To the Plan Administrator and Trustees of the
W.C.A Employees' 401(k) Salary Deferral Savings Plan

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of W.C.A Employees' 401(k) Salary Deferral Savings Plan (the "Plan") for the year ended December 31, 2015, and have issued our report thereon dated October 12, 2016. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America ("GAAS") and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under GAAS, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 25, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements.

As discussed in Note B to the financial statements, the Plan adopted new accounting guidance that eliminates the requirements to adjust fully-benefit responsive contracts from fair value to contract value, disclose investments that represent five percent or more of net assets available for benefits, net appreciation or depreciation in fair value of investments by general type, and also simplifies of the level of disaggregation of investments that are measured at fair value.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that the effects of uncorrected misstatements are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator and Trustees of the
W.C.A. Employees' 401(k) Salary Deferral Savings Plan

We were engaged to audit the accompanying financial statements of W.C.A. Employees' 401(k) Salary Deferral Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") , the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note E, which was certified by Voya Retirement Insurance and Annuity Company (formerly ING Life Insurance and Annuity Company), the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for our opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

W.C.A. EMPLOYEES' 401(k) SALARY DEFERRAL SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

A. Description of the Plan

The following description of the W.C.A. Employees' 401(k) Salary Deferral Savings Plan (the "Plan") provides only general information. The Plan is sponsored by Weitzman Management Corporation (the "Plan Sponsor" or the "Company"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established effective January 1, 1992, and restated effective January 1, 2009 and January 1, 2015, is a defined contribution plan covering substantially all employees of the Company who are age 18 or older except union employees and non-resident aliens. Participants are eligible to participate in the Plan the first day of their employment. The Plan is subject to the provisions of Employee Retirement Income Securities Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of their annual compensation (up to 100%) to the Plan on a before-tax basis, not to exceed the limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Employees who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year shall be eligible for catch-up contributions in accordance with, and subject to the limitations imposed by the Code. Participants are also allowed to roll money from another qualified retirement plan into the Plan.

At the discretion of the Board of Directors, the Company may elect to contribute a discretionary matching contribution based on participants' elected salary deferrals. To be eligible to receive the matching contribution, a participant must be either employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year or have died, retired, or suffered disability during such Plan year. For the years ended December 31, 2015 and 2014, the Company did not authorize a discretionary matching contribution.

Participant Accounts

Each participant's account is credited with the participant's elective contribution, employer contributions, and earnings thereon. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon, vest in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than two (2) years	0%
Two (2) years	20%
Three (3) years	40%
Four (4) years	60%
Five (5) years	80%
Six (6) years	100%

Participants shall become fully vested upon termination of employment due to death, disability, or upon retirement at age 65.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts. The loan cannot exceed the lesser of 50% of the participant's vested account balance or $50,000. Loans must be repaid through payroll deductions within five years, unless the funds are used for the purchase of a primary residence in which case the term may be extended. Each loan shall be evidenced by a promissory note and shall bear a reasonable rate of interest. Interest rates ranged from 4.25% to 6.25% as of December 31, 2015 and 2014.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers, lump sums, or in equal installments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of medical expenses incurred by the participant, his spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from his or her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) burial or funeral expenses for the participant's parent, spouse, children, or dependents; or, (6) expenses for the repair of damage to the participant's principal residence caused by fire, storm, or other casualty.

A. Description of the Plan – continued

Benefit Payments – continued

Participants that have attained age 59 1/2 and have not terminated service with the Company may elect to take an in-service distribution of the vested portion of their account.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are used to reduce discretionary matching contributions or Plan administrative expenses. There were no forfeitures used for the year ended December 31, 2015 or 2014, related to discretionary matching contributions.

Unallocated forfeited amounts approximated $15,000 as of December 31, 2015 and 2014, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions in 1% increments into any of the Plan's investment options.

Plan Expenses

Both the Plan and the Company pay administrative expenses related to the Plan. Employees of the Company perform certain administrative functions with no compensation from the Plan. The administrative costs of the Plan that are paid by the Company are not reflected in the accompanying financial statements.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Summary of Accounting Policies – continued

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan administrator, and in the period in which they are deducted in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncement

In July 2015 the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has elected to adopt Parts I and II for the year beginning January 1, 2015.

B. Summary of Accounting Policies – continued

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued interest.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in Financial Accounting Standards Board Accounting Standards Codification Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability. As of December 31, 2015 and 2014, the Plan had no Level 3 investments.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. Management has described below the methodology used to measure each major category of investments. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Money market funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy within mutual funds.

C. Fair Value Measurements – continued

- Mutual funds are measured using the estimated net asset values of the shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy. Additionally, the Plan holds some mutual funds which represent unitized investments in underlying mutual funds and are measured using the unit value fair value of the sub-account. Because these mutual funds represent a fund of a fund and the value is not readily determinable, these assets are classified within Level 2 of the valuation hierarchy.

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2015 and 2014. The Plan has no assets classified within Level 3 of the valuation hierarchy.

	2015		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 5,617,362	$ 313,112	$ 5,930,474
Total investments	$ 5,617,362	$ 313,112	$ 5,930,474

	2014		
	Level 1	**Level 2**	**Total**
Mutual funds	$ 5,508,283	$ 256,851	$ 5,765,134
Total investments	$ 5,508,283	$ 256,851	$ 5,765,134

D. Fully Benefit-Responsive Investment Contracts

The Plan holds a portfolio of traditional investment contracts that comprises a traditional investment contract. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between the types of investment contracts held by the Plan.

	2015	**2014**
Traditional investment contract	$ 1,526,977	$ 1,437,803
Total	$ 1,526,977	$ 1,437,803

D. Fully Benefit-Responsive Investment Contracts – continued

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than one percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Information Certified by the Custodian

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has limited auditing procedures with respect to the investment information certified by the custodian, which included total investments as of December 31, 2015 and 2014, the total investment income for the years ended December 31, 2015 and 2014, and all information included in the supplemental schedule of Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

F. Tax Status

Effective January 1, 2015, the Plan adopted the Voya Retirement Life Insurance and Annuity Company Non-standardized 401(k) Profit Sharing Plan and Trust which has a favorable opinion letter from the Internal Revenue Service (the "IRS") dated September 1, 2014, stating that the written form of the prototype plan document is acceptable under Section 401(a) of the Code and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from federal income taxation. Prior to January 1, 2015, the Plan followed the provisions of an ING Life Insurance and Annuity Company prototype plan with an opinion letter dated March 31, 2008.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust was tax-exempt as of December 31, 2015.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of mutual funds managed by Voya Retirement Life Insurance and Annuity Company ("Voya" and formerly ING Life Insurance and Annuity Company). Voya is the custodian for only those investments as defined by the Plan. Transactions in such investments, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, all amounts credited to participants' accounts will become 100% vested.

I. Subsequent Events

In preparing the accompanying financial statements, the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 12, 2016, the date the financial statements were available for issuance.
