Independent Auditor's Report

To the Trustees of the
Global Tech Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Global Tech Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Securities Act of 1974, the Trustees instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Ascensus Inc. acting on behalf of Ascensus Trust Company and John Hancock Life Insurance Company (U.S.A.), the custodians of the Plan, except for comparing the information with the related information

included in the financial statements. We have been informed by the Trustees that Ascensus Trust Company held the Plan's investment assets and executed investment transactions from October 15, 2014 to December 31, 2015, and that John Hancock Life Insurance Company (U.S.A) held the Plan's investment assets and executed investment transactions from January 1, 2014 to October 14, 2014. The Trustees have obtained a certification from the custodians for the years ended December 31, 2015, and 2014, that the information provided to the Trustees by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: Description of Plan

The following description of the Global Tech Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Global Tech, Inc., doing business as (d/b/a) eGlobalTech ("eGlobal" or the "Company"). All full time or part time employees who are age 21 or older and have completed three months of service are eligible to make salary deferrals and receive the Company's contribution portion to the Plan which includes a non-elective contribution and a matching percentage. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute any combination of pre-tax or roth elective deferrals, not to exceed the limits of the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a discretionary matching contribution that is equal to that percentage of each qualifying contributing participant's elective deferral which the Trustees, in their sole discretion, determine. In addition, the Company may make discretionary profit sharing contributions every year. The Company's contributions are invested in accordance with the participant's investment choices.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Company's match and profit sharing contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Company's matching and profit sharing contributions portion of their account is based on years of continuous service. A participant is fully vested after four years of credited service. In the event of death, disability or satisfaction of conditions for early retirement age, participants become fully vested in their respective accounts.

Note 1: Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from the pre-tax and roth balances of their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in the Plan. The notes are secured by the balance in the participants' accounts and bear interest ranging from 3.25% to 4.25% which are commensurate with local prevailing rates at the time of the note, as determined by the Trustees. Principal and interest is paid ratably through monthly payroll deductions. If a participant ceases to make note repayments and the Trustees deem the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive the value of the vested interest in his or her account as a partial or lump-sum distribution. An involuntary distribution can be made at the Plan's discretion for participants who have terminated service and who have an account with a vested interest value of $5,000 or below. An in-service distribution may be taken by any participant that has attained the age of 59 and ½.

Forfeited Accounts

Forfeitures occur when a former employee has five consecutive years of a break in service. These amounts will be used to reduce future employer contributions and Plan administrative expenses. At December 31, 2015 and 2014 forfeited non-vested accounts totaled $75,835 and $25,091, respectively. Forfeited account balances at December 31, 2015 will be used to reduce future employer contributions. No forfeited nonvested account amounts were used to reduce employer contributions during 2015. $309 of forfeited amounts were used to pay plan expenses during 2015.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Note 2: Summary of Significant Accounting Policies (continued)

New Accounting Standard

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting, Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted. Management has elected to early adopt the provisions of Part II of this ASU and has retrospectively applied these provisions accordingly. Parts I and III do not apply to this plan.

Management has elected to early adopt the provisions of Part II of this ASU. Accordingly, the ASU was retrospectively applied resulting in presentation and disclosure changes for the previous year for investments. Under the ASU, the Plan is no longer required to disclose investments by class and the individual investments equal to or greater than 5% of net assets available for benefits. Since the changes prescribed in Part II of the ASU were only to the disclosures, there were no changes to the net assets available for benefits as of December 31, 2014. Parts I and III did not apply to the Plan for the as of and for the year ended December 31, 2015.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, Fair Value Measurement, from categorization with the fair value hierarchy. The guidance is effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early adoption permitted. As of December 31, 2015, the Plan did not have any investments using the NAV practical expedient and hence, the Plan has not adopted the provisions of this ASU.

Reclassification

Certain amounts in the prior year financial statements may have been reclassified to conform to the current year presentation. These reclassifications had no effect on the prior year net income.

Note 2: Summary of Significant Accounting Policies (continued)

Subsequent Events

For the year ended December 31, 2015, the Trustees have evaluated subsequent events for potential recognition and disclosure through August 17, 2016, the date on which the financial statements were available to be issued.

Note 3: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan is designated in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Trustees and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan may be subject to a routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Trustees believe it is no longer subject to income tax examinations for years prior to 2012.

Note 4: Information Certified by Custodians

The Trustees have elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2014 and 2015. Accordingly, John Hancock Life Insurance Company (U.S.A.), the custodian from January 1 to October 14, 2014 and Ascensus Inc. (acting on behalf of Ascensus Trust Company), the custodian from October 15, 2014 to December 31, 2015, have certified the completeness and accuracy of the investment activity during the years, including the information summarized in Note 5.

Note 5: Investments and Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Note 5: Investments and Fair Value Measurement (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money Market Funds: Valued at cost plus accrued interest.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment allocations between levels may change from year to year based on new investment choices available to Plan participants. The following tables sets forth by level, within the fair value hierarchy, the Plan's investments.

Investments at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,772,014	$ --	$ --	$ 5,772,014
Money Market funds	--	100,944	--	100,944
Total investments at fair value	$ 5,772,014	$ 100,944	$ --	$5,872,958

Note 5: Investments and Fair Value Measurement (continued)

Investments at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,031,727	$ --	$ --	$ 5,031,727
Money Market funds	--	4,823	--	4,823
Total investments at fair value	$ 5,031,727	$ 4,823	$ --	$5,036,550

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $220,597.

Note 6: Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by The Vanguard Group, Inc. Ascensus Inc. acting on behalf of Ascensus Trust Company is the custodian as defined by the Plan. Vanguard Group Inc. is a related entity of Ascensus Inc. and, therefore, certain of these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
