NOTES TO FINANCIAL STATEMENTS

1. **Description of the Plan**

The following description of the Canton Drop Forge, Inc. Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution plan covering all qualifying employees of Canton Drop Forge, Inc. (Company). All employees are eligible to participate in the Plan after completing six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participant contributions are voluntary. Contributions are tax deferred up to a maximum as established by the Internal Revenue Service. The Company has agreed to match employee contributions at various rates as defined in the Plan. In addition to the above match, the Company has agreed to make nonelective contributions on behalf of certain employees of the Company as also defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of employer contributions, plan earnings and expenses, as defined by the Plan document. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants may not withdraw their tax-deferred contributions except for reasons of hardship, retirement, death, or termination of employment. Vesting in the remainder of their account is based on years of continuous service, as defined.

Forfeiture Account

If a participant forfeits any portion of his non-vested account balance, any portion of such forfeitures not used to pay plan administrative expenses shall be applied to reduce employer contributions. Forfeitures during the year as well as the balance at December 31, 2015 were immaterial.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Plan Termination

Although it has not expressed any interest to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants will become 100% vested in the Company contributions and will receive a full distribution of the balance in their respective accounts in accordance with the terms of the Plan.

2. Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

New Accounting Pronouncements – In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; or (3) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CANTON DROP FORGE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Administrative Fees

All administrative fees are paid by the Company or the Plan at the option of the Company.

Reclassification

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2016, which is the date the financial statements were available to be issued.

3. Unaudited Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reflected on the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, the supplemental schedule at December 31, 2015, the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

CANTON DROP FORGE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. Income Tax Status

The Plan utilizes a Volume Submitter Plan Document offered by the Trustee. The Internal Revenue Service has informed the Trustee by a letter dated March 31, 2014, that the form of the Plan is acceptable under applicable sections of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Company is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. As of December 31, 2015, the Plan's tax years from 2012 and thereafter remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

5. Party-In-Interest Transactions

Certain Plan investments held at December 31, 2015 and 2014 are shares of mutual funds offered by Fidelity Management Trust Company (Fidelity), the Trustee of the Plan. As such, these investments and related transactions qualify as party-in-interest transactions. Fees paid by the Plan for the Trustee amounted to \$1,247 for the year ended December 31, 2015.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

7. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities

CANTON DROP FORGE, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Fair Value Measurements (continued)

- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- Mutual funds: Valued at fair value based on quoted market prices, which represents the net asset value of shares held by the Plan at year end. These funds are classified as Level 1.
- Common/collective trust (which includes fully benefit-responsive investment contracts): Valued at its closing net asset value as a practical expedient to estimate fair value since this value is the probable selling price of its investment. There are no redemption restrictions on these investments. The net asset value is based primarily on quoted prices of the actual underlying assets or similar assets and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level the Plan's assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 7,552,199	\$ -	\$ -	\$ 7,552,199
