Unimin Corporation Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Unimin Corporation Savings Plan, which comprise the statements of assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 4, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entities that certified the investment information meet the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2015 and 2014, and for the years then ended, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2015 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Compliance of Form and Content With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Unimin Corporation Savings Plan

Notes to Financial Statements

December 31, 2015

1. Description of the Plan

The following description of the Unimin Corporation Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible full-time, salaried and certain union and nonunion hourly employees of Unimin Corporation (the Company). The Administrative Committee of the Plan controls and manages the operation and administration of the Plan. The Trustee of the Plan is John Hancock Retirement Plan Services. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan covers all employees, excluding probationary employees, residents of Puerto Rico, and part-time employees, of the Company age 21 or older. There is no eligibility service requirement for participation in the Plan and employees are eligible to contribute on the first of the month following their hire date.

Contributions

Participants may contribute up to 60% pretax and up to 10% after-tax of their annual compensation, as defined, subject to certain Internal Revenue Code (IRC) limitations. The Company contributes 100% on the first 1% and 50% on the next 5% of compensation for those salaried participants receiving benefits and nonunion hourly employees. The Plan permits Roth deferral contributions and has a qualified automatic contribution arrangement.

Effective January 1, 2008 and continuing thereafter until the Plan is amended to the contrary, Unimin Corporation (the Plan Sponsor) shall make a fixed non-elective contribution in an amount equal to 1% of each eligible nonunion hourly employee's compensation and an amount equal to 4% of each eligible salaried employee's compensation, including those employed at the Calera, Alabama facility covered by a collective bargaining agreement with the United Steelworkers Local Union 9-0537.2.

1. Description of the Plan (continued)

Effective for union participants at the Hephzibah, Georgia facility hired on or after January 1, 2009, effective for union participants at the Emmett, Idaho and McIntyre, Georgia facilities hired on or after January 1, 2010, and effective for union participants at the Green Mountain, North Carolina and Spruce Pine Quartz, North Carolina facilities hired on or after May 1, 2010, the Company shall make a fixed non-elective contribution in an amount equal to 1% of each eligible union employee's compensation. Effective June 1, 2012, due to union decertification, for hourly participants at the Elco, Illinois facility, the Company shall make a fixed non-elective contribution in an amount equal to 1% of each eligible hourly employee's compensation.

Participants may also transfer to this Plan any distributions they received from other qualified plans.

Participant Accounts

Individual accounts are maintained for each participant. Accounts are credited with the participant's contribution, the Company's matching and non-elective contributions, Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is limited to the total in the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Employer contributions are invested in the same investment options as employee contributions. As of December 31, 2015, the Plan offered 32 core mutual funds and a guaranteed insurance contract as investment options. The Plan also offered a Brokerage Account for participants who wish to invest in mutual funds or exchanged traded funds outside of the core funds.

Vesting

Participants vest immediately in their contributions plus actual earnings or losses thereon. Vesting in the Company's contribution is based on years of continuous service. A participant is 100% vested after: 1) two years of credited service for the Company's matching contributions, and 2) three years of credited service for the Company's fixed non-elective contributions.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loans are secured by the balance in the participant's account and bear interest equal to the Prime Rate published in the *Wall Street Journal* plus 1.5 percentage points. Principal is paid ratably through payroll deductions. The maximum repayment term is 5 years unless the loan is for the purchase of a participant's primary residence, in which case the term is 10 years. Loans that are not repaid in accordance with the terms of the loan are deemed to be withdrawals. The loans bear interest rates that range from 4.75% to 10.25% as of December 31, 2015.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive distributions in a lump-sum or installments equal to the value of the participant's vested interest in their account.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$6,188 and \$22,935 respectively. These accounts will be used to reduce future employer contributions and pay Plan expenses. During the years ended December 31, 2015 and 2014, employer contributions were reduced by \$92,260 and \$163,721, respectively, in forfeited non-vested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Except for fully benefit-responsive investment contracts, all investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive contracts are valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Expenses reasonably incurred in the administration of the Plan are paid by the Plan as provided by the Plan Document. Certain costs of establishing and administering the Plan have been paid by the Company and, accordingly, are not included as administrative expenses of the Plan.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

New Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical

expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted.

3. Permitted-Party-in-Interest and Related-Party Transactions

Included in Plan investments is a fully benefit-responsive investment contract managed by John Hancock Trust Company LLC and New York Life Trust Company in 2015 and 2014, respectively. This investment contract had a contract value of \$14,451,733 and \$14,068,670 at December 31, 2015 and 2014, respectively, and investment income of \$385,508 and \$373,783 for the years ended December 31, 2015 and 2014, respectively. John Hancock Trust Company is the Plan's trustee and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on the investment contract. In addition, personnel and facilities of the Company used by the Plan for accounting and other services are provided at no charge to the Plan.

4. Investments (Certified by the Trustee)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of mutual fund investments, interest and dividend income, and interest income on notes receivable from participants for the years then ended was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the trustee of the Plan, John Hancock Trust Company and New York Life Trust Company in 2015 and 2014, respectively.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. If the Plan were terminated, participants would become 100% vested in their accounts.

Notes to Financial Statements (continued)

6. Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated July 8, 2010 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore the related trust is tax-exempt. Subsequent to the receipt of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Fair Value Measurements

Accounting Standards Codification Topic 820, *Fair Value Measurement* (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

Notes to Financial Statements (continued)

7. Fair Value Measurements (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at net asset value (NAV) of shares held by the Plan at year-end based on the fair value of the underlying with a trust traded in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

8. Fully Benefit-Responsive Investment Contract

In 2011, the Plan entered into a fully benefit-responsive guaranteed investment contract (GIC) with New York Life Insurance Company (New York Life). New York Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum crediting rate for the GIA contract is subject to change every six months, but will always fall within a range between 1% and 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor

8. Fully Benefit-Responsive Investment Contract (continued)

events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

9. Subsequent Events

In preparing the financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2016, the date that the financial statements were available to be issued, and determined that there were no material subsequent events requiring recognition or disclosure in the financial statements.
