The Investment Committee determines the appropriateness of The Plan's investment offerings, monitors investment performance, and reports to the trustee and Plan administrator.

CONTRIBUTIONS

Each year, participants may contribute up to 100 percent of pretax annual contribution as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company's contribution is agreed upon in the collective bargaining agreement between the union and the plan sponsor. Additional profit sharing amounts may be contributed at the option of the Company. No profit sharing contribution was made for the year ended December 31, 2015. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are fully vested in their accounts.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, or for other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments, ad-hoc payments, or partial payments. The Plan generally requires distributions of account balances of less than $5,000 upon termination. Hardship distributions are allowed from participants' pre-tax elective deferral accounts. In-service distributions are allowed for participants 59½ or older from their vested account balance.

PLAN STRUCTURE AND INVESTMENT OPTIONS

Wells Fargo Bank, N.A. manages the Plan's assets. Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All funds vary in type of investment, rate of return and investment risk. Participants may elect on a daily basis to have all or part of their account balances and future contributions transferred from one fund to another or in any combination.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determine the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net

asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Plan management is currently evaluating ASU 2015-07.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965).* Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit–responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. Part II will require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. Part III provides a practical expedient to permit plans to measure its investments and investment related accounts as of a month-end date closest to its fiscal year for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. Plan management evaluated ASU 2015-12 and have early adopted this standard update.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

Note 3 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The trustee, Wells Fargo Bank, N.A., has certified that the following information included in the accompanying financial statements and schedule is complete and accurate:

1. Investments reported on the statements of net assets available for benefits as of December 31, 2015 and 2014.
2. Investment activity reported on the statement of changes in net assets available of benefits for the year ended December 31, 2015.
3. Schedule of assets (held at year end) as of December 31, 2015, excluding loans to participants.

Note 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB's authoritative guidance are as follows:

Level 1- Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common/collective trust: Valued at the NAV or units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Mutual funds: Mutual funds are valued at quoted prices available in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$2,522,025	$ -	$ -	$2,522,025
Common/collective trust	-	671,185	-	671,185
Total investments at fair value	$2,522,025	$671,185	$0	$3,193,210

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$2,283,370	$ -	$ -	$2,283,370
Common/collective trust	-	848,715	-	848,715
Total investments at fair value	$2,283,370	$848,715	$0	$3,132,085

Note 5 INVESTMENTS STATED AT NET ASSET VALUE

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust [1] [2]	$671,185	n/a	Daily	Up to 12 months

	2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust [1] [2]	$848,715	n/a	Daily	Up to 12 months

(1) The objective of the perservation fund is to provide investors with a moderate level of stable income without principal volatility. To achieve this, the fund invests in high quality investment contracts, and the associated portfolio of underlying assets.

(2) The objective of the index fund is to seek a total return, before deduction of fees and expenses, of the Standard & Poor's 500 Index. To achieve this, the fund invests in equity securities.

Note 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 8 RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Wells Fargo Bank, N.A. (Wells Fargo). Wells Fargo is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator and investment advisor totaling $5,434. The Company pays directly any other fees related to the Plan's operations.

Note 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

Note 3 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The trustee, Wells Fargo Bank, N.A., has certified that the following information included in the accompanying financial statements and schedule is complete and accurate:

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Note 7 TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 8 RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Wells Fargo Bank, N.A. (Wells Fargo). Wells Fargo is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator and investment advisor totaling $5,434. The Company pays directly any other fees related to the Plan's operations.

Note 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 1 DESCRIPTION OF PLAN

The following description of the LeJeune Steel Company Shop Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan sponsored by APi Group, Inc. and Subsidiaries (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Union employees of the Company's wholly owned subsidiaries, LeJeune Steel Company, Industrial Fabricators, Inc., and Modulus MEP, Inc. are eligible to participate in the Plan at the beginning of the month immediately following the completion of 20 days of eligible service. The Company has appointed Wells Fargo Bank, N.A. (Wells Fargo) to be the trustee and invest the assets of the Plan. The trustee and Plan administrator are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of The Plan's investment offerings, monitors investment performance, and reports to the trustee and Plan administrator.

CONTRIBUTIONS

Each year, participants may contribute up to 100 percent of pretax annual contribution as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company's contribution is agreed upon in the collective bargaining agreement between the union and the plan sponsor. Additional profit sharing amounts may be contributed at the option of the Company. No profit sharing contribution was made for the year ended December 31, 2015. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are fully vested in their accounts.

PAYMENT OF BENEFITS

On termination of service due to death, disability, or retirement, or for other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments, ad-hoc payments, or partial payments. The Plan generally requires distributions of account balances of less than $5,000 upon termination. Hardship distributions are allowed from participants' pre-tax elective deferral accounts. In-service distributions are allowed for participants 59½ or older from their vested account balance.

PLAN STRUCTURE AND INVESTMENT OPTIONS

Wells Fargo Bank, N.A. manages the Plan's assets. Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All funds vary in type of investment, rate of return and investment risk. Participants may elect on a daily basis to have all or part of their account balances and future contributions transferred from one fund to another or in any combination.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determine the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net

asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Plan management is currently evaluating ASU 2015-07.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965).* Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit–responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. Part II will require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. Part III provides a practical expedient to permit plans to measure its investments and investment related accounts as of a month-end date closest to its fiscal year for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. Plan management evaluated ASU 2015-12 and have early adopted this standard update.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

Note 3 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The trustee, Wells Fargo Bank, N.A., has certified that the following information included in the accompanying financial statements and schedule is complete and accurate:

1. Investments reported on the statements of net assets available for benefits as of December 31, 2015 and 2014.
2. Investment activity reported on the statement of changes in net assets available of benefits for the year ended December 31, 2015.
3. Schedule of assets (held at year end) as of December 31, 2015, excluding loans to participants.

Note 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB's authoritative guidance are as follows:

Level 1- Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common/collective trust: Valued at the NAV or units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Mutual funds: Mutual funds are valued at quoted prices available in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$2,522,025	$ -	$ -	$2,522,025
Common/collective trust	-	671,185	-	671,185
Total investments at fair value	$2,522,025	$671,185	$0	$3,193,210

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$2,283,370	$ -	$ -	$2,283,370
Common/collective trust	-	848,715	-	848,715
Total investments at fair value	$2,283,370	$848,715	$0	$3,132,085

Note 5 INVESTMENTS STATED AT NET ASSET VALUE

The following table summarizes investments measured at fair value based on NAV per share as of December 31:

	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust [1] [2]	$671,185	n/a	Daily	Up to 12 months

	2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust [1] [2]	$848,715	n/a	Daily	Up to 12 months

(1) The objective of the perservation fund is to provide investors with a moderate level of stable income without principal volatility. To achieve this, the fund invests in high quality investment contracts, and the associated portfolio of underlying assets.

(2) The objective of the index fund is to seek a total return, before deduction of fees and expenses, of the Standard & Poor's 500 Index. To achieve this, the fund invests in equity securities.

Note 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 8 RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Wells Fargo Bank, N.A. (Wells Fargo). Wells Fargo is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator and investment advisor totaling $5,434. The Company pays directly any other fees related to the Plan's operations.

Note 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
