BIG D EQUIPMENT COMPANY PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 & 2014

NOTE 1: DESCRIPTION OF PLAN

The following description of the Big D Equipment Company Profit Sharing Plan (the Plan) provides only general information. The plan is sponsored by Big D Equipment Company. (i.e. the Company, Employer, Sponsor). Participants should refer to the Plan document for a more complete description of the Plan's provisions. This Plan was originally established on July 1, 1980. The trustee and custodian of the plan's assets is Capital Bank and Trust Company.

General
The Plan is a defined contribution plan covering eligible employees as defined in the plan document. To become a participant in the plan, an employee must be twenty years old and is eligible to contribute to the plan after one year of service (at least 1,000 hours). Plan entry dates are the first day of the quarter coinciding with the dates requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and regulations issued by the Department of Labor. The plan is not integrated with Social Security. The plan is amended annually to conform to current rules and regulations under ERISA.

Contributions
Eligible employees may contribute up to $18,000 in 2015 and $17,500 in 2014. Participants age 50 and over may contribute an additional $6,000 in 2015 and $5,500 in 2014 as "catch up contributions" for each of those years. The Company allows rollover contributions into the Plan. Under the Plan's, safe harbor provision, the Employer commits to match 100% of employee contributions up to 4% of employee earnings. The Company has the option to make discretionary matching contributions, profit sharing contributions, and Qualified Non-Elective Contributions (QNEC).

Participant Accounts
The Plan allows participants to choose their investments from several investment options. Each participant's account is managed by the Plan and credited with (a) the participant's contributions, (b) company matching contributions and (c) allocation of Plan earnings, and (d) charged with an allocation of administrative expenses. The earnings allocated to a participant are based on the performance of the investments selected by the participant. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting
Participants are immediately 100% vested in their voluntary contributions, safe harbor contributions, and rollover amounts plus actual earnings thereon.. Participants are fully vested in discretionary profit sharing and employer matching contributions plus allocated earnings after six years of credited service (20% per year after the second year of credited service) A participant immediately becomes 100% vested upon death, disability, or attainment of normal or early retirement.

Investment Options
Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds.

NOTE 1: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants
Participants may borrow a minimum of $1,000 and up to a maximum equal to the lesser of a) 50 percent of their vested accrued benefit, or b) $50,000. A participant may have only one loan outstanding at a given time. Generally, the loan term may not exceed five (5) years. However, if the loan is for the purchase of a principal residence, the Administrator may permit a longer repayment term. Generally, loans are repaid through payroll deductions. The notes are secured by the vested balance in the participant's account and bear interest at a commercially reasonable rate as determined at the time of the loan by the plan administrator. Loans to participants are reported at fair value, which is the unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits.
Upon retirement, death, disability, or termination of employment, a participant (or beneficiary, if applicable) may receive a lump-sum distribution or partial withdrawals. In-service distributions, including hardship withdrawals, are permitted. Distributions are paid from participants' vested account balances subject to limitations defined in the Plan. Benefits are recorded when paid.

Forfeitures.
Forfeitures are the non-vested portion of the employer matching contributions of a terminated participant's account balance. These may be used to reduce matching contributions or to pay administrative expenses of the Plan. The balance in the forfeiture account as of December 31, 2015 and 2014 totaled $115 at the end of each year. This balance is a result of prior forfeitures from discretionary employer matching contributions. The plan currently has a safe harbor provision for matching contributions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets at the date of the financial statements and the reported amounts of revenues and expense during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses
The Plan sponsor absorbs the significant operating expenses associated with administering the plan. Administrative expenses incurred in the administration of the Plan, to the extent not paid by the plan sponsor, are charged to and paid from the Plan's assets, such as investment fees and transaction based fees. Administrative expenses are recorded when incurred. Certain fees are paid by the participants' investment funds to their affiliated investment advisors, transfer agents and record keeper as further described in each fund prospectus, plan service agreements, or other published documents. These fees were deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense. Fees paid from the Plan's assets that were separately identified as an expense totaled $2,475 in 2015 and $1,925 in 2014.

Payment of Benefits
Benefits are accounted for when paid.

Recent Accounting Pronouncements
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted.

In July 2015, the FASB released ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value.

Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose: (a) individual investments that represent 5% or more of net assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements (continued)
The Plan elected to early adopt ASU 2015-07 although it does not impact the plan at this time. The Plan also early adopted the applicable parts of ASU 2015-12. Accordingly, the Plan's statements of net assets available for benefits and notes to the financial statements reflect the amended disclosure requirements on a retrospective basis.

NOTE 3: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investment from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no significant transfers in or out of Levels 1, 2, or 3.

NOTE 3: FAIR VALUE MEASUREMENTS (continued)

Mutual funds are valued at quoted market prices, which represent the NAV of shares held by the Plan at year end, which are traded in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments:

December 31, 2015	Fair Value	(Level 1)	(Level 2)	(Level 3)
Mutual Funds	$ 6,241,333	$ 6,241,333	$ -	$ -
Total	$ 6,241,333	$ 6,241,333	$ -	$ -
December 31, 2014				
Mutual Funds	$ 6,116,114	$ 6,116,114	$ -	$ -
Total	$ 6,116,114	$ 6,116,114	$ -	$ -

NOTE 4: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) were obtained from data that has been prepared and certified to as complete and accurate by the custodian as of December 31:

Investments, at fair value:	2015	2014
Mutual funds	$6,241,333	$6,116,114
Investment income		
Net appreciation (depreciation) in fair value of investments	$(264,597)	$(13,222)
Interest and dividends	331,140	357,636

NOTE 5: PARTIES-IN-INTEREST

Plan investments are managed by the plan custodian. Because the Plan pays certain fees to the custodian, these transactions qualify as party-in-interest transactions. Additionally, since the Company is the Plan sponsor, the Company's payment of certain administrative expenses on behalf of the Plan constitutes party-in-interest transactions. In each case, these are exempt party-in-interest transactions under ERISA.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time so as to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 7: INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that by adopting a prototype standardized profit sharing plan, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and is not subject to tax under present regulations. Several plan amendments have been made since receiving the letter to comply with provisions of the Internal Revenue Code and ERISA. The Plan administrator and Plan's tax counsel believe that by adopting the prototype standardized plan referenced above, that the Plan is being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The IRS generally has the ability to examine Plan activity for up to three years.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Economic conditions affecting the labor market also have a direct effect on the Plan. The availability of jobs directly affects the number of participants enrolling in the Plan and therefore directly affects the Plan's existence.

NOTE 9: SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2016, the date which the financial statements were available to be issued. No significant subsequent events have occurred that would require disclosure in the notes or recognition in the financial statements.
