NOTE 1: DESCRIPTION OF PLAN

The following description of Handel Architects LLP 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Handel Architects LLP (the "Company") who are age 21 or older, and have achieved one month of employment, as defined. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled accounts comprising of mutual funds as investment options to participants. The Company, at its discretion, may elect to make a Safe Harbor matching contribution to each participant, as defined by the Plan. For the year ended December 31, 2015, the Company contributed $84,913.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution, and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in their portion of the Company's contribution is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The notes are secured by the balance in the participant's account, and bear interest at 5.25% per annum, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Repayments are generally due in installments over periods ranging from one to five years, unless the note is used for the purchase of a primary residence, in which case the repayment period may be greater. Principal and interest are paid ratably through monthly payroll deductions. A note that is considered in default is reported as a deemed distribution, and is a taxable event for the participant.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1: DESCRIPTION OF PLAN (continued)

Forfeited Accounts

During December 31, 2015 and 2014, non-vested amounts forfeited by participants totaled $5,030 and $5,473, respectively. Forfeited account balances are included in and equal to the cash on the statement of net assets available for benefits. Forfeitures may be used to pay administrative expenses of the Plan or reduce future employer contributions. For the year ended December 31, 2015, no forfeitures were used to pay administrative expenses of the Plan. For the year ended December 31, 2014, forfeitures used to pay administrative expenses of the Plan totaled $29,430.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent) ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 should be applied retrospectively to all periods presented and is effective for annual periods beginning after December 15, 2015. The Plan management has early adopted the provisions of ASU 2015-07 effective from current year and has made retrospective changes to the 2014 financial statements.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient ("ASU 2015-12"). Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan management has early adopted the provisions of ASU 2015-07 effective from current year and has made retrospective changes to the 2014 financial statements.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by investment advisors, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

The investment contract offered as an option to participants, which is not fully benefit responsive, is required to be reported at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments, and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Expenses of maintaining the Plan are paid directly by the Plan from the cash account, and are included in administrative expenses. The cash account is generally funded by participant account forfeitures. In addition, fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in investment income.

Subsequent Events

The Plan has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued.

NOTE 3: INVESTMENT INFORMATION PREPARED AND CERTIFIED AS COMPLETE AND ACCURATE BY THE CUSTODIAN

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) depreciated in value by ($42,556) as follows:

Pooled separate accounts	$ (42,556)
Interest income	$ 25

NOTE 3: INVESTMENT INFORMATION PREPARED AND CERTIFIED AS COMPLETE AND ACCURATE BY THE CUSTODIAN (continued)

The custodian has also certified notes receivable from participants in the amount of $213,506 and $150,795 as of December 31, 2015 and 2014, respectively. Interest income on notes receivable from participants for the year ended December 31, 2015 totaled $10,800.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts:

Pooled separate accounts are valued at the net asset value of shares held at year end as determined by the issuer of the fund.

Money Market Mutual Funds:

Money market mutual funds are valued at the daily closing price as reported by the fund. Money market mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The money market mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Guaranteed Investment Contract:

Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see note 5). Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the investment committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date), while others are substantiated utilizing available market data (for example, swap curve rate).

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	Assets at Fair Value as of Decemer 31, 2015				
	Level 1	Level 2	Level 3	NAV	Total
Pooled Separate Accounts	$ -	$ -	$ -	$ 8,688,823	$ 8,688,823
Money Market Fund	790,533	-	-	-	790,533

Total Assets at Fair Value	$ 790,533	$ -	$ 7,051	$8,688,823	$ 9,486,407

	Assets at Fair Value as of Decemer 31, 2014				
	Level 1	Level 2	Level 3	NAV	Total
Pooled Separate Accounts	$ -	$ -	$ -	$ 8,759,129	$ 8,759,129

Total Assets at Fair Value	$ 796,241	$ -	$ 3,459	$8,759,129	$ 9,558,829

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset per share as of December 31, 2015:

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 8,688,823	-	Daily	None
Insurance contracts	$ 7,051	-	Daily	None

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Level 3 - Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2015:

Guaranteed Investment Contract:	
Balance, beginning of year	$ 3,459
Realized gain	27
Unrealized gain relating to instruments held at reporting date	(128)
Purchases	3,693
Balance, end of year	$ 7,051

Gains and losses (realized and unrealized) from the guaranteed investment contract are included in the statement of changes in net assets available for benefits, as the contract is recorded at fair value for financial statement purposes.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers among levels.

NOTE 5: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a nonbenefit responsive investment contract with John Hancock Life Insurance Company of New York, which maintains the contributions in general accounts corresponding to investment date. Upon a benefit event such as termination, death, disability or retirement, the contract promises to pay contract value. Contract value represents participant contributions made under the contract and earnings, but reduced for withdrawals and administrative expenses. The fair value of the investment contract as of December 31, 2015 and 2014 was $7,051 and $3,459, respectively, which approximates the contract value (See Note 4).

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6: RELATED-PARTY TRANSACTIONS

The plan investments are units of pooled separate accounts and a guaranteed investment contract managed by John Hancock. John Hancock is the custodian as defined by the Plan, and therefore, transactions with these investments qualify as party-in-interest transactions. Investment income received by the Plan is net of fees charged by John Hancock for management services.

The Plan made direct payments to John Hancock for the year ended December 31, 2015, in the amount of $2,656, which represented expenses charged to individual participant accounts for administration of notes receivable.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time, and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8: TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated July 19, 2002, that the Plan and the underlying trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, and to recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of an asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are generally exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
