NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Gate Employee Savings Plan (formerly Gibson Applied Technology & Engineering, Inc. 401(k) Plan) (the Plan) was adopted effective January 1, 2008 and restated January 1, 2016 to establish a savings and investment plan for the exclusive benefit of the employees of Gibson Applied Technology & Engineering, (Texas) Inc. (the Company and Plan Administrator), participating affiliated employer Viking Engineering, LC, and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (GAAP). Interest income is recognized when earned.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Participant Loans Receivable - Loans to participants are reported as receivables from participants at the unpaid principal balance plus any accrued unpaid interest.

Federal Income Tax - The Company adopted a Volume Submitter Profit Sharing Plan (the "Plan"). The Plan received a favorable opinion letter from the Internal Revenue Service March 31, 2014, which stated that the Plan and related trust are qualified under Section 401(b) of the Internal Revenue Code and is therefore, exempt from federal income taxes. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2015 and 2014.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2015, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2012 forward (with limited exceptions). Tax penalties and interest, if any, would be recorded when paid and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee is eligible to become a participant in the Plan having attained the age of 18.

Contributions - Participants may elect to make pre-tax and after-tax contributions to the Plan in an annual amount up to 100% of their compensation. Contributions are made through authorized payroll reductions. These contributions by individual employees are limited to $18,000 in calendar year 2015. This limitation is adjusted periodically to reflect cost-of-living increases. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,000 for 2015).

The Company contributes a safe harbor matching contribution equal to the employee's elected deferral up to 4% of each eligible employee's compensation.

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Vesting - A participant is immediately fully vested in all participant and employer Safe Harbor matching contributions and related earnings. Accordingly, there are no forfeitures of account balances.

Forms of Benefits - Benefits are recorded when paid. Distributions from the Plan will generally be made in one lump-sum payment.

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. The interest rate on loans outstanding at December 31, 2015 is 4.25%.

NOTE B PLAN DESCRIPTION (CONTINUED)

Administration - An officer of the Company is trustee for the Plan. The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan. Substantially all Plan expenses were paid by the Company for the year ended December 31, 2015.

Plan Termination - The Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments are recorded at fair value. The following table summarizes the investments of the Plan, as certified by John Hancock Life Insurance Company (U.S.A.), as of December 31, 2015 and 2014:

	2015	2014
Pooled Separate Accounts	$ 8,159,912	$ 6,427,366

Income (loss) as certified by John Hancock Life Insurance Company (U.S.A.) for the year ended December 31, 2015 is as follows:

Net investment loss in pooled separate accounts	$ (101,920)
Other income	$ 3,734
Interest income - participant loans	$ 10,393

John Hancock Life Insurance Company (U.S.A.) also certified participant loans receivable and the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Pooled separate accounts are valued using Level 2 inputs.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, including instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodology used during fiscal 2015 and 2014.

Pooled separate accounts are valued at fair value by the asset custodian of the funds based on the net asset value of underlying investments.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds managed by John Hancock Life Insurance Company (U.S.A.). These investments are considered party-in-interest transactions because John Hancock Life Insurance Company (U.S.A.) serves as the asset custodian of the Plan. The Plan Administrator has approved of these investment options.

NOTE F PROHIBITED TRANSACTIONS

Certain employee contributions were not timely remitted by the Company to the Plan as required by ERISA. Delinquent contributions totaling $817,562 arising in 2014 and earlier have been corrected during 2015, and $1,850 of delinquent contributions arising in 2015 have been corrected during 2016. Because the Company was delinquent in forwarding participant contributions and held them commingled with its general assets, the Company engaged in nonexempt prohibited transactions under ERISA Section 406.

NOTE G RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500
