The Cleveland Museum of Art 401(k) Retirement Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description

The following description of The Cleveland Museum of Art 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of the Cleveland Museum of Art (the "Company") with the exception of employees under 21 years of age, employees who have worked less than 90 days, leased employees, and employees covered under the collective bargaining agreement in conjunction with participation in the Company's defined benefit pension plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Deferrals - The Plan provides for employee salary 401(k) deferrals up to a maximum of 100 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Contributions - The Company is required to make matching contributions of at least 50 percent of the first 4 percent of compensation deferred by the participant, up to 2 percent of a participant's compensation.

The Plan provides an additional discretionary profit-sharing contribution of 3 percent of Form W-2 gross earnings for eligible participants. Eligible participants are those who have been credited with 1,000 hours worked during the plan year, are employed on December 31 of the plan year, and are not grandfathered participants in the Company's defined benefit pension plan. The total contribution for 2015 was approximately \$305,000.

Participant Accounts - Each participant's account is credited with the participant's deferral and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary deferrals and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual net earnings thereon, is based on years of service. Participants vest in employer matching contributions and employer profit-sharing contributions 100 percent after one year of service.

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances, whichever is less. The participant notes receivable are secured by the balance in the participant's account and bear interest rates of 4.25 percent, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Benefit Payments - Upon termination of employment, the participant or, in the case of death, the named beneficiary can elect to receive the participant's account balance in a single lump sum.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan agreement. The Company must approve any such hardship withdrawals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Ascensus Trust Company or its affiliates. Ascensus Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Change in Presentation - The presentation of the stable value common collective trust for 2014 has been changed to be consistent with the 2015 presentation. The fund is presented using net asset value (NAV) per unit as a practical expedient for the fair value of the investment without presentation of contract value or the difference between fair value and contract value. This change in presentation resulted from a recent clarification from the Financial Accounting Standards Board, and had no effect on total net assets available for benefits or the change in net assets available for benefits.

Investment Valuation - The Plan's investments are stated at fair value.

The common collective trust funds are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. All other investments are valued based on quoted market prices. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company. These transactions qualify as party-in-interest transactions.

Notes to Financial Statements December 31, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 27, 2016, which is the date the financial statements were available to be issued.

Note 3 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 4 - Unaudited Information

Ascensus Trust Company, holds the Plan's investment and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and schedule of assets held at end of year are based solely on information prepared and certified by Ascensus, Inc., on behalf of Ascensus Trust Company.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2015

	Investments (at Fair Value)	Level 1
Mutual funds	\$ 10,862,136	<u>\$ 10,862,136</u>
Investments measured at NAV - Common collective trust fund	<u>703,767</u>	
Total investments at fair value	<u>\$ 11,565,903</u>	

Assets Measured at Fair Value on a Recurring Basis at December 31, 2014

	Investments (at Fair Value)	Level 1
Mutual funds	\$ 10,723,314	<u>\$ 10,723,314</u>
Investments measured at NAV - Common collective trust fund	<u>563,500</u>	
Total investments at fair value	<u>\$ 11,286,814</u>

Notes to Financial Statements December 31, 2015 and 2014

Note 5 - Fair Value Measurements (Continued)

There were no unfunded commitments or redemption restricts on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2015.
