## NOTE 1 - DESCRIPTION OF PLAN

The following description of the Powerhouse Retail Services 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement and the related Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Powerhouse Retail Services, LLC (the Plan sponsor) ("Company") who have one year of service, are age twenty-one or older and work more than 1,000 hours per year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to amounts statutorily specified in the Internal Revenue Code ($18,000 for 2015) of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions ($5,500 for 2015). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Company also may make discretionary matching profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Since the Plan's inception, the Company has elected to match fifty percent of the first three percent of a participant's salary deferral. Additional profit sharing amounts may be contributed at the option of the Company's management and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's and matching employer matching contribution and allocations of the Company's additional profit sharing contribution. Each participant's account is also credited with that account's investment earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the balance in the participant's vested account. Participant account balances are invested in participant directed investments in various mutual fund investments offered by the Plan through a pooled separate account arrangement with underlying mutual fund investments. Participant investment accounts may be changed at any time by the participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

**NOTE 1 -DESCRIPTION OF PLAN (continued)**

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual payments of at least statutorily determined minimum amounts. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled $0 and $2,186 respectively. These accounts are used to pay plan expenses and/or reduce future employer contributions. Employer contributions were reduced by $5,507 from forfeited non-vested accounts for 2015.

**NOTE 2 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the plan are prepared on the modified cash basis of accounting which is a comprehensive basis of accounting that is not in accordance with generally accepted accounting principles. The modified cash basis of accounting does not give accounting recognition to receivables and the related income until they are received in cash nor does it give recognition to payables and other accrued expenses and the related expenses until they are paid in cash.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Significant expenses of maintaining the Plan are paid by the sponsoring Company and are therefore excluded from these financial statements.

Subsequent Events

Subsequent events were evaluated through October 13, 2016 which is the date the financial statements were available to be issued.

**NOTE 3 - FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels, as follows:

*Level 1* – Valuation is based upon quoted prices for identical instruments traded in active markets. Level 1 valuations have the highest priority.

*Level 2* – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model based valuation techniques for which all significant assumptions are observable in the market.

*Level 3* – Valuation is generated from model based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect estimates and assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques. Level 3 valuations have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs

**NOTE 3 - FAIR VALUE MEASUREMENTS (continued)**

because they generally provide the most reliable evidence of fair value. As of December 31, 2015 and 2014, the Plan only held investments for which level 1 inputs were not available resulting in the use of level 2 fair value measurements. The net asset values of the pooled separate accounts are determined by quoted prices in active markets for the underlying mutual fund investments of the pooled separate accounts.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015:

**NOTE 5 - RELATED PARTY TRANSACTIONS**

Certain underlying mutual funds of the pooled separate accounts of the Plan are mutual funds managed by John Hancock Life Insurance Company U.S.A. (Insurance Company), the Trustee as defined by the Plan, and, therefore, transactions with these mutual funds are party-in-interest transactions.

Fees paid directly to Insurance Company by the Plan for the investment management services amounted to $2,151 for the year. Fees paid directly to Nova 401(k) Associates (Nova), the third party administrator for the Plan totaled $240.

Indirect payments made to Nova totaled $223 and to the investment advisor, Merrill Lynch Life Agency, totaled $2,315. These transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

During the year, certain participant contributions submitted by the Plan Sponsor, totaling $8,169 were determined to be late under DOL Regulation 2510.3-102. Subsequent to year end, contributions to the Plan were made by the Plan Sponsor to correct for lost earnings on these late contributions.

**NOTE 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

## NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE 10 – JOHN HANCOCK LIFE INSURANCE COMPANY U.S.A. CERTIFICATION
