Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Tri Tech 401(k) Retirement Benefit Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the "custodian" of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year), which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TRI TECH 401(k) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of the Plan

The following description of the Tri Tech 401(k) Retirement Benefit Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Agreement as amended and restated for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering substantially all full-time employees of Tri Tech Laboratories, Inc. The Plan’s Agreement was amended and restated effective September 20, 2014. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration – Tri Tech Laboratories, Inc. (the “Plan Sponsor”) is the Plan administrator. All investments of the Plan are held by the “custodian” of the Plan, Principal Life Insurance Company (“Principal”).

Eligibility – All employees who have attained age 21 and completed one year of service are eligible to participate in the Plan, with the exception of union and nonresident alien employees.

Contributions – Eligible employees may contribute any percentage of pretax annual compensation up to the dollar limitation set forth in Section 402(g) of the Internal Revenue Code at the beginning of the taxable year.

Catch-Up Contributions – For the year ended December 31, 2015, if a participant is eligible to make deferrals and turns 50 before the end of the calendar year, the participant may defer an additional \$6,000 into the Plan as pre-tax contribution. Catch-up contributions are eligible for matching contributions made by the Plan Sponsor. Catch-up contributions are subject to Internal Revenue Code (“IRC”) limitations.

Plan Sponsor Contributions – The Plan Sponsor has the option to make a matching contribution and/or discretionary contributions to the Plan. The Plan Sponsor made no such contributions to the Plan during the year ended December 31, 2015.

Participant Accounts – Each participant’s account is credited with the participant’s contributions and allocations of (a) any Plan Sponsor contributions, (b) Plan earnings, and (c) administrative expenses not paid by the Plan Sponsor. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Investment Options – Participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in Plan Sponsor contributions after six years of continuous service. A participant’s vesting schedule in Plan Sponsor contributions is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

TRI TECH 401(k) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000. Repayment terms for the loans are for a period not exceeding five years, unless the loan is for the purchase of the participant's principal residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. The balance is amortized in equal installments over the life of the loan. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate, as published in *The Wall Street Journal* on the day of the loan request, plus 1%. Principal and interest are paid ratably through monthly payroll deductions.

Termination of Service and Payment of Benefits – On termination of service due to death, disability, normal retirement (age 65), or any other reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeitures – Any forfeited non-vested accounts are used to reduce future Plan Sponsor contributions. There were no forfeited Plan Sponsor contributions for the year ended December 31, 2015. There were no forfeited non-vested accounts as of December 31, 2015 and 2014.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates – The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Purchase and sales of securities are recorded on a trade-date basis. Income from investments is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income, as shown in the financial statements, includes interest, dividends, and net realized and unrealized appreciation and depreciation. Fully benefit-responsive investment contracts are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Plan investments, other than fully benefit-responsive contracts, are stated at fair value.

Administrative Expenses – Certain administrative expenses, consisting of custodian, recordkeeping, and investment management fees, are paid by the Plan. Certain other accounting and third-party advisory fees are paid by the Plan Sponsor as permitted by the Plan Document.

Benefits Paid to Participants – Benefit payments to participants are recorded upon distribution.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

TRI TECH 401(k) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 2—Summary of significant accounting policies (continued)

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the Net Asset Value (“NAV”) practical expedient provided by FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate NAV per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. ASU 2015-07 requires retrospective application and is effective for years beginning after December 15, 2016. As permitted, the Plan has elected early adoption and has applied the ASU retrospectively for all periods presented. Accordingly, investments measured using the NAV practical expedient have been removed from the prior period disclosure of the fair value hierarchy.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, Part III Measurement Date Practical Expedient*. This three-part standard simplifies plan reporting with respect to fully benefit-responsive investments contracts and plan investment disclosures. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part I also clarifies that indirect investments in fully benefit-responsive investment contracts through investment companies are not within the scope of the guidance on fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to this plan. Parts I and II are effective for years beginning after December 15, 2015, and should be applied retrospectively, with early adoption permitted. As permitted, the Plan has elected early adoption of Parts I and II and has applied the ASU retrospectively for all periods presented.

Subsequent Events – Management of the Plan has evaluated subsequent events through October 17, 2016, which is the date the financial statements were available to be issued. No transactions requiring disclosure have occurred through this date.

Note 3—Information prepared and certified by the custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the schedule of assets (held at end of year) as of December 31, 2015, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

TRI TECH 401(k) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 4—Fair value measurements

The Plan follows the *Fair Value Measurements* topic of the FASB ASC which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;
- Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and
- Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts – These investments are investment vehicles which invest directly in designated mutual funds. Since the fair values of these investments are not readily determinable, they are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Since the NAV is used as a practical expedient to estimate fair value, these investments are excluded from the fair value hierarchy.

The Plan's financial instruments carried at fair value are measured using the net asset value per share (or its equivalent) as a practical expedient. These investments, in accordance with FASB ASC Subtopic 820-10, have not been classified in the fair value hierarchy as of December 31, 2015 and 2014.

Investments Measured Using NAV Per Share Practical Expedient – For investments in entities that calculate NAV or its equivalent which is used as a practical expedient for fair value, the Plan discloses the fair value and subscription and redemption frequencies.

The following table summarizes investments for which fair value is measured using net asset value per share as a practical expedient as of December 31, 2015:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$ 844,076	n/a	Daily	n/a

TRI TECH 401(k) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 4—Fair value measurements (continued)

The following table summarizes investments for which fair value is measured using net asset value per share as a practical expedient as of December 31, 2014:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled Separate Accounts	\$ 764,739	n/a	Daily	n/a

Note 5—Fully benefit-responsive investment contracts

The Plan invests in guaranteed unallocated group fixed annuity contracts with Principal. Principal maintains the contributions in a general asset account and is contractually obligated to repay the principal and a specified fixed interest rate that is guaranteed to the Plan. The contract value of the contract as of December 31, 2015 and 2014 was \$39,130 and \$38,075, respectively.

These guaranteed interest accounts meet the fully benefit-responsive investment contract ("FBRIC") criteria and therefore are reported at contract value. Contract value is the relevant measure for FBRIC's because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) premature termination of the contracts by the Plan, (2) complete or partial Plan termination or merger with another plan, (3) bankruptcy of the Plan sponsor, or (4) the failure of the trust to qualify for exemption from federal income taxes. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed interest accounts do not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement.

Note 6—Party-in-interest transactions

Plan investments are units of pooled separate accounts and guaranteed interest accounts owned and managed by Principal. Principal is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants are considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

TRI TECH 401(k) RETIREMENT BENEFIT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 8—Tax status

The Plan operates under a nonstandardized prototype plan document sponsored by Principal. Principal received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, on the prototype plan's acceptability under Section 401 of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Risks and uncertainties

Investment securities, in general, are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the Form 5500 as of December 31, 2015:

Net assets available for benefits as reported in the financial statements	\$ 902,956
Contract value to fair value adjustment	<u>(811)</u>
Total net assets available for benefits as reported on the Form 5500	<u>\$ 902,145</u>

The following is a reconciliation of the changes in net assets available for benefits as reported in the financial statements to the Form 5500 for the year ended December 31, 2015:

Net increase as reported in the financial statements	\$ 92,971
