VALLEY RETINA INSTITUTE PA
401(K) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
December 31, 2015

Note A - Plan Description

The following description of the Valley Retina Institute PA 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by seven affiliated companies for the benefit of their employees. All eligible employees of Valley Retina Institute PA, Ophthalmic Consultants of Texas PA, The Center for Laser Vision Corrections LP, Precision View Management LLC, Accent Diabetic Health Products LLC and RGV Optical Images LLC (the "Company") may participate in the Plan. The Plan is a defined contribution plan, covering all full time employees of the Company who have one year of service and are age twenty-one or older.

Contributions

Each year, participants may make elective deferrals up to the maximum percentage allowed by Internal Revenue Code (IRC) regulations. The Company did not make a discretionary contribution to the Plan in 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary contributions and Plan earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's respective vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after six years of service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or installments as determined by the Plan. For termination of service for other reasons, participants may receive the value of the vested interest as a lump-sum distribution.

Forfeitures

At December 31, 2015 and 2014 forfeited nonvested accounts totaled $79 and none, respectively. These amounts will be used to reduce future employer contributions or plan expenses.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Companies.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

Note C - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Note D - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note E - Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2015 and 2014 consist of the following:

		2015	2014
*	Nationwide Destination 2020	$ 25,541	$ 22,751
*	Nationwide Destination 2025	150,900	134,889
*	Nationwide Destination 2030	99,494	80,781
*	Nationwide Destination 2035	45,495	46,567
	Openheimer Developing Market	28,180	**
	Blackrock Equity Dividend	60.178	46,234
	Prudential Jennison 20/20 Focus	22,119	**

During 2015 the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated by $20,336.

* Party-in-Interest to the Plan.
** Represents less than 5% of the assets available for benefits

Note F - Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note F - Fair Value Measurement – Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at quoted market prices.

Money Market Funds: Valued using $1 for the Net Asset Value (NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's fair value measurements at December 31, 2015 and 2014.

Note G - Unaudited Information Prepared and Certified by Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Nationwide Financial Services, Inc.'s subsidiary Nationwide Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	2015	2014
Investments	$ 504,168	$ 442,714
Net appreciation in fair value of investments	$ (20,336)	

Note H - Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Nationwide Financial Services, Inc.'s subsidiary Nationwide Trust Company. Purchases and sales of investment units of these mutual funds qualify as party-in-interest transactions as defined by ERISA.

Note I - Income Tax Status

The Company has received a favorable determination letter from the Internal Revenue Service stating that the plan is a qualified plan. The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for tax years ending prior to December 31, 2012.

Note J - Excess Contributions Payable to Participants

The Plan is subject to certain non-discrimination rules under ERISA and the Internal Revenue Code (the Code). For the Plan year ended December 31, 2015, the Plan failed certain of the non-discrimination tests under the Code due to lower contribution percentages by non-highly compensated eligible employees relative to the contribution percentages of highly compensated eligible employees. In order to meet the requirements of the non-discrimination rules, the Plan refunded a portion of the contributions made by highly compensated participants, in accordance with applicable provisions of the Code. The refund for 2015 totaled $32,511. The refunds are recorded as "Excess contributions payable to participants" in the December 31, 2015 Statements of Net Assets Available for Benefits and included in "Benefits paid to participants" on the Statement of Changes in Net Assets Available for Benefits.

Note K - Prohibited Transaction

The participant payroll deferrals for certain payrolls during 2015 were not remitted to the trustee within the normal timeframe established by the Company. The Company expects to correct the late remittances under the Voluntary Fiduciary Correction Program during 2016.
