The Plan was effective January 1, 1992 and qualifies as a defined contribution retirement Plan for WATG Holdings, Inc., Wimberly Allison Tong & Goo NA, Inc., Interiors Purchasing Group, Inc., WATG Architects, Inc. New Jersey, WATG, Inc. Nevada, Wimberly Allison Tong & Goo, Inc., Wimberly Allison Tong & Goo (UK), Ltd., and WATG Singapore, Inc. (collectively the "Company"). This Plan was established for the purpose of providing retirement benefits to eligible employees in accordance with the Plan. The Plan is intended to satisfy the provisions of Section 401(a) of the Internal Revenue Code ("IRC") of 1986, as amended. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

Each of the Company's employees are eligible to participate in the 401(k) Plan if they have completed three months of service and attained age 18. Once the eligibility requirements have been met, employees may enroll in the Plan on the first day of the following month. For the discretionary profit sharing contribution, employees must complete one thousand hours of service during the calendar year and be employed on December 31st to be eligible.

Contributions

The Company's eligible employees may contribute up to the 402(g) limit with the exception of the highly compensated employees. The 402(g) limit for 2015 and 2014 was $18,000 and $17,500, respectively. In addition, all eligible employees who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of, Code Section 414(v).

The Company may make a discretionary matching contribution and profit sharing contribution. For the years ended December 31, 2015 and 2014, the Company made contributions of $206,664 and $15,562, respectively.

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Company's matching contribution, (b) the Company's discretionary profit-sharing contribution, (c) the participant's contribution and, (d) Plan earnings.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Vesting

Participants are one hundred percent (100%) vested in their contributions plus actual earnings thereon. Participants become vested in their Company matching contributions and Company discretionary profit-sharing account and any earnings as follows:

Years of Service	Vested Interest (%)
1	20
2	40
3	60
4	80
5	100

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company matching contribution account and Company discretionary profit-sharing contribution account and earnings on Company contributions are used first to reduce administrative expenses, then to reduce matching and discretionary profit-sharing contributions. At December 31, 2015 and 2014 there was $2,880 and $10,034 of forfeited non-vested accounts. During the years ended December 31, 2015 and 2014, forfeitures of $10,034 and $15,739, respectively, was applied against administrative expenses.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and one hundred percent (100%) of their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled.

Notes Receivable from Participants

A participant may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of his or her vested account balance. The notes must be repaid within 5 years, unless for the purchase of a primary residence. The notes are secured by the balance of the participant's account. Principal and interest is paid ratably through payroll deductions. All notes must be adequately secured and accrue interest at the current prime rate as of the date of the loan. At December 31, 2015 and 2014, interest rates are 3.25%.

NOTE 1 - SUMMARY OF THE PLAN (CONTINUED)

Hardship Distributions

A participant may elect a hardship distribution if it is deemed that the participant has an immediate and heavy financial need as described by the Plan. This distribution is subject to the applicable federal and state taxes and/or penalties.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Accounting Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

The Plan pays recordkeeping, maintenance and service fees. Other Plan expenses are paid by the Company. Investment manager fees relating to self-directed accounts are paid from those participants' accounts. The Plan incurred $667 and $571 in administrative fees during the years ended December 31, 2015 and 2014, respectively.

Non-Discrimination for Employee and Employer Contributions

The Plan, as required by the IRC, performs annual tests between highly compensated participants versus non-highly compensated participants to ensure that highly compensated participants are not disproportionately favored under the Plan. If the Plan fails the tests, it must refund excess deferral contributions or make a Qualified Non-Elective Contribution (QNEC) for the non-highly compensated employees. Excess contributions that are refunded within two and a half months of the Plan year end are accrued as a liability on the statement of net assets available for benefits. For the years ended December 31, 2015 and 2014, the Company made no QNEC.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The mutual funds are recorded at quoted market prices.

The Plan's common/collective trusts Invesco Stable Value Fund has underlying investments in guaranteed investment contracts ("GICs") and is stated according to the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Section 962-325-50-3 ("ASC 962-325-50-3"), which states that contract value is the relevant measurement attributable for that portion of the net assets available for benefits as a defined-contribution Plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As previously required by ASC 962-325-50-3, fully benefit responsive investment contracts are reported at fair value on the Plan's statements of net assets available for benefits with a corresponding adjustment to reflect these investments at contract value. In July 2015, the FASB issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) – I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient, which designates contract value as the only required measure for fully benefit-responsive investment contracts. The ASU is effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively for all financial statements presented. Early adoption is permitted and management elected to early adopt ASU 2015-12. As a result, the accompanying financial statements have been adjusted to report fully benefit-responsive investment contracts at contract value for all periods presented. For the years ended December 31, 2015 and 2014, the average yield and crediting interest rates earned by the Plan's fully benefit-responsive investment contract were 0%.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative costs and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits at fair value as of December 31:

	2015	2014
MFS Value Fund	$ 2,000,312	$ 2,058,914
JPMorgan Large Cap Growth	$ 2,107,588	$ 2,165,688
JPMorgan Fixed Income Fund	$ 2,340,639	$ 2,491,745
Delaware Investment Dividend Income Fund	$ 2,016,737	$ 2,146,991
Oakmark Equity and Income Fund	$ 2,902,298	$ 2,836,886
Aston/Fairpointe Mid Cap Growth	$ 1,684,311	$ 1,899,461

For the years ended December 31, 2015 and 2014, the net depreciation in fair market value of investments was $1,735,221 and $197,606, respectively.

NOTE 4 - INFORMATION CERTIFIED BY PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. All of information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Bank of America, N.A. (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants will be 100% vested in their account balances.

NOTE 6 - TAX STATUS

The Internal Revenue Service issued a determination letter dated August 18, 2005 stating that the Plan was designed in accordance with applicable IRC requirements as of that date. The Plan has been amended since receiving the determination letter.

However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Bank of America, N.A. Bank of America, N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions for which there is statutory exemption.

The Plan Administrator and Principal Members of Management
Wimberly Allison Tong & Goo 401(k) Profit-Sharing Plan

We have conducted a DOL limited scope audit of the financial statements of Wimberly Allison Tong & Goo 401(k) Profit-Sharing Plan, as of and for the year ended December 31, 2015, and have issued our report thereon dated September 30, 2016. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated February 4, 2016, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) except that, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and as instructed by plan management, we did not perform any audit procedures with respect to the information prepared and certified by Bank of America, N.A., the trustee of the plan, in accordance with DOL regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified to by Bank of America, N.A., were audited by us in accordance with U.S. GAAS, and were subjected to tests of the plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms has complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Wimberly Allison Tong & Goo 401(k) Profit-Sharing Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2015. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements is the fair market value of the plan's investments.

Management's estimate of the fair market value of the plan's investments is based on quoted market prices in active markets and significant observable inputs. We evaluated the key factors and assumptions used to develop the estimate of the fair market value of the plan's investments and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Wimberly Allison Tong & Goo 401(k) Profit-Sharing Plan's financial statements relate to: the disclosure of investment valuation and income recognition in Note 2 to the financial statements describes that certain investments are reported at fair market value.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Wimberly Allison Tong & Goo 401(k) Profit-Sharing Plan's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the management representation letter dated September 30, 2016.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings or Issues

In the normal course of our professional association with Wimberly Allison Tong & Goo 401(k) Profit-Sharing Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Wimberly Allison Tong & Goo 401(k) Profit-Sharing Plan's auditors.

This report is intended solely for the information and use of the Plan Administrator and Principal Members of Management of Wimberly Allison Tong & Goo 401(k) Profit-Sharing Plan and is not intended to be and should not be used by anyone other than these specified parties.
