 1,771,741

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers in or out of Levels 1, 2 or 3.

Note 5. Party-in-Interest Transactions

Ascensus Trust Company is the current trustee of the Plan and MG Trust Company, LLC d/b/a Matrix Trust Company is the former trustee of the Plan (as noted in Note 2); therefore, transactions with the trustees qualify as party-in-interest transactions. The Plan issues loans to participants which are secured by the balances in the participants' accounts, therefore, transactions with participants qualify as party-in-interest transactions.

Note 6. Tax Status

Effective January 1, 2009, the Plan adopted a Prototype Standardized Profit Sharing Plan with CODA sponsored by ExpertPlan, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. Prohibited Transactions

During 2012 and 2013, the Plan Sponsor failed to deposit \$83,244 of participant contributions within the required timeframe as stated by the United States DOL regulations. The Plan Sponsor is working with ERISA legal counsel to correct this failure and remit lost earnings to the participants' accounts as soon as administratively feasible.
