## Notes to Financial Statements

### 1. Description of the Plan

The following description of the RoundTower Technologies, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions.

#### *General*

The Plan is a defined contribution plan covering substantially all employees of RoundTower Technologies, LLC (formerly RoundTower Technologies, Inc.) (the Company) who are age 21 or older. Eligible employees may enter the Plan on the first day of the month following the completion of the eligibility requirements. Eligible employees may receive safe harbor contributions from the Company after at least 500 hours of service during the Plan year or are employed by the Company on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

American Pension Benefits (APB) is the third party administrator of the Plan as of December 31, 2015 and 2014. Mid Atlantic Trust Company (Mid Atlantic) is the record-keeper and custodian of the Plan assets, invests all contributions, and allocates to each participant account its proportionate share of the funds' investment earnings as of December 31, 2015 and 2014. The Plan was established effective January 1, 2009 and was amended and restated as of May 1, 2015.

#### *Contributions*

The Plan is primarily funded through employee elective wage deferrals under the deferred compensation provisions of the Internal Revenue Code Section 401(k). Each year, participants may elect to defer up to 100% of their pretax annual compensation, as defined by the Plan, not to exceed the annual limitation as defined by the Internal Revenue Service. A participant who has attained age fifty before the end of the Plan year is eligible to defer additional amounts to make catch-up contributions. Additionally, Roth elective deferrals are permitted by the Plan.

The Company makes safe harbor contributions of at least 3% of each eligible employee's compensation up to ERISA's annual compensation limit. During 2015 and 2014, the Company made safe harbor contributions totaling \$577,488 and \$459,567, respectively.

The Company may, in its sole discretion, make profit sharing contributions to the Plan. During the years ended December 31, 2015 and 2014, no profit sharing contributions were made to the Plan.

Participants direct the investment of their contributions as well as the Company's contribution into various investment options offered by the Plan. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

#### *Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, and Plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## Notes to Financial Statements

---

### ***Vesting***

Participants are immediately vested in their contributions and safe harbor contributions plus any actual earnings thereon. Vesting in the Company's profit sharing contribution portion of participant accounts plus earnings thereon, is based on years of service. A participant is fully vested after six years of credited service. The nonvested balance is forfeited upon termination of services.

### ***Notes Receivable from Participants***

Effective May 1, 2015, participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years or up to 15 years for loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of the prime rate plus 1% (4.5% as of December 31, 2015). Principal and interest is paid ratably through payroll deductions.

### ***Payment of Benefits***

Upon termination of service due to death, disability, or normal retirement, a participant, or his or her beneficiary upon death may receive benefits in a single lump-sum amount equal to 100% of the participant's vested account balance. Normal retirement age is 65; early retirement is not permitted. For termination of service due to normal retirement, or other reasons, a participant may elect whether to receive the value of the vested interest as a single lump-sum distribution or to roll over the distribution to another retirement plan such as an individual retirement account.

### ***Rollover Provisions***

The Plan may accept a rollover contribution made on behalf of any eligible employee, regardless of whether such employee has met the age and service requirements of the Plan. The Plan administrator may establish procedures that regulate the method by which rollovers will be accepted. An eligible employee who has not yet met any of the eligibility of requirements of the Plan will be deemed a participant only with respect to amounts, if any, in their rollover contribution account.

The Plan includes rollover provisions. These provisions entitle participants to receive a distribution from their account after employment with the Company is terminated. If participants become entitled to receive their benefit for any reason other than death, payment of the vested account may start as soon as administratively feasible with a final payment made consisting of any allocations occurring after the termination of employment. The Plan allows for involuntary cash-outs for terminated participants with vested balances of \$1,000 or less.

### ***Forfeitures***

At December 31, 2015 and 2014, no forfeited non-vested accounts existed. At the discretion of the Company, forfeitures may be used towards the Company's safe harbor or profit sharing contribution to the Plan or to pay Plan expenses.

### *Plan Expenses*

All administrative expenses of the Plan are paid by either the Plan out of forfeitures or the Company, except for loan and distribution origination fees, which are paid by the respective participant. Fees paid by the Plan for recordkeeping totaled \$23,552 and \$15,679 for the years ended December 31, 2015 and 2014, respectively.

## **2. Summary of Significant Accounting Policies**

### *Basis of Presentation*

The accompanying financial statements and supplemental schedule have been prepared on the accrual basis of accounting.

### *Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Notes Receivable From Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

### *Risks and Uncertainties*

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and supplemental schedule.

### *Payment of Benefits*

Benefits are recorded when paid.

### *New Accounting Pronouncements*

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect

# RoundTower Technologies, Inc. 401(k) Plan

## Notes to Financial Statements

---

to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 31, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 31, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied resulting in prior-period disclosures being adjusted to conform to this new guidance. Part I and III are not applicable to this Plan.

### *Use of Estimates*

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### *Events occurring after Reporting Date*

The Company has evaluated events and transactions that occurred between December 31, 2015 and October 17, 2016, which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

### **3. Investments (unaudited)**

All investment information disclosed in the accompanying financial statements and supplemental schedule at December 31, 2015 and 2014, net (depreciation) appreciation in fair value of shares of registered investment companies, and interest and dividend income for the years ended December 31, 2015 and 2014, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

### **4. Plan Tax Status**

The Plan administrator obtained its latest determination letter on September 30, 2014, in which the Internal Revenue Service indicated that the prototype as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the tax authorities. A recognized tax position is then measured at the largest amount of benefit that is greater than 50% likely of being realized upon settlement.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Additionally, the Plan had no interest and penalties related to income taxes.

# RoundTower Technologies, Inc. 401(k) Plan

## Notes to Financial Statements

---

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### 5. Fair Value Measurements

The Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosure* defines fair value, provides guidance for measuring fair value, and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. *Fair Value Measurements and Disclosure* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

*Fair Value Measurements and Disclosure* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- |          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|----------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1: | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:
