NOTES TO FINANCIAL STATEMENTS

Note 1. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

New Accounting Pronouncement – In July 2015, the Financial Accounting Standards Board issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; or (3) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Dorn Color, Inc. 401(k) Savings and Profit Sharing Plan's (the "Plan") management determines the Plan's valuation policies utilizing information provided by the MG Trust Company, LLC (the "Custodian"). See Note 4 for discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and the benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Fees related to distributions and loans are charged directly to participant accounts and are included in administrative expenses. Commission credit payments are made from excess revenue generated by the Plan through fund revenue or fees that are made available to the Plan. The Company monitors the payments received by the Plan service providers to ensure that they are used properly for qualifying plan administrative and operating expenses.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Summary of Significant Accounting Policies (Continued)

Subsequent Events – The Plan has evaluated subsequent events and transactions for potential recognition and presentation through October 13, 2016, the date the financial statements were available to be issued.

Note 2. Description of Plan

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution plan covering all eligible employees of Dorn Color, Inc. (the "Employer"), established as of July 1, 1982. Employees are generally eligible to participate in the Plan upon completion of 500 hours of service during a 6 month period measured from either January 1st through June 30th or July 1st through December 31st and attainment of age 20½. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration:

The Plan is administered by the Employer which is responsible for controlling and managing the operations and administration of the Plan.

Contributions:

Participants may make pre-tax or Roth after-tax contributions of an amount they elect not less than 1% and up to 85% of their compensation, as defined by the Plan, subject to certain Internal Revenue Service ("IRS") limitations. The Plan employs an automatic deferral format in which new employees are automatically enrolled when they become eligible. Unless other directed by the participant, 2% of eligible compensation is withheld and invested in the Plan's qualified default investment alternative.

The Employer may make discretionary matching and additional Employer contributions to all active participants. The matching contributions were equal to 50% of each participant's salary reduction up to 2%, and 25% of the next 2% during 2015. The Employer made no additional Employer contributions in 2015.

Participant Accounts:

The Plan maintains an individual account for each participant. Each participant's account is credited with the participant's contribution and all Employer contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are at all times vested in their elective and voluntary contributions and earnings thereon. Participants become vested in matching contributions 25% each year after one year of service until fully vested after four years. Participants become vested in additional Employer contributions 20% each year starting with the second year of service until fully vested after six years.

DORN COLOR, INC. 401(k) SAVINGS AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Description of Plan (Continued)

Notes Receivable From Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest was 4.25% during 2015. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits:

On termination of service due to death, disability, retirement or resignation, a participant may elect to either receive a lump-sum amount equal to the value of his or her account, or annual installments over a specified term. In the case of a severe financial hardship, the plan administrator, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions. Additionally, the Plan has provisions for active participants to make withdrawals from their account, subject to limitations and restrictions.

Forfeited Accounts:

Forfeited balances of terminated participants' nonvested accounts are used to reduce Employer and/or matching contributions.

Administrative Expenses:

All administrative expenses of the Plan are paid by the Plan or the Employer at the Employer's discretion.

Note 3. Unaudited Information

The plan administrator has elected the methods of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of the investments held by MG Trust Company, LLC as reflected on the statements of net assets available for benefits at December 31, 2015 and 2014, the supplemental schedule at December 31, 2015, the related investment activity reflected in the statement of changes in net assets available for benefits for the year then ended and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value at December 31, 2015:

- Registered investment companies, exchange traded funds ("ETFs") and real estate investment trusts ("REITs"): Valued at the closing market prices in active markets for identical investments and are classified as Level 1.
- Money market funds: Consist of a short-term investment fund that maintains daily liquidity and has a constant value of \$1.00 and are classified as Level 1.
- Common stocks: Valued at the closing price reported in the active market in which the individual securities are traded and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015

Note 5. Income Tax Status

The IRS has previously ruled in a determination letter that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Party-in-Interest Transactions

CPI Qualified Plan Consultants ("CPI") charges the Plan for investment advisory and recordkeeping services. CPI is an affiliate of CUNA Mutual Retirement Solutions, the plan administrator, and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to CPI were \$2,601 in 2015.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
