OCUSOFT INC 401 (k) PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

Ocusoft, Inc.(the Sponsor) adopted the Ocusoft Inc 401(k) Plan on December 1, 2005 which was amended and restated on January 1, 2009. The following description of the Ocusoft Inc 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General

The Plan is a defined contribution plan covering substantially all of the U.S. employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the plan once they have completed one year of eligibility service as defined in the plan document.

Employee Contributions

The Plan specifies that elective deferrals will be allowed in any plan year up to the maximum percentage of plan compensation and dollar amount allowed by the Internal Revenue Service. Roth elective deferrals are also permitted. In addition, participants who are age 50 at the end of any calendar year may make "catch-up" contributions up to the annual maximum established by the Internal Revenue Service during any plan year. The Plan also accepts rollover contributions or transfers into the Plan with the approval of the Plan Sponsor.

Employer Match

The employer may, at its sole discretion, contribute and allocate to each eligible participant account a percentage of the participants' elective deferrals. Matching contributions, if any, are determined at the end of the plan year. There were $62,433 discretionary matching contributions paid at the beginning of 2015 for plan year ended December 31, 2014. This figure includes $16,478 applied from forfeitures.

Non-elective Contributions

Non-elective contributions may be permitted at the sole-discretion of the Company. There were no non-elective contributions for the year ended December 31, 2015.

Participant Accounts

Each Participant's account is credited with an allocation of (1) the participant's contributions from payroll deductions, (2) the employer's matching contribution, and (3) earnings or loss from investment of the contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately 100% vested in the contributions they make to the Plan including salary deferrals and rollover contributions, plus actual earnings thereon. Except in the case of severance from employment with the Company due to death, retirement or permanent disability, all Company discretionary contributions plus actual earnings are vested subject to a 6 year schedule as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In-Service Withdrawals

In certain circumstances, a participant may take distributions prior to retirement age under the "hardship withdrawal" rules. These funds are taxable distributions. The participant must suspend contributions to the Plan for six months if a hardship withdrawal is obtained.

Distribution of Benefits

If a participant retires, is permanently disabled or terminated and has an account balance in excess of $5,000, the participant may leave the funds in the Plan; otherwise, the account balance, after any required allocations, is disbursed to the former participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the rate in effect in the month the loan was effective. Principal and interest is paid ratable through monthly payroll deductions.

Forfeited Accounts

A forfeiture will occur in the plan year that a terminated participant receives a distribution of his or her entire vested account, or if the participant does not receive a distribution, after five consecutive one-year

Note 1 - Description of Plan (continued)

breaks in service. Forfeitures retained in the Plan are used to reduce employer contributions or plan expenses. At December 31, 2015 and 2014, the forfeited non-vested portion of terminated participants' account balances totaled $5,873 and $17,417, respectively. This balance will be used to reduce the cost of the employer match to the sponsor during 2016.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Operating Expenses

The Plan pays expenses for investment management and related services directly from net plan assets. These expenses totaled $9,919 for the year ended December 31, 2015. In addition, employees and owners of the Company perform certain administrative functions. No such owner or employee receives any compensation for these services. Finally, certain administrative expenses of the Plan are paid by the Sponsor.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are presented on the modified cash basis of accounting. Benefits are recorded when paid.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Date of Management's Review

Subsequent events were evaluated through October 14, 2016, which is the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies (continued):

Valuation of Investments

The Plan's investments in all of the funds are stated at fair value, based on the quoted market prices in an active market or other observable inputs. Shares of mutual funds are valued at the net asset value of shares held by the Plan at December 31. Fair value of the investment in the collective investment trust primarily represents the fair value of that trust's investment in the Invesco Stable Asset fund.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 3 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Schedule H of Form 5500:

	December 31, 2015	December 31, 2014
Net assets available for benefits per the financial statements	$ 2,728,425	$ 2,544,069
Adjustment from contract value to fair value	1,014	1,784
Deemed delinquent loans and other	(1,074)	(1,021)
Net assets available for benefits per the Form 5500	$ 2,728,365	$ 2,544,832

Note 4 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)
December 31, 2015			
Registered investment companies (mutual funds)	$ 2,467,829	$ 2,467,829	0
Common/collective investment trusts	176,924	0	$ 176,924
Total	$ 2,644,753	$ 2,467,829	$ 176,924
December 31, 2014			
Registered investment companies (mutual funds)	$ 2,335,264	$ 2,335,264	0
Common/collective investment trusts	148,639	0	$ 148,639
Total	$ 2,483,903	$ 2,335,264	$ 148,639

Fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy has three broad levels where Level 1 inputs, the highest priority, consist of unadjusted quoted prices in active markets for identical assets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were used only when Level 1 inputs were not available. The Plan does not currently hold any Level 3 assets.

The fair value of mutual funds is based on quoted prices in active markets of the shares held by the Plan at year end. The fair value of the common/collective investment trusts is based upon inputs other than quoted prices within Level 1 that are observable for the assets, either directly or indirectly.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6 – Excess Contributions

Excess contributions of $19,408 plus earnings, for a total of $19,439 were refunded in 2015 in order to satisfy Internal Revenue Rules regarding nondiscrimination.

Note 7 – Tax Status

The Plan obtained its latest determination letter on March 31, 2008, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Note 8 - Information Certified by the Trustee (Unaudited)

At December 31, 2015 and 2014, the Plan's investments were held by State Street Bank and Trust Company (the "Trustee"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan's investments are available for sale. The net appreciation (depreciation) in fair value (including realized gains and losses on investments bought and sold, as well as held during the year) for investments as presented on the statement of changes in net assets available for benefits for the year ended December 31, 2015 was $(147,750). This figure includes a realized gain of $15,195 for the year ended December 31, 2015.
