NOTE A – DESCRIPTION OF PLAN

1. Organization

   The Vesta Property Services LLC 401(K) Plan (“the Plan") is a defined contribution plan covering all eligible employees of Vesta Property Services, Inc. and any participating Affiliates (the "Company" or "Employer"). The Plan was established on January 1, 2014, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

   The following brief description of the Plan provides only general information. Participants should refer to the summary plan description or plan document for a more complete description of the Plan’s provisions.

2. General

   The Plan covers all eligible employees, as defined by the plan document. Employees are eligible to become a participant after completing six months of service, as defined in the plan document.

3. Contributions

   Participants in the Plan may make a pre-tax elective deferral up to 90% of their annual pretax compensation, not to exceed $18,000, the maximum allowed by the Internal Revenue Code (the "Code") for 2015. The Plan also allows for post-tax elective deferrals to a Roth 401(k). In addition, the Plan permits participants age 50 or over during the plan year to make additional catch-up contributions to the Plan of up to $6,000 for 2015. Participants may also contribute amounts representing distributions from other qualified retirement plans.

   The Employer may, in its sole discretion, contribute and allocate to each eligible participant's account, a percentage of the participant's elective deferrals as of the end of the plan year. The Employer made no elective contributions for the year ended December 31, 2015. However, the Employer made a non-elective contribution of $214 for the year ended December 31, 2015,

4. Investment Options

   Upon enrollment, participants may direct their contributions to any of the Plan's fund options. Participants may also redirect their contributions or exchange their existing fund account balances on any business day, effective on the following business day.

5. Participant Accounts

   Each participant's account is credited with the participant's contribution and allocation of Employer contributions, if any, and Plan’s investment results. Allocations are based on compensation or a ratio of the participant's specific account balance to the total of all participants' account balances, as specified in the plan document. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

6. Notes Receivable from Participants

   Participants may borrow from their account balances a minimum of $500 to a maximum of the lesser of one half of their account balance or $50,000. The note must be repaid through payroll deductions, and amortized over a term of no more than five years, unless the note is for the purchase of a primary residence, in which case no more than 30 years. A participant may not have more than one loan outstanding at any point in time. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus two percentage points, which is commensurate with The Wall Street Journal published rate at the inception of the loan, as required by the plan document. The Plan provides for a single, lump-sum repayment at any time.

NOTE A – DESCRIPTION OF PLAN (continued)

7. Vesting

   All contributions into the Plan from any source, and actual earnings thereon, are immediately vested at 100%.

8. Payment of Benefits

   Upon death, disability, retirement, or termination of service, participants or their designated beneficiaries may receive a lump-sum payment amount equal to their account balance.

9. Plan Termination

   Although it has not expressed any intent to do so, the Company has the right to amend or discontinue the Plan at any time subject to the provisions of ERISA.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

   The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States ("GAAP").

2. Use of Estimates

   The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Valuation of Investments

   The Plan's investments, composed of mutual funds and a common/collective trust, are stated at fair value as reported by State Street Bank and Trust Company (the "Trustee"), on the last business day of the plan year. Investments in mutual funds are valued at quoted market prices, which represent the Net Asset Value (the "NAV") of shares held by the Plan at year end. The NAV, as provided by the administrator of the funds, is used as a practical expedient to estimate fair value.

   Purchases and sales of securities are recorded on a trade-date basis. Gain or loss on sales of securities is based on average cost. Dividend income is recorded on the ex-dividend date. Interest income is recognized as earned on the accrual basis.

   In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in the fair value of its investments. This consists of the realized gains or losses and the unrealized appreciation / (depreciation) on those investments.

4. Benefit Payments

   Benefits are recorded when paid.

5. Forfeitures

   All contributions into the Plan from any source, and actual earnings thereon, are immediately vested at 100%. Therefore, the Plan does not include forfeitures.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

6. Plan Expenses

Record-keeping fees and audit fees are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in the fair value of investments.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

8. Recent Accounting Pronouncements

In April 2015, the Financial Accounting Standards board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The ASU is effective for fiscal years beginning after December 15, 2016, with earlier application permitted. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV). The ASU was adopted for the December 31, 2014, plan year.

In July 2015, FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 may be may be adopted in whole or by part (I, II, and III), as applicable. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact ASU 2015-12 will have on the Plan’s financial statements.

9. Subsequent Events

The plan administrator has evaluated subsequent events through October 14, 2016, which is the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY STATE STREET BANK AND TRUST (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust, the trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected statements of net assets available for benefits as of December 31, 2015 and 2014, the supplemental schedule of assets held as of December 31, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015. As directed by the plan administrator, this information is unaudited.

The information certified includes total investments of $880,328 and $806,192 at December 31, 2015 and 2014, respectively, and net related investment and market value losses of $18,880 for the year ended December 31, 2015. The trustee also certifies notes receivable from participants of $10,021 and $14,468 at December 31, 2015 and 2014, respectively, and interest income from the notes receivable totaling $519 for the year ended December 31, 2015.

The fair value of investments, as reported by the trustee, includes the following investments which represent 5% or more of the Plan's net assets at December 31, 2015 and 2014:

	2015	2014
American Century One Choice 2015 Portfolio	$ -	$ 128,178
American Century One Choice 2020 Portfolio	51,823	50,709
American Century One Choice 2025 Portfolio	93,755	84,472
American Century One Choice 2040 Portfolio	97,490	85,299
American Century One Choice in Retirement Portfolio	111,872	-
Invesco Stable Assets Fund	114,100	65,129

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

1. Level 1

   Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. Level 2

   Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

3. Level 3

   Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The following methods and assumptions were used to estimate fair value of each class of assets that are recognized at fair value.

1. Registered Investment Company Funds

   The investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus the liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

2. Common/Collective Trust

   These investments are investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

3. Notes Receivable From Participants

   Loans to participants are valued at amortized cost and are classified within Level 3 of the valuation hierarchy.

As of December 31, 2015 and 2014, the Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

Fair Value Measurements as of December 31, 2015

Description	Level 1	Level 2	Level 3	Total
Registered investment company funds	$ 766,228	$ -	$ -	$ 766,228
Common/collective trust	-	114,100	-	114,100
Notes receivable from participants	-	-	10,021	10,021
	$ 766,228	$ 114,100	$ 10,021	$ 890,349

Fair Value Measurements as of December 31, 2014

Description	Level 1	Level 2	Level 3	Total
Registered investment company funds	$ 741,063	$ -	$ -	$ 741,063
Common/collective trust	-	65,129	-	65,129
Notes receivable from participants	-	-	14,468	14,468
	$ 741,063	$ 65,129	$ 14,468	$ 820,660

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2015 are reported in net increases (decreases) in fair value of investments.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The table below sets forth a summary of changes in fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

	Notes Receivable From Participants
Balance, beginning of year	$ 14,468
Issuances	2,050
Repayments	(6,497)
Balance, end of year	$ 10,021

NOTE E – TAX STATUS

The Department of the Treasury has determined and informed the plan administrator by a letter dated July 8, 2014, that the form of the Plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE F – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

State Street Bank & Trust is the trustee of the Plan, and ADP is the plan administrator. Total fees paid by the Plan for administration amounted to $616 for the year ended December 31, 2015.

NOTE A – DESCRIPTION OF PLAN

1. Organization

   The Vesta Property Services LLC 401(K) Plan (“the Plan") is a defined contribution plan covering all eligible employees of Vesta Property Services, Inc. and any participating Affiliates (the "Company" or "Employer"). The Plan was established on January 1, 2014, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

   The following brief description of the Plan provides only general information. Participants should refer to the summary plan description or plan document for a more complete description of the Plan’s provisions.

2. General

   The Plan covers all eligible employees, as defined by the plan document. Employees are eligible to become a participant after completing six months of service, as defined in the plan document.

3. Contributions

   Participants in the Plan may make a pre-tax elective deferral up to 90% of their annual pretax compensation, not to exceed $18,000, the maximum allowed by the Internal Revenue Code (the "Code") for 2015. The Plan also allows for post-tax elective deferrals to a Roth 401(k). In addition, the Plan permits participants age 50 or over during the plan year to make additional catch-up contributions to the Plan of up to $6,000 for 2015. Participants may also contribute amounts representing distributions from other qualified retirement plans.

   The Employer may, in its sole discretion, contribute and allocate to each eligible participant's account, a percentage of the participant's elective deferrals as of the end of the plan year. The Employer made no elective contributions for the year ended December 31, 2015. However, the Employer made a non-elective contribution of $214 for the year ended December 31, 2015,

4. Investment Options

   Upon enrollment, participants may direct their contributions to any of the Plan's fund options. Participants may also redirect their contributions or exchange their existing fund account balances on any business day, effective on the following business day.

5. Participant Accounts

   Each participant's account is credited with the participant's contribution and allocation of Employer contributions, if any, and Plan’s investment results. Allocations are based on compensation or a ratio of the participant's specific account balance to the total of all participants' account balances, as specified in the plan document. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

6. Notes Receivable from Participants

   Participants may borrow from their account balances a minimum of $500 to a maximum of the lesser of one half of their account balance or $50,000. The note must be repaid through payroll deductions, and amortized over a term of no more than five years, unless the note is for the purchase of a primary residence, in which case no more than 30 years. A participant may not have more than one loan outstanding at any point in time. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus two percentage points, which is commensurate with The Wall Street Journal published rate at the inception of the loan, as required by the plan document. The Plan provides for a single, lump-sum repayment at any time.

NOTE A – DESCRIPTION OF PLAN (continued)

7. Vesting

   All contributions into the Plan from any source, and actual earnings thereon, are immediately vested at 100%.

8. Payment of Benefits

   Upon death, disability, retirement, or termination of service, participants or their designated beneficiaries may receive a lump-sum payment amount equal to their account balance.

9. Plan Termination

   Although it has not expressed any intent to do so, the Company has the right to amend or discontinue the Plan at any time subject to the provisions of ERISA.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

   The accompanying financial statements are prepared on the accrual basis of accounting and in conformity with generally accepted accounting principles in the United States ("GAAP").

2. Use of Estimates

   The preparation of financial statements in conformity with GAAP requires management to make estimates that affect the amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Valuation of Investments

   The Plan's investments, composed of mutual funds and a common/collective trust, are stated at fair value as reported by State Street Bank and Trust Company (the "Trustee"), on the last business day of the plan year. Investments in mutual funds are valued at quoted market prices, which represent the Net Asset Value (the "NAV") of shares held by the Plan at year end. The NAV, as provided by the administrator of the funds, is used as a practical expedient to estimate fair value.

   Purchases and sales of securities are recorded on a trade-date basis. Gain or loss on sales of securities is based on average cost. Dividend income is recorded on the ex-dividend date. Interest income is recognized as earned on the accrual basis.

   In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in the fair value of its investments. This consists of the realized gains or losses and the unrealized appreciation / (depreciation) on those investments.

4. Benefit Payments

   Benefits are recorded when paid.

5. Forfeitures

   All contributions into the Plan from any source, and actual earnings thereon, are immediately vested at 100%. Therefore, the Plan does not include forfeitures.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

6. Plan Expenses

Record-keeping fees and audit fees are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in the fair value of investments.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

8. Recent Accounting Pronouncements

In April 2015, the Financial Accounting Standards board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The ASU is effective for fiscal years beginning after December 15, 2016, with earlier application permitted. The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV). The ASU was adopted for the December 31, 2014, plan year.

In July 2015, FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value.
- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 may be may be adopted in whole or by part (I, II, and III), as applicable. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. Plan management is currently evaluating the impact ASU 2015-12 will have on the Plan’s financial statements.

9. Subsequent Events

The plan administrator has evaluated subsequent events through October 14, 2016, which is the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY STATE STREET BANK AND TRUST (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust, the trustee of the Plan, has certified as to the completeness and accuracy of all investments reflected statements of net assets available for benefits as of December 31, 2015 and 2014, the supplemental schedule of assets held as of December 31, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015. As directed by the plan administrator, this information is unaudited.

The information certified includes total investments of $880,328 and $806,192 at December 31, 2015 and 2014, respectively, and net related investment and market value losses of $18,880 for the year ended December 31, 2015. The trustee also certifies notes receivable from participants of $10,021 and $14,468 at December 31, 2015 and 2014, respectively, and interest income from the notes receivable totaling $519 for the year ended December 31, 2015.

The fair value of investments, as reported by the trustee, includes the following investments which represent 5% or more of the Plan's net assets at December 31, 2015 and 2014:

	2015	2014
American Century One Choice 2015 Portfolio	$ -	$ 128,178
American Century One Choice 2020 Portfolio	51,823	50,709
American Century One Choice 2025 Portfolio	93,755	84,472
American Century One Choice 2040 Portfolio	97,490	85,299
American Century One Choice in Retirement Portfolio	111,872	-
Invesco Stable Assets Fund	114,100	65,129

NOTE D – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

1. Level 1

   Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. Level 2

   Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

3. Level 3

   Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The following methods and assumptions were used to estimate fair value of each class of assets that are recognized at fair value.

1. Registered Investment Company Funds

   The investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus the liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

2. Common/Collective Trust

   These investments are investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

3. Notes Receivable From Participants

   Loans to participants are valued at amortized cost and are classified within Level 3 of the valuation hierarchy.

As of December 31, 2015 and 2014, the Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

Fair Value Measurements as of December 31, 2015

Description	Level 1	Level 2	Level 3	Total
Registered investment company funds	$ 766,228	$ -	$ -	$ 766,228
Common/collective trust	-	114,100	-	114,100
Notes receivable from participants	-	-	10,021	10,021
	$ 766,228	$ 114,100	$ 10,021	$ 890,349

Fair Value Measurements as of December 31, 2014

Description	Level 1	Level 2	Level 3	Total
Registered investment company funds	$ 741,063	$ -	$ -	$ 741,063
Common/collective trust	-	65,129	-	65,129
Notes receivable from participants	-	-	14,468	14,468
	$ 741,063	$ 65,129	$ 14,468	$ 820,660

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2015 are reported in net increases (decreases) in fair value of investments.

NOTE D – FAIR VALUE MEASUREMENTS (continued)

The table below sets forth a summary of changes in fair value of the Plan's Level 3 assets for the year ended December 31, 2015:

	Notes Receivable From Participants
Balance, beginning of year	$ 14,468
Issuances	2,050
Repayments	(6,497)
Balance, end of year	$ 10,021

NOTE E – TAX STATUS

The Department of the Treasury has determined and informed the plan administrator by a letter dated July 8, 2014, that the form of the Plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE F – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

State Street Bank & Trust is the trustee of the Plan, and ADP is the plan administrator. Total fees paid by the Plan for administration amounted to $616 for the year ended December 31, 2015.

NOTE H – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
