NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN

The following description of the TTT West Coast, Inc. (Company) 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution plan covering all employees who have completed three months of eligible service, as defined in the Plan agreement. The Plan excludes leased employees and all employees covered by a collective bargaining agreement. The Plan entry dates are the first day of each month. The Plan consists of 401(k) contributions from the employees. Provisions related to Plan contributions are described in B. and C. below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Participant Eligibility - The Company's employees are eligible to participate in the Plan on the first day of any month of the Plan year after they have completed three months of eligibility service.

Certain employees including employees that are residents of Puerto Rico, leased employees, or individuals providing services as independent contractors, are not eligible to participate in the Plan. Employees covered by a collective bargaining agreement are also not eligible to participate in the Plan, unless the agreement requires the employees to be included.

C. Contributions - 401(k) - Employees may elect to contribute to the Plan an amount not less than one percent (1%) of their annual compensation up to sixty percent (60%) of their annual compensation. Employees' contributions are limited annually by the Internal Revenue Service (\$18,000 per individual plus a \$6,000 catch-up contribution for individuals who are at least 50 years of age by the end of 2015).

D. Contributions - 401(k) - Employer - The Company has elected not to include discretionary matching contributions in the Plan.

E. Participant Accounts - Each participant's account is credited with the participant's contribution plus any plan earnings.

F. Vesting - Participants are immediately vested in their 401(k) contributions plus actual earnings thereon.

G. Notes Receivable for Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance during the prior twelve month period, or 50% of their account balance. These loans are secured by the balance in the participant's account and bear interest at as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is repaid in level payments through after-tax payroll deductions on at least a quarterly basis with terms not to exceed five years.

TTT WEST COAST, INC.
401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 DESCRIPTION OF PLAN (Cont.)

- G. Notes Receivable for Participants (cont.) However, if the loan is used for the purchase of the participant's principal residence, the terms may not exceed ten years.

The Plan Administrator shall consider a note receivable in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in the note receivable is initially considered past due. In the event of a default, death, disability or termination of employment, the entire outstanding principal balance and accrued interest shall be immediately due and payable, with the participant deemed to have received a taxable distribution from the Plan.

- H. Payment of Benefits - Upon termination of service due to death, disability, retirement, termination of employment, or financial hardship, a participant may elect to receive a lump-sum amount equal to the value of his/her account. Benefits are recorded when paid.
- I. Plan Administrative Costs - All significant costs of administering the Plan are paid by the Employer.
- J. Investment Options - Upon enrollment in the Plan, a participant may direct employee contributions to any of the available investment options.

Note 2 SUMMARY OF ACCOUNTING POLICIES

- A. Basis of Accounting - The accompanying financial statements of the Plan have been presented on the accrual basis of accounting.
- B. Estimates - The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- C. Investment Valuation and Income Recognition - Investments are stated at the quoted market price on the last business day of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Mutual funds are valued at the net asset value of shares held by the Plan at year end. Notes receivable from Participants are valued at their outstanding balances, which approximate fair value.

In accordance with FASB ASC 962-10 investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Note 2 SUMMARY OF ACCOUNTING POLICIES (Cont.)

- D. **Plan Termination** - Although they have not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
- E. **Tax Status** - The Internal Revenue Service has determined and informed the Company by letter dated June 30, 2004, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code.
- F. **Notes Receivable from Participants** - Notes are valued at their principal amounts, which approximates their fair value. These loans, which were made in accordance with provisions of the plan, earn interest at rates varying between 4.25 percent to 5.00 percent and are repayable in monthly installments with terms not to exceed five years, (unless the loan is for the purchase of principal residence, then the terms may not exceed ten years) or normal retirement age of the participant whichever comes first.
- G. **Forfeitures** - At December 31, 2015 and 2014 the balance of forfeitures were \$552 and \$489 respectively, which can be used to offset the Company's future contributions
- H. **Excess Contributions** - the Plan, as required by the Internal revenue Code, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund the excess contributions. Excess contributions that are refunded within 2 1/2 months of the Plan year-end are accrued as a liability to the Plan. Excess contributions that are not refunded within 2 1/2 months of the Plan year-end are recorded as a distribution in the Plan year that the refund is paid. At December 31, 2015, there were no excess contributions that were paid within 2 1/2 months of the Plan year-end.
- I. **Reclassifications** - Certain disclosures in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation of the current-year financial statements.
- J. **Subsequent events** have been evaluated through September 28, 2016, the date that these financial statements were available to be issued.

Note 3 INVESTMENTS HELD WITH TRUST COMPANY

The information listed below was certified by Fidelity Management Trust Company as accurate and complete in accordance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Deductions from net assets	\$ 1,685,286	\$ 1,218,539

* This amount represents contract value for this investment.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Fidelity Management Trust Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 5 FAIR VALUE MEASUREMENTS (cont.)

FASB ASC Number 820-10 Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were available to the Plan. No Level 3 inputs were only used.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 2 Fair Value Measurements

The fair value of fixed maturity securities are measured based upon the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable inputs for certain securities. The wrapper rebid value is not actively traded and significant other observable inputs are not available. Thus, the fair value of the wrapper rebid value is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2015 are reported in net appreciation in fair value of investments.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Levels 1 or 2.

Note 7 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds that were managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these are party-in-interest transactions, but this transaction is exempt by ERISA.

Note 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed in various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
