### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Ascensus, as agent for Ascensus Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. ## KEMTAH GROUP INC. 401(k) SAVINGS PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### Note 1 – Description of Plan

The following description of the Kentah Group Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

**General** – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Kentah Group, Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Kentah Group, Inc. (the Company) is the Plan's sponsor and serves as plan administrator. The Plan executed a revised adoption agreement effective January 1, 2015.

**Eligibility** – Employees of the Company, excluding residents of Puerto Rico and those covered by a collective bargaining agreement, are eligible to participate in the Plan upon completing one month of service. Plan enrollment dates are the first day of each month in the plan year. Participants must complete one month of service during the Plan year to be eligible to receive any employer paid match and 1,000 hours of service and be employed on the last day of the year for profit sharing contributions.

#### Contributions

*Participant contributions* – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. New employees who have met the eligibility requirements and who have not provided a salary reduction agreement are enrolled automatically at a deferral percentage of 3%, thereon automatically increased by 1% per year up to a maximum of 6%.

*Employer match and profit sharing contributions* – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company matches at a discretionary percentage of employee contributions of eligible compensation deferred to the Plan. Profit sharing contributions are determined from year to year and are allocated to participants based on a comparability formula described in the Plan document. There were no profit sharing contributions for the year ended December 31, 2015.

Contributions are subject to regulatory limitations.

**Participant accounts** – Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Company's profit sharing contribution and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

#### **Note 1 – Description of Plan (continued)**

**Vesting** – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

**Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time as determined at the time of the loan. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. As of December 31, 2015, the rates of interest on outstanding loans were 4.25% with various maturities through July of 2030.

**Payment of benefits** – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or recurring or non-recurring partial payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Termed employees with balances less than \$1,000 will have their vested balances auto distributed in a lump sum payment, unless a rollover election has been made by the participant.

**Forfeitures** – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, and will be allocated to the accounts of qualifying participants, as specified in the Plan document. Prior to January 1, 2015 forfeitures are to be utilized to first reduce plan administrative expenses and the remaining to reduce Company match. Effective January 1, 2015, forfeitures are to be allocated to active participants accounts on a ratable basis as defined in the plan document. As of December 31, 2015 and 2014, forfeited non-vested accounts totaled \$38,926 and \$38,182, respectively. For the year ended December 31, 2015, \$25,603 of forfeitures related to years prior to 2015 were used to reduce Company matching contributions and no amount of forfeitures related to the plan year 2015 were allocated amongst active participants accounts.

#### **Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting** – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

**Use of estimates** – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### Note 2 – Summary of Significant Accounting Policies (continued)

##### Change in Accounting Principle

ASU 2015-12- In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) II. Plan Investment Disclosures. The amendments remove the requirement to:

- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.

ASU 2015-12 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12.

**Investment valuation** – The investments are reported at fair value. The Plan’s trustee, Ascensus Trust Company, certifies the fair market value of all investments. Quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

**Income recognition** – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

**Notes receivable from participants** – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

**Payment of benefits** – Benefits are recorded when paid.

**Expenses** – General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution and loan transaction fees are paid by the Plan participants.

**Subsequent events** – The Plan has evaluated subsequent events through October 5, 2016, which is the date the financial statements were available to be issued.

**Reclassification** – Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

#### Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Registered investment companies (mutual funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### Note 4 – Tax Status

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.
